SIR GEORGE FOSTER

TO BE GIVEN HONORARY DEGREE AT QUEEN'S.

Dr. R. S. Thornton, President of the Canadian Medical Association, Will Also be Honored.

At a meeting of the senate of Queen's university, held Wednesday, it was decided to confer the degree of doctor of laws (LL.D.) on Sir George Foster and he was invited to address the fall convocation which will be held on Friday, October 16th, University Day. The degree of doctor of laws will also be conferred on Dr. R. S. Thornton, president of the

SIR GEORGE FOSTER

Canadian Medical Association. The following resolution, with reference to students volunteering for active service, was adopted: "Whereas a number of Queen's students have enlisted for military service in defence of the empire; Resolved, (1), that the senate of the university express to them its appreciation of their patriotism and self-sacrifice and commend their action to their fellow students; (2), that the senate will approve of any arrangements which may be made by the various faculties to facilitate the completion of the courses of the students who have enlisted. It was decided to have a formal opening for the students the first or second day of the session.

LYNDHURST FAIR.

An Ideal Day For This Annual Event.

For the past few years the element did their very best to put the annual fall fair at Lyndhurst out of business. But the Lyndhurst people are not easily discouraged and they kept right on, believing they would be rewarded some day. This year everything was in their favor as far as weather was concerned. Two fine days than Wednesday and Thursday could scarcely be imagined. The grounds had been put into good shape by the energetic president, E. J. Sufell, and his staff of directors. The secretary, W. J. Foley, had worked early and late to advertise the show, take in entries, etc. These two officials deserve credit in their efforts to build up the fair once more. Doubtless next year will see another big step forward. The crowd this week was not as large as it should have been, while the exhibits also might have been larger. However, there was quality, if not quantity. The exhibit of ladies' work in the main building was very large and nicely arranged. It was one of the best noticed and shows that the ladies of Lyndhurst and vicinity are to be envied for their neatness and industry.

There was a fine exhibit of cheese and home-made products. Great interest centered in the races, and seldom have so many horses been seen at a township fair. The 2.35 class was well filled as follows: Frank M., E. McEvoy, Brookville, Gamey K., J. Polk, Portland, Lou Forester, J. Davis, Smith's Falls, Star Pointer, J. Malville, Westport. They finished in the above order. In the green race there were six entries: Little Paddy, J. Burnash, Kingston, Little Belgium, Lou Douggill, Lyndhurst, Fairy Pointer, J. Balf, Smith's Falls, Darkey Hall, J. McCue, Kingston, Maggie M., W. Metonic, Kingston, Topsy Pointer, J. Bates, Athens. These horses, after the interesting heats, finished in the following order: Little Belgium, Fairy Pointer, Topsy Pointer, Little Paddy, Darcy Hall, Maggie M. A combination race—walk, trot, un hitch, and run—provoked considerable amusement. The contestants were A. Sly, Enterprise, and A. Slack, of Long Point, the former winning by a narrow margin. There were foot races for the boys and girls, trap work, tumbling, etc. Dr. G. W. Ball, V.S., Kingston, was judge of the various classes of horses and also acted as starter in the races, giving general satisfaction.

To Repair Old Schooner. The Davis Drydock company will, in a day's time, have the honor of repairing one of the oldest schooners that is to be found in Canada. This old sailing craft is the schooner Sligo, that came across the Atlantic ocean under its own sail some fifty years ago. At that time it was called the Prince of Wales. To have crossed this turbulent ocean in such a small craft must have required considerable nerve on the part of the crew. The length of the boat is only about 140 feet. As soon as the yacht Nakomis, owned by W. H. Nicholls, of New York, which is now having its boilers re-installed, leaves the dock, the schooner will be towed in. A general overhaul will be given it. The schooner is owned by the Point Anne Quarry company, of Toronto.

CITY AND VICINITY.

Wolfe Island Fair. To be held on Sept. 22nd and 23rd. Trials of speed, ball games both days.

To Cross the Seas. Miss Hinchey and Miss Wiloughby, professional nurses, have been ordered to report at Quebec on Sept. 23rd for the purpose of sailing with the Canadian contingent.

Killed in the West. A telegram was received in the city, on Thursday morning, that Mr. MacGregor, son of Charles MacGregor, of Cloyne, was killed on Wednesday night at or near Fort William. No other particulars were given.

Cheese Factory's Gift. At the meeting of the Frontenac Cheese Board, on Thursday afternoon, Richard Moore reported that Wolfe Island factory has subscribed \$40 for the patriotic fund. A canvass of the other factories is being made and they will report later.

Rev. B. Pierce Injured. Rev. B. Pierce met with an accident on Bagot street on Thursday morning. He was riding along on his bicycle and a butcher's wagon being driven along at a fast rate, ran into him. He was knocked off the wheel and the wagon ran over it. Mr. Pierce was slightly bruised but was able to walk home.

Prof. Malcolm To Soon Return. Prof. Lindsay Malcolm, honorary coach of Queen's senior rugby team, is expected home in the course of a few days, and will immediately get the rugby players out to practice. The chances are that Queen's will not play the first game until Oct. 17th, owing to R.M.C. dropping out of the series.

Seeking His Release. Endeavors are being made to secure the release of an ex-soldier, now serving time in central prison. He has been in the militia for eleven years, being in "B" battery of the R.C.H.A., when he was sent up a year ago, for two years less a day's sentence. He is very anxious to go to the front, and having been a model prisoner since his confinement his release is expected.

Rockwood's Contributions. Recently the department of the provincial secretary requested that the institutions contribute to the National patriotic fund, the contributions, of course, to be entirely voluntary. Upon receipt of the letter, the superintendent of Rockwood hospital called a mass meeting of all employees and placed before them the obligation resting upon each individual to do his duty in this hour of our country's trial. The contribution lists were passed around and these were returned on Wednesday. The sum of \$477.65 was contributed. The amount has been forwarded to the department of the provincial secretary.

Inspector J. Russell Stuart leaves on Thursday night for Toronto where he will join other inspectors on a tour of the schools through the United States. He will be away about two weeks.

Sergt. H. E. Law, P.A.M.C., left on Thursday morning for Valcartier where he will join the first contingent. Mrs. Law is confined to her home with an attack of appendicitis.

KINGSTON MAN INJURED

In Getting Off a Train at Findlay Station. On Wednesday morning, Maxwell S. Macfarlane, 388 Earl street, was injured while getting off a train at Findlay station. The train, instead of stopping, only slowed down, and in getting off Mr. Macfarlane was thrown on his face on the road. He lay for some time unconscious. A passing farmer conveyed him to farm-house. He was brought around after some difficulty and was later driven to the city where he is resting quietly at his residence. Dr. J. W. Campbell is attending him.

An Accident at Sydenham

Another serious accident occurred at Sydenham on Wednesday afternoon as the result of H. M. Woodruff shooting of a gun after returning from hunting ducks. A team of horses driven by Kenneth Jacquith becoming frightened by the report, made a sudden bolt to run away and the driver, who was sitting on one of the barrels contained in the load, rolled off, bringing with him Mr. Jacquith, who is a man of about sixty years of age. Mr. Jacquith was dragged some distance and sustained a broken collar bone and a badly dislocated shoulder.
