## Fire! Fire! Build With Brick!

The recent fire at the Davis Tannery should bring home to the people of Kingston the danger to life and property from building with anything but All over the world the fact is being demonstrated that brick is the best from Valcartier, where he was visitfreproof building material, and as we are making as good an article as any on the market to-day, we want to help build up Kingston with our up-to-date regiment. If you do not believe we have good brick, go and look at that house at the corner of Brock and Division Sts.; also at Quebec and Cherry Sts. We certainly are proud of these houses, and we can supply plenty more Our tile is going fast, but we are making more. So come along and order what you want.

Mobilization Depot to Permanent be Established Over

Ottawa, Sept. 23.-Information available in official circles that a permanent mobilization depot for troops is to be established in England and that the training of the Canadian forces is to be carried out there. This accounts for the announcement from Valeartier that all the officers and men who are now on duty there will be taken rather than the overplus of a thousand officers and about five thousand men being left behind. In Great Britain training will be proceeded with and officers who are not at present up to the standard of qualification whi be properly trained there for the conditions of active ser-

vice. This is regarded as the best possible solution of the situation and PHONE 68. a course much preferable to that of keeping the reserve in Canada or sending them back home. After the training and organization
