## KINGSTON MERCHANT

### IS LOYAL

And will give, during this testing time of our people, as they have always in the past given--fair and generous treatment to buyers.

This it not a time for trading upon the patriotism of the merchants or the people. It is a time of co-operation, a time when we must recognize each other as a brother and render him whatever service and help we can.

THE WHIG HEARTILY ENDORSES ANY ANNOUNCEMENT BY BUSINESS MEN THAT THEY WILL KEEP DOWN PRICES. It is a patriotic and a highly commendable stand. But, the imputation that those merchants who have made no such announcement are raising prices, and thus taking an unfair and disloyal advantage, is an unjust and unwarrantable one.

EVERY MERCHANT AND DEALER IN KINGSTON IS LOYAL AND FAIR Who would dare suggest the contrary? That an injustice has been done some of them is all too apparent. Therefore, the Whig wishes to place before its readers, FREE OF ANY ADVERTISING CHARGE, a list of the merchants whose loyalty, fair dealing and business integrity is above question.
