### TO HELP THE BELGIANS

#### AN APPEAL HAS BEEN MADE TO BOARD OF TRADE.

Matter Will be Taken Up at Meeting on Tuesday Next—Montreal Board of Trade Has Made the Request.

The Kingston Board of Trade has been asked by the Montreal Board of Trade to take up the matter of assistance for the victims of the war in Belgium. The matter will come before the board at the first fall meeting, to be held on Tuesday evening next.

In the meantime, any citizens who care to give to the fund can do so by leaving their subscription with the secretary of the Board of Trade.

The Montreal board has issued a circular in which an appeal is made for a relief fund for the Belgians. In this circular reference is made to the magnificent stand made by the Belgians against the German army, and sympathy is extended to them in their loss and suffering.

In view of the splendid response to the recent appeals made on behalf of the Canadian Patriotic fund the council does not ask for large subscriptions in aid of the Belgian sufferers.

Urgent relief of the inhabitants of large sections of Belgium whose homes, crops and other means of living have been destroyed, is greatly needed in order that many of them may not die of hunger or exposure. Their misery cannot but increase during the coming winter, unless assistance comes to them from everywhere.

The appeal is made for contributions in kind or money. The most suitable contributions in kind will be clothing of every description, new or old, for men, women and children, blankets, wool or cotton, shoes, flour, oatmeal, sugar, dried fruits, dried vegetables, salted fish, salt cod, pork, and beans and other canned staples. Shiploads of these will be necessary. Contributions in money will be employed for purchasing goods in Canada and for freight to Belgium.

H. Prud'homme, 59 St. Peter, street, Montreal, has authorized to receive contributions.

Prof. J. N. Lanos sent a box of clothing to Halifax for Belgium. Several citizens contributed to its contents.

**WILL LEAVE FOR ENGLAND.**

Sergt-Major Bray Gets Position — Sergt-Inst. Jordan Out Again.

Sergt-Major H. F. Bray, who has his leg broken and his ankle torn under him in an accident at Petawa, has been so insistent to go to England in spite of his disabled condition, that the department has granted him a position, and he leaves on Friday night. He is still under the doctor's care, and it is thought that by the time he reaches England he will be sufficiently recovered to act.

Sergt-Major Inst. S. Jordan who has been confined to his home with back injury, was on Thursday afternoon able to walk down street for a short time. He is very anxious to go to the front, and said that if he was not given a position, he would go anyway, paying his own way, if necessary.

**THE ADDRESSES DELIVERED**

At Friday Morning's Session of County Teachers' Convention.

At the county of Frontenac teachers' convention on Friday morning, S. J. Keyes, of the Peterboro model school staff, spoke on "The Power of Suggestion." He spoke of the time-tables of the school and how they should be revised and changed often. He suggested that newspapers and periodicals be given to the pupils on the completion of their regular work.

Dr. W. Spankie gave a short talk on "The Value of Proper Medical Supervision." If the pupils were not properly inspected, and taken care of, they would naturally be deficient in their studies.

Miss McKnight and Miss Herley gave their reports from the recent conference in Toronto. Miss Harold gave her report from the O.E.A. conference in Guelph. C. C. Main, Sydenham, gave an address in the afternoon on agricultural subjects.

**Germans Electrocuted.**

London, Oct. 2.—At Liege King Albert is constantly seen in the danger zone. It is stated, though I cannot obtain confirmation, that yesterday he ascended in a balloon to survey the operations. The balloon was fired on by the enemy, but the shells fell short by a thousand yards. In attacking the gap between Liezele and Bredonck, the Germans made their first acquaintance with a surprise work, numbers of them being electrocuted on touching the barbed wire entanglement.

**Ottawa Gives \$371,215 To The Fund**

Ottawa, Oct. 2.—Ottawa's three days' patriotic fund campaign was brought to a close last night. It was announced that the sum of \$371,215 had been secured. The amount aimed at was \$350,000.

J. Morgan Shaw, of Toronto, an ex-mayor of Kingston now residing in Toronto, is in the city on business. Alligator peers at Carnovsky's.

**Horrors Surpass Imagination.**

The Red Cross is simply swamped. There are nowhere near enough surgeons. The wounded for the most part are forced to travel alone because of the great need for surgeons to remain at the front rendering first aid. Many of the wounded passing through here are Germans.

So fierce has been the fighting that the Germans have been unable to gather their wounded or to bury their dead and the territory gained by the allies is littered with dead and wounded foes. Hundreds of both sides, who might have been saved, had doctors been able to reach them, have died unattended, suffering untold agony from wounds, hunger and thirst. Everyone who has returned from the actual battleground unites in declaring that the horrors surpass belief.

### BIG DEMAND FOR FELDSPAR.

#### To Be Reduced Into Potash—Kingston Exports Increase.

The feldspar of Frontenac county will be in a big demand now, and a higher price will be received for this product owing to the competition of mills in several parts of the United States for its reduction into potash.

Germany had, until the beginning of the war, practically a monopoly of the potash market, and with the war, its importation into America was necessarily stopped. The American Chamber of Commerce, with the help of experts, immediately looked around to see if it was not possible to manufacture it in the states. It was found that the Canadian feldspar was rich in potash when reduced, and mills were erected in Chicago, Philadelphia and other places for the process. Since these mills have been erected, the exportation of feldspar from Kingston has increased by leaps and bounds.

**BRITAIN TO LAY MINES.**

London, October 2.—The official information bureau announced today that the British government had decided to lay mines in certain areas as a counter stroke to German procedure.

**WARNS THE PEOPLE**

### WAR IN ORIENT

#### Republican Leader Mann Sees Danger in Philippine Independence.

Washington, Oct. 2.—Warning that Philippine independence meant surrender of American strategic command of the Pacific, "the fighting ground of the future," and that a conflict between the United States and the Orient, "commercial or otherwise," was inevitable, was given the house yesterday by Republican Leader Mann in a vigorous speech opposing the pending administration Philippine bill.

Representative Mann declared that if the Philippines became independent they would, in time, either be acquired by Japan or some other nation, ultimately to be used against the United States.

**ONTARIO'S NEW PREMIER.**

He Is Fifty Years Old — One of Young Members.

Hon. William Howard Hearst, minister of lands, forests and mines and M.P.P. for Sault Ste. Marie, is fifty years old. He was born on February 15th, 1864, in the township of Arran, Bruce county, Ont., being the son of William Hearst and Margaret McFadden Hearst.

He was educated at Collingwood collegiate institute and graduated with honors from the law school at Osgoode Hall. He was called to the bar in 1888, and began the practice of law at Sault Ste. Marie, where he appeared as counsel in most of the important civil and criminal cases tried in the district of Algoma. On the formation of the Whitney government in 1905, he was appointed government agent and counsel in connection with the provincial loan to the Lake Ontario corporation, resigned in 1908 to enter the provincial campaign of that year. In 1894 he had unsuccessfully contested the riding of East Algoma, being defeated by C. F. Farwell, the liberal candidate. In 1908 he was more fortunate, defeating the sitting liberal member, Charles M. Smith, and in the general election of 1911 he was re-elected by acclamation. On Oct. 11th, 1911, he succeeded Hon. Frank Cochrane in the portfolio which he still holds. In point of age Hon. Mr. Hearst is the youngest member of the cabinet except Hon. J. B. Lucas, who is forty-seven years old, and who became provincial treasurer last year on the death of Hon. A. J. Mathewson. In length of service in the cabinet Mr. Hearst is also junior only to Mr. Lucas, who was made a minister without portfolio in 1909. Mr. Hearst is married and has two sons and two daughters. He is a Methodist and a Mason.

**War Tidings.**

The Italian government will buy aeroplanes in the United States. It is officially announced that the terms on the Drina ghatz front have repulsed the Austrians toward Parachitsa with enormous losses.

Captain the Hon. William Amherst Cecil, of the Grenadier Guard, on and heir of Baroness Amherst Hackney, has been killed in action.

**Queen's Students**

Will find the biggest stock of hats a Kingston at "The Hat Store," George Mills & Co., 126-128 Princess street.

Roland McLean, of Simcoe, is the latest addition to the big roll at the penitentiary. He was brought here today to serve two years for forgery.

Sault Ste. Marie took over the franchise of the Tagama Water & Light Co. to operate it on Hydro-Electric lines.

### SZYMONDSKI IS BACK

#### ESCAPED PRISONER AGAIN IN THE PENITENTIARY.

Arrived on Friday Afternoon — He Escaped From the Penitentiary Farm on 20th of August.

Victor Szymondski the escaped prisoner arrived at 1.40 on Friday afternoon in charge of Guard MacPherson and the sheriff and a constable from Sudbury. Three prisoners were in charge of the officers and as soon as the train arrived they were immediately transferred in a taxi to the big institution.

Szymondski was dressed in a civilian's suit, which it is understood was stolen from the section-foreman near Franktown. He escaped from the penitentiary farm on August 20th, after being at liberty for five weeks and was captured on Wednesday last by Chief of Police Brown, of Copper Cliff. He put up a hard fight before his capture and had the help of several foreigners.

He has travelled, it is thought, since he escaped, over four hundred miles as he went from here to Smith's Falls, to Ottawa and up the Ottawa river to Sudbury. Having to keep under cover at all times, his travels could not have been very pleasant, having been without food a great deal of the time. He discarded his rifle near Smith's Falls, and his boots at Franktown. These later were found and when sent to the big institution they were identified.

And it is thought that he is the murderer of Moran, the Smith's Falls guard, he will likely be tried in the near future on this charge. He is accused of attempted murder of the two guards, Tatton and Dowley, and of theft in a number of places as well as breaking jail.

He was very quiet when brought down, and spoke only a few words to his guards. He is of a quiet and determined character but his exposure in the woods has somewhat weakened him.

An investigation was held by Inspector W. S. Hughes about his escape and on Thursday the evidence was sent to Ottawa.

On Wednesday as soon as the capture had been wired to the penitentiary, Guard MacPherson was sent to Sudbury to identify the prisoner.

**TROOPS FROM INDIA**

### NOW ON FRENCH SOIL

The Contingent Disembark Probably at Marseilles — Landing Point Not Revealed.

London, Oct. 2.—The war information bureau made it known yesterday that Indian troops were landed in France last Friday. The point of landing was not revealed, but it is presumed that the troops disembarked at Marseilles.

The throwing by England of thousands of her Indian fighters into France to combat Germany and the importation of French African troops into the field have given amazing aspect to the international war. Germany now is opposing English, French, Belgians, Russians, Hindus and Africans.

The remarkable short time after the beginning of war in which the British Indian troops were seen crossing Canada from the Pacific to the Atlantic astonished the Germans. It indicated that the Asiatic soldiers were on their way about the same instant that war was formally declared by Great Britain.

England, if necessary, can pour into France from India 238,000 trained men of which 75,000 are trained British troops, including some of the crack regiments of the royal army, the remainder being native Indian soldiers, fit comrades on the firing line of France's Turcos and Spahis.

**Ontario's New Cabinet.**

Toronto, Oct. 2.—The new Ontario cabinet will be:

First minister and president of executive council, and minister of lands, forests and mines, Hon. W. H. Hearst.

Minister of education, Hon. R. A. Pyle.

Provincial secretary, Hon. W. J. Hanna.

Minister of agriculture, Hon. J. S. Duff.

Provincial treasurer, Hon. I. B. Lucas.

Minister of public works, F. G. MacDiarmid.

Minister without portfolio, Hon. R. F. Preston.

"25c. Carbolic Ointment, 15c." Gibbons's.
