

THE BOARD OF TRADE

TO URGE CITY COUNCIL TO PROVIDE EMPLOYMENT.

For Those Out of Work in Kingston By Constructing a New Public Wharf - Deputation to Wait on Council.

That it is very important that the men who are out of work in the city at the present time and who will be out of work in the cold and hard winter, be provided for by being given work on a new public wharf, or on new roads, was the basis of a motion passed unanimously by the Board of Trade at its meeting on Tuesday night. The resolution will be sent to the City Council.

Those present at the meeting were: R. Meek (chairman), J. M. Campbell, H. C. Nickle, Capt. J. C. Donnelly, F. S. Rees, H. Calvin, J. S. R. McCann, R. D. Sutherland, L. C. Lockett, F. R. Anglin, R. Easton Burns, Dr. J. F. Sparks, W. J. Gibson, W. T. Minner, F. Conway, J. G. Elliott, R. Crawford, W. F. Nickle, M.P., and C. Bermingham.

A communication was received from H. Macpherson about the establishing of a silk manufacturing industry in the city. This would require twenty-five girls and seven men at the beginning. It was referred to the industrial committee.

A letter from the secretary of the Toronto Board of Trade asked the board for its opinion on the making of May 24th and June 3rd legal holidays. This was referred to the retail merchants' committee.

A resolution passed by the Manchester, Eng., Board of Trade thanked the overseas dominions for their ready answer to the crisis by supplying men, flour and other necessities to England.

The chairman explained the success of the potato competition in the county and read correspondence from C. C. Main, Sydneyham, on this subject. J. G. Elliott, chairman of the agricultural committee, gave a verbal report on the cheese meeting in the rooms of the cheese buyers and dealers of the district.

As a result of these meetings the buyers and sellers on the local cheese board have been working more harmoniously and the farmers have been able to secure a better price for their product.

C. Bermingham gave his opinion of the local unemployment situation. He explained his position with regard to the patriotic fund campaign, and stated that it would be necessary in a short time to raise another fund for the relief of those out of work. There are men in the city who are out of work and willing to do anything, but have to go unemployed as there is absolutely no work to get. It is vitally necessary that some scheme be started immediately for their relief and he suggested that a new public wharf be constructed in front of the C.P.R. station.

W. F. Nickle said that the mayor and himself had had an interview with the minister of militia about the granting of this land to the city. He thought that it was an immediate necessity to provide for those out of work in some way. He was willing at any time to go to Ottawa and press the militia department to give this land, and then the construction of the wharf could be started immediately afterward.

Capt. R. Crawford suggested that more men be used in the city stone quarries.

John Donnelly said that there was not enough water in front of the city buildings to construct a large wharf without going out at least a hundred feet from the tower. He said that he thought that the work on the bridge was not progressing as rapidly as it should. Mr. Bermingham said that he understood M. J. O'Brien, of Watford, had taken the contract over from Fallon Bros.

The chairman suggested that a list be made of the unemployed in the city. There was a long discussion on the resolution to be sent to the council when it meets on Wednesday evening. It was finally decided that the fol-

lowing be a committee to wait on the council to press for action, on the resolution to be submitted, and also to co-operate with any other committee that might be appointed by the council to help relieve the distress caused to the unemployed at the present time: J. M. Campbell, J. Donnelly, R. Crawford, F. Anglin, W. F. Nickle, J. G. Elliott, R. Meek, W. R. Givens, D. G. Laidlaw, H. W. Richardson, N. C. Polson, Jr., and R. Uglov.

BASEBALL AND SOCCER.

St. Paul's Win Sunday School Baseball Championship.

At the cricket field on Tuesday afternoon, the boys from St. Paul's church earned the title of junior champions of the Sunday School A.A.A. baseball series, by defeating Cooke's by a score of 4 to 2.

The winners had the better of the argument, as their batting was excellent. In the first innings, St. Paul's scored two runs, which put the game "on ice" for them. During the fourth inning they "got next" to the ball for two more, making the score four to one. Cooke's got Stewart across the plate for the second time during the fifth inning. The teams lined up as follows:

St. Paul's - G. Savage, s.; B. Savage, 3b.; A. Fowler, 2b.; W. Gimlett, r.f.; D. Cherry, p.; W. Elmer, c.; F. Linton, lb.; Clark, i.f. Cooke's - G. Stewart, s.; W. Shaw, 3b.; A. Kennedy, i.f.; M. Smith, p.; W. Simmons, c.; W. Pais, lb.; G. Summerville, 2b.; D. Douglas, c.f.; J. McLaughlin, r.f.

Score by innings: St. Paul's 2003003-4 Cooke's 0010100-2 Empire-William Joyner.

Local Soccer Losses

Both the C. L. C. and Shipyard Soccer aggregations are suffering the loss of some of their veteran players this season. The former have lost the Dunn brothers, who are attached to the British naval reserve, have gone to the front. This team is also minus their careful goal tender, Captain George Harrison of the victorious Shipyard team has also gone abroad to fight the Germans, and if he makes as good success of this as he accomplished on the football field the war will be short and decisive.

A practice match is going to be played with Queen's soccer team on the lower campus on Thursday afternoon to place Queen's in a fair shape to meet Varsity line-up in Toronto on Oct. 17th.

Notes On Sports.

"Red" Harper has been elected captain of the Hamilton Rowing Club O.R.F.U. team.

The University of Toronto soccer team, which won the Intercollegiate championship last season, is getting into condition for the 1914 championship. Sic 'em, Queen's!

Basil Frith, the former University of Toronto hockey and football player, is out with the Ottawa Big Fives and endeavoring to make a place in the backfield. Masson, the former McGill star, is also out with the Interprovincials.

In Hamilton they hear a rumor that Argonauts will protest Leckie and Thompson on Saturday, claiming that these two players do not qualify under the residence rule.

Saturday's rugby results indicated conclusively that the Hamilton clubs in the Big Four and Ontario Union respectively will require some beating this season.

Industrial Night Classes. The Board of Education has decided to open industrial night classes on the 15th inst. The subjects will be for males, shop arithmetic, mechanical drawing, electricity and English; for females, dressmaking, millinery and domestic science. Those who would like to attend these classes are requested to register their names at the board rooms without delay, so that necessary arrangements may be made as soon as possible.

A woman who has not a charitable heart, lacks a pure mind.

Had Nervous Dyspepsia

With Frequent Sick Headaches and Much Pain After Eating - Dr. Chase's Nerve Food Cured.

This letter is from a lady who gained 14 pounds by using the great food cure. It did wonders for her in improving her general health. She is enthusiastic in its praise, and refers to her neighbors as witnesses of the splendid results obtained.

Mrs. Susan Dobson, Spring Hill Mines, N.S., writes: "It is with pleasure that I write to you in praise of Dr. Chase's Nerve Food. I was troubled with dyspepsia, and could not eat without suffering much pain; also had sick headaches frequently, and my nerves were in bad condition. About ten years ago I took a thorough treatment of Dr. Chase's Nerve Food, using altogether 21 boxes, and since then can eat anything, have been freed from headaches, and my health has been greatly improved in every way. I gained 14 pounds in weight, and feel sure I owe everything to Dr. Chase's Nerve Food. You may use this letter and my neighbors can tell you of my condition before using this treatment."

MY MOTHER.

In Memory of Mrs. Johnson, Brewer's Mills.

Mother is gone, my loved Mother is gone.

To the realms of glory above.

To join with the angels in song.

And share in a fond father's love.

T was the Angel of Death, and she came.

A wife and a mother away.

Not heeding our tears and our pleadings.

That with us our loved one might stay.

No mother could ever be kinder.

It shines like a heavenly dream.

Alone over the farm and the dwelling.

Kind tokens of love may be seen.

And can we forget thee, dear mother?

Ah, No! But where ever we roam.

We will cherish the memory so sacred.

And think of the pleasures at home.

Mother is gone! My loved Mother is gone.

Oh! dear was my mother to me.

Fond memories bring back when alone.

That image to cherished to me.

We trust when our mission is ended.

Our life work all finished below.

We will meet our dear mother in heaven.

Where joy like a river doth flow.

There the sweet angels are singing.

Forever with God to remain.

And our dear mother is waiting.

And there we'll see her again.

Didn't Get His Job Back.

There is at least one employer in the city who has gone back on his promise to keep positions open for any of his employees if they went to the war. This merchant had on his staff a man who volunteered for overseas service. He said he would have their positions open for them when they returned. One of them sailed, but the other was sent back as medically unfit and expected to be able to get at his old work as soon as he returned, but he met with a surprise. When he walked into the office he met his old employer who expressed surprise at seeing him and remarked that his position was filled by another.

A. N. Sharp, of New York city, came to Kingston on Tuesday evening to spend a few days.

AFTERMATH OF A FIRE

SUIT ENTERED AT THE HIGH COURT SETTINGS.

James Richardson & Sons, Ltd., Claim \$23,068.40 For Loss of Grain Destroyed in Fire in C.P.R. Elevator at Owen Sound.

In a fire which occurred on the night of December 11th, 1911, and destroyed the C. P. R. elevator at Owen Sound, a cargo of oats belonging to James Richardson & Sons, Limited, of Kingston, was destroyed. The cargo was shipped from Port Arthur on December 4th, arrived in Owen Sound on December 6th, and was discharged into the elevator on December 9th.

As a result of this fire, James Richardson & Sons, Limited, entered suit in the high court settings which opened on Tuesday afternoon before Justice B. M. Britton for damages amounting to \$23,068.40. The evidence in the case was heard and one witness for the defence, when an adjournment was made until Wednesday morning.

The claim of the plaintiffs is that the company neglected to notify the cargo in Owen Sound, which they thought they should have done, and therefore, they were unable to insure and protect themselves in the event of fire. The plaintiffs further claim that the first intimation they had of the arrival of the grain at Owen Sound, was in the report they received of the elevator containing their consignment of oats, being destroyed by fire. The loss, as a result, was placed at the amount entered in the suit.

Cunningham and Mudie and J. L. Whiting, K.C., appeared for the plaintiffs and Hellmuth and Spence, of Black, Lash and Cassels, Toronto, appeared on behalf of the Dale Insurance company.

The defence claim that they cannot be held responsible for giving the plaintiffs the notice for the arrival of the cargo and its discharge. To Mr. Hellmuth, H. W. Richardson stated that the value of the grain belonging to him destroyed by insurance to the extent of \$40,833.12, his loss amounting to \$187,265.33. Asked if he had considered making a claim against the insurance company witness stated that he had considered everything relating to the loss.

Pressed as to whether a writ had been prepared against the insurance company, he stated that he had heard that a writ had been prepared, but that it had not been prepared at his request. He had never considered the insurance company liable.

A. R. Cunningham, counsel for Mr. Richardson, gave evidence concerning the writ. He said that when the question of the insurance company had been first raised, he had considered making the insurance company a party in the case in order to bring it before the court for settlement. The writ had been prepared by him without the consent of Mr. Richardson. The latter refused to allow the writ to go through.

Walter Seaman, who was employed as a grain clerk by the C.P.R., at the company's elevator at the time of the fire, gave evidence. He understood that it was his duty to notify Mr. Richardson about the discharge of the cargo, but did not do so. His excuse for not doing so was that he was home ill on the day the fire occurred. He was asked to resign his position after the fire and he believed that his dismissal was due to his neglect in not notifying Mr. Richardson.

Charles D. Cory, an adjuster for a number of underwriters, gave evidence concerning the insurance. The case was proceeded with when the court opened in Wednesday morning. William Charlton, Montreal, insurance agent, and fire loss adjuster, gave evidence concerning the insurance policies and this concluded the evidence in the case. His lordship reserved judgment.

His lordship reserved his judgment in a notice of motion for the determination of questions and matters arising under the will of Rev. William Short, Kingston, deceased. Johann Short, plaintiff, and Thomas J. Lyle defendant. The will contains many peculiarities and is so framed as to raise many an argument. The different arguments were presented by counsel, but no evidence was taken. W. F. Nickle, K.C., appeared for the executor, B. M. McDonnell for various legatees, and J. M. Farrell for the plaintiff.

Although there were no criminal cases on the docket a grand jury was summoned, sworn in, and informed by his lordship that they could inspect charitable institutions in the city receiving government aid.

The jury is composed of Henry Halliday (foreman), John A. Coulter, W. C. Crozier, Charles Derbyshire, Thos. Doyle, Byron Gordon, James Gilchrist, Charles B. S. Harvey, George Irwin, C. B. Litton, John Mooney, Joseph McEvoy and William Tomat.

AT THE GRAND.

Annette Kellermann Is To Star in "Movies."

"Neptune's Daughter," a photo-play in which Annette Kellermann, the aquatic expert, takes the leading part, will be shortly seen here for the first time. Miss Kellermann took the company to Bermuda to make the pictures, and three months were necessary to finish the play. It will be shown for three days, commencing Thursday, October 8th, matinee daily and evenings.

Peg O' My Heart.

"Peg O' My Heart," J. Hartley Manners' comedy of youth, with charming Marion Dentler in the leading role of the Irish lassie, will be seen at the Grand Opera House on Monday, October 12th, matinee and night. This will doubtless be one of the events of the present theatrical season, as "Peg O' My Heart" recently concluded its second year of continuous popularity at the Court Theatre, New York, where it has won plaudits from press and public alike.

COMFORT Footwear for Women. We try to carry in stock at all times the largest variety of anything that's good in comfortable footwear for women. We have cushion soles, also flexible welts, which are the easiest shoes made. Ask to see the "Restshu" at \$4.50. Bell's Cushion Sole Welts, at \$4.50. Dr. Reid's Cushion Sole, at \$5.00. And several other good makes, ranging at \$3.50, \$3.75 and \$4.00. "If your feet tire try a pair of our cushion soles". Shoe Repairing Abernethy's Shoe Repairing.

Campbell's New Hats. If there's attraction in assortments and exclusive novelties, any man will have delight in selecting from our collection of new styles. We are sole agents for Christy's and Buckley's famous English hats. Latest novelties in soft hats and derbies. \$2, \$2.50. CAMPBELL BROS. Kingston's Largest Hat Dealers.

THE BRITISH WHIG KINGSTON, ONT. CHURCH PRINTING. CLOSEST PRICES. BEST WORK. POTATOES AND APPLES. Frost Affects Farmers - Apples a Bumper Crop. The cold nights for the past week has frozen potatoes and plants all through the county but this will not effect the crop. The plant does not grow any more after being frozen, but the potatoes can be picked as usual if given a few days to dry out. The immediate result of the frost is to make the plant slippery but this disappears after a few days. The apple crop has not been effected so much this year by the tent caterpillar. This insect destroys apples all through the country every year, but the apple crop this year is of the "bumper" variety. Eleven seventy five. Eleven seventy five.

A Specialty. Cement, Plaster and Everything in Builders' Supplies at "Corbett's". Oil Cloths and Linoleums and Carpet Squares. We have a large stock of Refrigerators and Gas Stoves; also all kinds of new and second-hand furniture; all to be sold at reasonable prices. Come, see the bargains. H. SUGARMAN, 242 Ontario Street, Phone 1530 Opposite Craig's Wholesale Services.

Youthful, Beautiful Skin Easy to Have. You may be as healthy as a bird in the air and still have a poor complexion. Changing seasons and temperatures, winds, dust and dirt, are apt to injure any skin, even though the general health be good. When these external influences spoil the complexion, the natural thing is to remove the spots by external means. Ordinary mercurial wax will do this. It will actually absorb the impurities, but in a week or two you'll have a brand new complexion, a new skin. The quantity of beautiful and youthful complexion thus acquired comes so easily, without harm or discomfort, there's no reason why any woman should not adopt this simple treatment. Get an ounce of mercerized wax at any drug store, apply nightly like cold cream, washing it off morning. This will not fall in any case. To quickly remove wrinkles, signs of care and age, bathe the face occasionally in a solution of powdered mercuric iodine dissolved in 70% alcohol. The results will surprise you.

The Armies of England, France, Germany and Russia are not permitted to use a pound of alum baking powder. The efficiency of the soldiers depends too much upon their health and endurance to risk the use of food which the authorities believe would be detrimental. Therefore the manufacture and sale of the alum powder is prohibited. Royal Baking Powder is extensively used privately and by the military forces throughout the world. Its absolute wholesomeness, imparting as it does, healthful as well as appetizing qualities to the food, and its perfect keeping qualities in every climate and under different conditions, make it particularly desirable for all conditions of use. ROYAL BAKING POWDER Absolutely Pure No Alum.
