Fire Insurance

Now that the fall season is once again with us, necessitating the starting of stoves and furnaces, the danger from fire risk consequently increases, so that it is essential that all property should be adequately covered.

It is in need of any additions insurance or contemplating a change, I would appreciate the opportunity of figuring on your requirements. I represent several strong local and non-local companies.

GEORGE BAWDEN 168 PRINCESS ST. TORONTO.

Who "Pays the Piper?" Stop the Fire Waste!

It makes your roof higher, increases your taxes, and by raising the rest of your grocer and butcher, puts up the price of food. "You pay the insurance."

When you build set a good example for your neighbor. Every brick building erected helps to reduce the insurance rate. Every frame building helps increase it.

Work for extended fire limits. Build with brick and buy your brick at home.
