KINGSTON ONTARIO, WEDNESDAY, NOVEMBER 4, 1914

LAST EDITION

RUSSIANS ATTACK THE TURKS

PUSHING GERMANS ON TOWARDS METZ

And a General Withdrawal of the Enemy in That Section is Anticipated by the French War Office.

Germany Continue Attacks Between Lys and Arras--Fight Desperate But at no Point Does it Seem to Approach Decisive Stage--No Change Around Dixmude.

Paris, Nov. 4.—Germans continue attacks in force in the territory between Lys and Arras, with alternate advances and retirements by both sides. The fighting is admittedly desperate in this section, according to the official communique issued at Bordeaux, but at no point does it seem to be approaching a decisive stage.

Along the territory between Dixmude and the Lys the situation is unchanged.

Heavy cannonading is taking place in the region of Rheims, where the Germans again are active.

All reports received from the right wing indicate that the Germans are being pushed further towards Metz and a general withdrawal of Germans in this section is anticipated.

Allies Heavily Reinforced.

Paris, Nov. 4.—Important gains in the extreme north and alternate gains and recessions between Ypres and the Aisne were reported to day. The Germans are continuing their efforts to renew the offensive, but it is still claimed at military headquarters here, that at no strategic point have they been successful.

Very heavy reinforcements are being sent to the north and to Argonne and Woevre regions in anticipation of the arrival there of German troops sent from the east front.

The British forces are reported to have forced a wedge between the armies operating between Belgium and northern France, and to be once more threatening the German communications.

It was also declared that the Germans have abandoned much ammunition and many guns in the mud in the neighborhood of Dixmude, as well as many wounded and dead. The allies have captured Lombartzyde, and have also regained ground recently lost near Vailly.

Naval Fight Was Close To the Shore

London, Nov. 4.—Telegraphing from Yarmouth regarding the raid made by German squadron in the North Sea on Tuesday, the correspondent of the Times says: "The whole of the crew of submarine D5, which was sunk by a mine dropped by a German cruiser, were lost except two officers and two men."

"The fight was so close to shore that the shells dropped within a few hundred yards of a naval station on the south side of a narrow inlet. It is believed here that the German raiding squadron intended to bombard the coast."

British Mine Layers Sunk. London, Nov. 4.—Two British mine-laying ships were sunk by German submarines in the North Sea.

A large German fleet is reported in the Baltic, apparently prepared to fight a decisive engagement.

REPUBLICAN LANDSLIDE Does Not Worry the Democratic Leaders.

Washington, Nov. 4.—Although the republican landslide is considered privately by the administration authorities to-day as a "cataclysm" they professed the belief that the presidential results in 1916 will spell only "Woodrow Wilson."

The election of the new Anglican bishop of Ottawa will take place in Ottawa on November 17th.

"New hot water bottles," at Gibson's. A. C. Duncan-Clark, a well-known Toronto fire underwriter, died in his seventy-eight year.

"Beautiful bath sponges," Gibson's.

AUSTRIANS HOLDING SERBS ON THE DANUBE. Austrian sharpshooter checking the advancing Serbians on the Danube River.

VESUVIUS IN ERUPTION, PEOPLE FEAR DISASTER

Inhabitants Near Volcano Visit Shrines and Pray as Lava Pours.

Naples, Nov. 4. (via Rome).—Mount Vesuvius is again in eruption and the inhabitants in its vicinity have become greatly alarmed. On Sunday special prayers were made and processions of people went to favored shrines as a repetition of the disaster of 1906 is feared. The activity of the volcano first manifested itself by deep detonations and rumblings. This was followed by gigantic columns of smoke, and soon thereafter an abundant eruption of lava began.

The last serious eruption of Mount Vesuvius occurred in the spring of 1906. Several villages were destroyed and the property loss was estimated at \$20,000,000. About 500 persons were killed and 50,000 were rendered homeless. Many nations, especially the United States, sent aid to the sufferers.

There have been several eruptions since 1906, but all were of a minor character and no serious losses resulted.

Installed a Pulmotor

The Board of governors of the Kingston General Hospital have installed a pulmotor in the operating room. The necessity of a pulmotor in a hospital was emphasized at the meeting of the American Hospital association when Dr. Anker of St. Paul, said, "a pulmotor is a necessary as an operating room or a hospital."

COULD NOT COAX GERMANS

Into a Sea Fight—Preferred Throwing Mines.

London, Nov. 4.—The British submarine D-5 was sunk in the North Sea early yesterday morning by a German cruiser which was thrown out by a German cruiser retreating before British cruisers.

Two officers and two men of the submarine were saved. This information is contained in an admiralty report issued here last night.

The report says a German squadron fired on the British gunboat Halsey, which was patrolling, wounding one man.

"Various naval movements were made," the report continues, "as a result of which the Germans retreated rapidly, and, although shadowed by the light cruisers, they could not be brought into a sea action."

"The nearest German cruiser in her retirement threw out a number of mines and the submarine was sunk by one of these."

THE JAPANESE SINK AN AUSTRIAN CRUISER

Part of Tsing-Tau Burned—The Germans Still Refuse to Surrender.

Tokio, Nov. 4.—The Japanese admiralty reports the sinking of an Austrian cruiser in the bombardment of Kiao-Chau fortifications, which continues without cessation. The best part of the city of Tsing-Tau has been burned. The admiral declares that the bombardment continues without cessation. Port Lits has been silenced, it is announced.

The Austrian cruiser Kaiserin Elizabeth, which took refuge in the harbor there was sunk. A good part of the city is burned but so far the Germans refuse to consider a demand to surrender.

Gerald White, M.P., Pembroke, is in the city with the 42nd Regiment boys. Fancy Grape Fruit 75c and \$1.00 per dozen, at Carnovsky's.

GERMAN OFFENSIVE IN EAST PRUSSIA

Resumed, as They Have Been Heavily Reinforced With Men and Cannon.

Petrograd, Nov. 4.—Germans who have re-organized behind their east Prussian entrenchments have resumed the offensive according to reports from the front. As a result another general battle seems beginning, as skirmishing is already in progress all along the front. The Germans have been heavily reinforced and have brought up additional cannon from their border forts.

The Russian left which has been operating against the combined Austro-German army in Galicia, continues to advance along the reaches of the San River.

It is stated that the Austrians have been defeated at a number of points and that a strong force of Russians has already crossed the San south of Przemysl and is moving westward.

News from the Caucasus where Russian army has assumed the offensive, against the Turks, is lacking.

War Tidings.

Fourteen hundred and seventeen men, comprising the crews of various ships captured by the German cruiser Karlsruhe landed at Liverpool on Tuesday.

A Constantinople despatch states that Servia on Tuesday served diplomatic relations with Turkey, and the Servian ambassador asked for his passports.

Despatch from St. Petersburg says many British warships are taking part in the bombardment of the German positions near Ostend, and that a desperate artillery duel is in progress.

KING AND QUEEN VIEW THE CANADIANS

It Was Expected They Will Make a Thorough Inspection of the Forces.

London, Nov. 4.—King George, Queen Mary and Princess Mary left London this morning for Salisbury Plains where they will review the Canadian contingent gathered there.

Field Marshall Earl Roberts, colonel-in-chief of the overseas forces, will accompany them. Their majesties will make a complete inspection of the forces and visit their hospitals and camp kitchens and are expected to return to London to-night. All permits for absence on leave, both for officers and men in the Canadian contingent, have been cancelled and all the regiments will present their best and largest front.

ONLY ONE SHIP LOST.

Washington, Nov. 4.—In his report of the naval engagement fought off Coronel, Chile, United States Consul Fletcher, of Santiago, Chile, says that the damaged British cruiser Good Hope made her escape with the Glasgow and Otranto. Only one British warship was sunk.

SWEEPING VICTORY

For the Republican Party in New York State.

New York, Nov. 4.—As the election returns became complete to-day they emphasized a sweeping republican victory in New York state. With the collapse of the progressive movement the members of that party flocked back to their "first love", and once again republicans dominate the state situation. Charles S. Whitman, republican, defeated Martin H. Glynn, for governor by a plurality which with the large number of election districts estimated, is placed at 131,435. James W. Wadsworth, republican, defeated James W. Gerard for senator by 81,390.

Hugo Likely Chosen.

The vote in New York state was likely favorable to the election of F. M. Hugo, of Watertown, N.Y.—a native Kingstonian—to the office of secretary of state. He is a republican and was on the ticket of that party and republicanism prevailed.

CANADIANS ON BOARD THE H.M.S. GOOD HOPE

The Officers Were From Nova Scotia and Drafted From the Naval College.

Toronto, Nov. 4.—There was at least four Canadians among the officers of H. M. S. Good Hope, supposed to be lost in an engagement off the Chilean coast, and very likely several among the seamen and stokers. The officers known are Midshipman Malcolm Cann, Yarmouth; J. V. M. Hatheway, Fredericton, N.B.; William A. Palmer and Arthur Silver, Halifax, N.S. They were drafted from the Canadian Royal Naval College to this warship just a few months ago.

In the Toronto assize court the jury awarded \$4,000 damages to Constable J. E. McMullen, who claimed \$15,000 from J. L. Westlafer for alleged malicious slander.

E. V. Ilsey, retiring manager of the Standard bank, Trenton, was banqueted prior to the removal to Windsor.

RUSSIAN TROOPS CROSS THE TURKISH FRONTIER

And Occupy Seven Villages--Drive Back Advance Guards of Turks, Inflicting Heavy Losses--More Engagements Are Expected.

Petrograd, Nov. 4.—In the official statement issued to-day, it was announced that Russian troops have crossed the Turkish frontier in force and have attacked Turkish outposts, driving the advance guard back in great confusion. Seven Turkish villages have been occupied by Russians, and the losses of the Turks are described as very large.

More Engagements Expected.

London, Nov. 4.—The engagement at Abakah, which a British warship bombarded yesterday, will doubtless be followed quickly by other engagements in Egypt, while the former German cruisers Goeben and Breslau are likely soon to be heard from in the Black sea or elsewhere.

Meanwhile it is announced that Germany has been pouring officers and men into Turkey. Many of them speak Turkish and will command Turkish attachments equipped with modern weapons which the Germans are said to have supplied.

McGILL ENTERS OBJECTION

To Having Dr. W. B. Hendrie As An Official.

Dr. W. B. Hendrie who was referred to the Queen's Varsity match on Saturday and was severely criticized for allowing officials, will not act as an official at the McGill-Varsity game in Toronto on Saturday. "Pep" Paisley, captain of the McGill team, on Tuesday night telephoned Paisley, president of the union, that he was strongly against having Dr. Hendrie as an official on Saturday. He asked that Mr. Hallett appoint two officials preferably two Queen's men. The president said that he would respect Mr. Paisley's request, although as president he can appoint whom he chooses. He will make his decision as to the officials on Wednesday evening.

Left For Ireland.

Samuel Gordon, a native of Dunmurry, County Antrim, Ireland, left Wednesday to visit his native land and family. Mr. Gordon, a resident of Kingston for nearly two years, will be much missed, as he made many friends. While in the city he was employed in the locomotive works and was well liked by his associates. They wish him a happy bon voyage.

Canada Mines Its Pacific Coast Harbors

Ottawa, Nov. 4.—Regarding the possibility of an attack on Vancouver or Victoria by German vessels, flushed with victory on the Chilean coast, every precaution has been taken to mine the entrances to harbors. The guns of the forts possess long range.

There is now no question that German vessels have well-established coal bases on islands and points of the South American coast. If they come further north, however, they would be heavily handicapped in this respect.

The Late Mrs. B. Chambers.

After a life of Christian usefulness and many kindly deeds, Mrs. B. Chambers passed to her eternal reward, surrounded by her sorrowing family. She was a faithful friend and loving mother. Surviving are one daughter, Mrs. Chatterton; one son, Charles Chambers, fourteen grand-children, and eight great-grandchildren. The deceased was a faithful member of the League of the Sacred Heart. The funeral will be of a private nature to St. Mary's cathedral, where a solemn requiem mass will be sung, thence to St. Mary's cemetery.

Heartily Congratulated

His student friends heartily congratulate Dr. F. T. Murton, B.A., M.D.C.M., Portsmouth, on passing his Dominion council recently held in Montreal. This week he is enjoying a brief vacation with his parents, who are indeed proud of their youthful physician. He will return, on Saturday, to do hospital work in New York city, where he carries with him the good will of all his fellow-students.

"Beautiful bath sponges," Gibson's. The Dominion government has strictly warned German papers to maintain a neutral or else pro-British attitude.

"Warm Powders," at Gibson's. Arthur Stringer, the well-known author, was married at Chatham to a cousin, Miss Margaret Stringer.

"Infants' Foods," fresh at Gibson's.

Taken to Portsmouth.

Nellie Jones, colored, was removed from the Edmonton penitentiary to the penitentiary at Portsmouth, arrived on Tuesday. She has a term of five years to serve for theft.

Lieut.-Col John W. DeCoyne, O'Grady commanding officer of the 90th regiment, Winnipeg Rifles, died at Winnipeg, aged fifty.

DAILY MEMORANDUM.

See top of page 4, right hand corner, for probabilities.
