

FIRST AID CLASSES

ARE ADVOCATED FOR OVERSEA VOLUNTEERS HERE.

St. John's Ambulance Association to Arrange For Them—Annual Meeting of the Association on Friday Evening.

A meeting was held on Friday evening in the biology building of Queen's university for the purpose of making arrangements to have the St. John's Ambulance association more fully organized for the winter.

Last year many persons availed themselves of the opportunity afforded them by the instructional organization and were rewarded by instructive lessons of first aid to the wounded.

At that time it was not dreamed that before another year elapsed would there be a call for nurses and assistants to go to the front where one of the greatest wars in the history of the world is being waged.

Before this year is up, asserted Lieut.-Col. H. R. Duff, who acted as chairman, the demand no doubt will be great for such, and some of those who were benefited last year by the instructional courses may have the privilege of journeying to Europe.

It would be wise, said Col. Duff, if as many as possible would come forward and take first aid lessons. The war is not going to be a short one, and probably many additional ambulance helpers will be required.

Dr. F. Etherington and Dr. G. E. Kidd, who were also present, thought the classes should be better attended and it was also the opinion of the three doctors that instructional classes should be given to each half

THE CHURCH PULPITS

THE MINISTERS WHO WILL PREACH ON SUNDAY.

A GRAND OLD LADY. She Died at Bath After Stricken With Paralysis. On Oct. 21st, Mrs. Mary M. Paterson, one of Bath's oldest and most respected inhabitants, passed, suddenly, to her reward, being the victim of a stroke of apoplexy. Deceased was born in the year 1832 and was the daughter of William Howard, an early Loyalist settler of Amherst Island, and a niece of Col. Hitches, also a pioneer of that place. In 1867 she was united in marriage to the Hon. Howard, a prominent merchant and grain dealer of Bath, and from this union two children were born, Ida May, and Fred W., the latter a wholesale merchant of Los Angeles, Cal., who with a grandson, the Rev. Howard Kennedy, of Calgary, Alta., survive to mourn the loss. In 1887 she met the crowning sorrow of her life in the death of her husband, and ten years later married Hazel Peterson, years later married Hazel Peterson, years later depends to a great extent the success of your appearance.

After The Ball Photo Play. "After the Ball" with Herbert Kealey and Miss Edie Shannon in the leading roles, had quite a lot to contend with while filming the startling sensational scenes. When McPhee jumped from High Bridge he was taken to the Mortmain court, shivering in a blanket, surrounded by a dozen Associated Press photographers, and a half a dozen pulling policemen, for McPhee sure did fire them out in the chase to capture him, in which boats were used. As he would swim to a landing place a cop would reach for him, McPhee would go under like a fish and rise from the water fifty yards away. Then a fat policeman in a boat would shoot towards McPhee and he would dive under the boat and appear yards away from the boat. Finally the bottle of the enemy got so strong that McPhee was forced to an unconditional surrender. When "Magistrate Krotel" heard McPhee's story he figured that a man brave enough to defy death to help make a motion picture success of "After the Ball" should have his sentence suspended, which the judge proceeded to do. This massive film production will be shown at the Grand Opera House for four nights, commencing on Wednesday, November 11th, with daily matinee.

Formed A Company. John F. Wilmoit, Detroit, a native of Kingston, has organized a company for the manufacturing of Morris reclining chairs, according to a design patented by the senior member of the firm. They have opened a factory at 1148 Grand River avenue.

John F. Wilmoit is the patentee of several articles of furniture from which he has received big royalties. He has entered his contract with the Grand Rapids firm for the manufacture of the Morris chair, which has been on the market for some time. They plan eventually to go into the car seating business, providing they can get the contracts for Pullman's. John F. Wilmoit will be in charge of the new plant.

At The Grand. The popularity of the Imperial Musical Comedy company was again manifested, last night, and appreciative audience at the Grand Opera House last evening, "The Floppers" was the play presented. F. M. Christie and Harry Feldman and Bert Jackson were the principals, while Ollie Payne and the Misses Geary ably assisted in keeping up the fun in the musical selections the Imperial Four sang several selections and Nelson Adair, the boy wonder, was a drawing card. The tango dancers were repeatedly secured. "The County Store" and the distribution of prizes closed the programme.

To-night the company presents as its closing bill "The King of Okonho," a merry company.

What the Major Found. Major L. W. Shannon, of militia headquarters, London, discovered in an extra good on aggravated offences for drunkenness. It is of interest at this time, owing to discussion of the "wet canteen."

There are five lines on when not to get drunk in the service, and the first letter of each line makes up the word "FOOL": F—For duty, meaning to be found drunk when called for duty. O—On parade. L—Line of march. S—So drunk as to be unfit for duty.

The Low Water. Only once since the organization of the Gananoque Power company the water in the Gananoque river has been remembered to be as low as it is at the present time, and that was a number of years ago. The prospects are that it will soon be on the rise. The water in the back lakes, which are its feeders, is beginning to rise. Water has already begun to come this way from Beverley Lake.

Tea And Sale. The Ladies' Aid of the First Congregational church will hold a tea and sale at Mrs. J. R. Henderson's home, Earl street, Thursday, December 3rd.

Our shipment of western beef is of extra good quality this week. Come soon. C. H. Pickering, 400 Princess street. "Bath Soap" at Gibson's.

DRINK MORE WATER IF KIDNEYS BOTHER Eat Less Meat and Take Salts for Breakfast or Bladder Trouble. Uric acid in meal excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush of the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach sour, tongue coated and you feel rheumatic twinges when the weather is bad. Eat less meat, drink lots of water, also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness. Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble. Agent, Geo. W. Mahood. Mrs. John T. Grauge, Napanee, left on Saturday for a few months visit with her children in Chicago, Ill., and Boise, Idaho. Miss Marie Beaman, Kingston, is visiting her sister, Mrs. H. M. Ryan, at Newburgh. "McDonkey's week-end sweets." Gibson's. Rev. Dr. Ryckman preaches in Trinity church, Napanee, on Sunday. Buy your meats at Pickering's.
