Hearing is Restored to Deaf
Without Mechanical or Artificial Hearing Devices, Deaf Hear With Their Own Ears. A Wonderful English Discovery.

Thousands of people suffer from catarrhal deafness or poor hearing, who having tried specialists, advertised treatments, artificial ear drums, ear phones, electric vibrators and various mechanical appliances without success have at last resigned themselves to a "world of silence" thinking that nothing can ever restore to them their normal hearing. Yet their case is not hopeless. A remarkable scientific treatment discovered a little more than a year ago in England is making people hear after years of deafness and is also unequalled for quickly stopping the distressing head noises that are so often the companions of defective hearing. This discovery is called Parmit and has attracted widespread notice throughout Europe where reports of the remarkable results it has given to deaf people have come in by the hundred.

The effect of Parmit is by tonic action to produce a stimulation necessary to reduce all inflammation, swelling, enlargement or thickening of the organs of hearing and to stimulate the entire auditory tract.

Parmit is now being sold by many leading druggists in Kingston and vicinity and a speedy trial is urged upon all who suffer from catarrhal deafness or head noises in any degree. Ask the druggist for 1 oz. of Parmit (Double strength) and take it home and mix with 1-4 pint of hot water and 4 oz. of granulated sugar until dissolved. Take one tablespoonful four times a day and you should soon find a remarkable improvement in your hearing.

Important—In ordering Parmit always specify that you want double strength, your druggist has it or he can get it for you; if not, send the to the International Laboratories, 71 St. Antoine St., Montreal, P.Q., who make a specialty of it.

20TH CENTURY SUITS, OVERCOATS

The style and appearance of these coats demand universal recognition. Whenever they appear they are distinctive. We don't deny other makers copy them as near as they can, but it is like a rabbit running a race with a cat, it never catches up.

1st, the design.
2nd, the tailoring.

When other makers have not the designers or the tailors, how can they make the goods? They pay the price and turn out the coats. . . .

All particular dressers appreciate the fact.

CAPT. E. D. CARR-HARRIS MISSING
He Was Fighting With His Corps in Africa ---A Letter to Hand.

Professor Carr-Harris received a cable from the war office, in London, on Tuesday, announcing that his son, Captain Ernest Dale Carr-Harris, of the Royal Engineers, was reported missing in Africa. A letter was also received about the same time, written in Bombay, a month ago, intimating that the captain was to embark with his corps for a post not then announced. They were waiting at Bombay for a convoy which had been delayed. It is thought that the Royal Engineers were sent to assist in the defence of some of the British possessions in Africa, and were in contest against the Germans.

Captain Carr-Harris had been lately attached to the staff college at Quetta in India. He graduated at the Royal Military College in 1899 with high honors, being the gold medalist of his year. He is about thirty-five years of age and is the second son of Prof. Carr-Harris Mack street.

It is stated in London, semi-officially, that Germany has approached Russia with a view to peace, but all negotiations were refused.

South African rebels were defeated in severe fighting north of Pretoria.

Carl Hans Lody, convicted of being a German spy, was shot at the tower of London.

It has been learned that the German cruiser Emden was waiting for Australian troopships with a contingent, when she was sunk.

A British war office official eyewitness says: "There are signs that the German offensive is gradually spending its strength. There is little change in the general position of the long-drawn battle line."

Moslem leaders in Cyprus, recently annexed by Britain, have offered their loyalty to King George.

The Russian "embassy" at Washington has received official announcement that the sultan will make reprisals on foreigners for the loss of 55 allied feet on unfortified ports.

There are reports of renewed firing off Coronel, and Chilean vessels at Valparaiso report sighting Japanese cruisers a few miles out. It is thought that the Japanese are engaging the Germans.

MAYOR GAVE PERMISSION
To Agent to Sell War Books in The City.

The charge of false pretences preferred against a young man who was placed under arrest on Tuesday afternoon was dismissed in police court on Wednesday morning. T. J. Rigney appeared on his behalf and it was shown that he had been given permission by Mayor Shaw to sell the book in Kingston, twenty per cent. of the proceeds to go to the Belgian fund.

The police say they had no knowledge of the permission being granted to the agent for the selling of the books and for this reason the arrest was made. However, a satisfactory settlement was made in the police court, and the agent was allowed to continue his business in the city. A letter bearing Mayor Shaw's signature and giving the go-ahead the permission stated was produced in court.

A PROGRESSIVE STEP.
The Opening of Belvedere Apartments on King Street.

Work has just been completed on the apartment house at 141 King street, fitted out by Mrs. K. N. Fenwick. The apartments are most beautiful and represent a progressive step for Kingston and will fill a long felt want. The suites have been fitted out with every possible convenience and the work throughout is first-class. They will be known as the Belvedere apartments. Already a number of the suites are occupied.

LETTERS TO THE EDITOR.
Quite A Coincidence.

Kingston, Nov. 11.—(To the Editor.) A friend of mine has a peculiarity about the names of General Joffre and French which he considered a good omen of success. Write Joffre's name and exactly under it place French's then draw a line down and divide the names equally. The two left halves spell Joffre and the two right ones French. —W

INCREASE IN MAIL MATTER.
As a Result of the Large Number of Volunteers in The City.

Kingston's mail matter has greatly increased as a result of the large number of volunteers in the city. The extra mail would equal that coming into a small-sized town but it is being ably handled at the post office. It is wonderful the number of letters the men receive and the number they write.

A Good Organization.
A league of early shoppers has been formed in Ottawa with Laura Foster, Mrs. T. W. Crothers, Miss Coderre, Mrs. Frank Oliver, Miss Rodolphe Lemieux, Mrs. Adair Shortt, Mrs. W. T. Herridge, Mrs. J. Lorn McDougall and Mrs. J. A. Wilson as patronesses. The only obligation entailed on those who join is the following promise: "In view of the advantages to all lines of business activity in Ottawa, as well as humanitarian, I promise to distribute my Christmas purchases over November and December." The membership of the League is increasing daily.

GERMANS ARE FEARFUL
That Allies Will Attempt A Drive Southward.

Amsterdam, Nov. 11.—The Germans evidently expect the French and British to land reinforcements in northern Belgium for a drive southward, according to information telegraphed to the Nieuws van de Dagh from Sluis.

The correspondent states that communication between Bruges and Aardenburg, Holland, has been cut off.

The Germans are building strong barricades and earthworks westward from Sluis, parallel to the coast. No one is allowed to enter or leave ditches or Maidegen.

Kaiser Making Last Effort
London, Nov. 11.—The news indicates that the kaiser is making his last big effort to force his way to Calais through a fog which has settled on the war area.

The stubborn Anglo-French resistance has compelled recognition, and the advance by the coast is hopeless, hence the concentration of big forces between Arras and Courtrai against this.

In the words of Gen. Joffre's last enigmatic message: "We are making operations of some extent."

Died At Yarker.
The death occurred at Yarker, on Tuesday, of Mrs. Holden, wife of Byron Holden, aged thirty-eight years. Death was due to typhoid pneumonia. Deceased's maiden name was Edith Plunkitt, and she was a daughter of the late Isaac Plunkitt. One son also survives. The funeral took place Wednesday afternoon, interment being made at the cemetery at Moscow.

Rev. Mr. Wilson, of Yarker, conducted the service, and the pall-bearers were D. Smith, J. Embrey, C. Freeman, J. Warner, D. Stewart, and C. Lee. Among the relatives present were the Misses Plunkitt, of Ottawa, and Isaac Plunkitt, of Kingston. Deceased attended the Methodist church. She was of a quiet disposition and beloved by her many acquaintances.
