WALDRON'S

PROTECTING SOLDIERS THE LATE M. J. LYNCH

IN THE TWO BARRACKS AGAINST FIRE.

Lights Needed For Artillery Park — Thirty-One Recruits Arrived on Monday.

Thirty-one recruits for the 21st battalion arrived in the city on Monday. They were members of the 45th Victoria rifles. The battalion is now almost up to strength. The machine gun section, and the signallers will take a few of the men and these vacancies will have to be filled.

Lieut.-Col. W. S. Hughes is making every effort to obtain lights for Artillery park. There are now over six hundred men quartered there and the nearest lights are a block away. This causes great inconvenience, especially to the transports bringing in supplies.

Lieut.-Col. W. S. Hughes accompanied his brother the minister of militia, to Ottawa on Saturday, returning Monday morning. To protect the soldiers quartered in the Cereal works and in the Artillery park barracks against fire, great precautions are being taken. An alarm box has been ordered for both of these places. In the Cereal works where the left half of the battalion is quartered, work on fire escapes has been in progress since the alterations to the building commenced. At the west end of the building are large doors that were used for shipping cereals. Large platforms have been built at each of these and from one to the other a sliding pole, similar to that used in fire stations, is being erected. The rule against smoking is very strictly carried out, and every precaution against fire is being taken.

ANNIVERSARY EVENT.

A Good Day Enjoyed in Queen Street Church.

The anniversary services in Queen Street Methodist church, on Sunday, were interesting, even though the attendance was not as great as had been anticipated. Rev. D. T. Cummings, M.A., B.D., minister of the church, preached two excellent sermons of an evangelistic type. His morning sermon was: "Who Is On the Lord's Side." He gave a number of striking reasons why this was desirable, his illustrations were apt and illuminating. The message both morning and evening was carried home with marked effect.

The music for the day was very fine. In the morning two anthems were offered in good voice. These were "I Will Magnify Thee, O God" and "Love Not the World," the first by Maunders and the second from Gaul's Holy City. The evening anthem was "Who Are These," by Mark Harvey Angrove sang a splendid solo and in the anthem a quartette, Mrs. Evans, Mrs. Coleman, Harvey Angrove and Allan Hulse sang with pleasing effect. Miss Eileen Wright, organist, had a good selection of voluntaries, her touch and her expression being very fine.

The official board did not ask for any specified amount, but placed the claims of the church upon the people and they responded generously. This year the usual anniversary ten, on Monday night, was omitted and the money that would have been given on that occasion the board asked be given in the offerings of the day.

The anniversary was to mark the fifty-third year in the church's life.

Watch The Voting List.

Citizens should take notice that Nov. 21st is the last day for appeals for additions and changes to the municipal voters' list. Those who purchased property after the assessor made his rounds, unless they notified the city clerk, will find that their names have not been placed on the voters' list. Again, people who sold property, and moved to another part of the city, may find that their names have been removed as owners of the property they sold. They should see their names are added as owners or tenants of the property to which they have moved. The voters' lists are posted in the city clerk's office, and are open to the inspection of anyone.

To Have A Luncheon.

The Canadian Club will have a noon day luncheon, at the Frontenac on Friday, November 20th, when J. McIntosh Bell, Almonte, will be the speaker. His subject will be "The Great New Russia." Mr. Bell is a graduate of Queen's University and also of Harvard and was for a number of years consulting engineer of a company that had large mines in Siberia and Turkestan, and coal mines in Russia itself. He was also a former director of a geological survey in New Zealand. The subject is timely and interesting.

Tendered A Gift.

Charles Glynn, a member of the Methodist choir, Port Hope, and who left for Kingston to join the second contingent, was presented with a wrist watch by the choir and a couple of private subscribers.

The steamer City of Ottawa is tied up in Cobourg owing to a gale that is blowing on the lake. The steamer City of Hamilton arrived from Montreal at 3 p.m. Monday. Owing to the high wind she will probably lay here for a time.

GERMANS IN THE FORT

HAVE ILL-FEELING TOWARDS THE TURKS.

There Are Now Four Hundred Prisoners of War — As Result Guard Has Been Increased.

There are now just an even four hundred prisoners of war at Fort Henry. As a result of the large number the guard has again been increased, as it is just like guarding a village.

It is understood that the Germans in the fort do not take very well to the Turks, who were recently brought here from Brantford. There has been no trouble between the two classes of prisoners, but from remarks passed by the Germans, it is known that they do not like their war allies. However, they do not have to mix while at the fort. The Germans occupy the quarters in the upper part of the fort and the Turks the lower part. There has been no serious illness among the prisoners.

EARLY MORNING FIRE.

Sloop Granger Was Badly Damaged On Monday Morning.

The sloop Granger, laid up at the Grove Inn and owned by Capt. Richard LaRue, was badly damaged by fire which broke out about one o'clock on Monday morning. Capt. LaRue could not say what the loss would be, but it will be several hundred dollars. The vessel is insured. The fire started in the cabin, and the cabin was a total wreck.

It was a long run for the firemen, and the blaze was making great headway when they arrived. The first alarm was given by Ald. Harry Newman, who lives near the Grove Inn, and shortly afterwards Box 27, at the corner of King and Beverley streets was pulled.

The sloop Granger has been running out of the port of Kingston for many years, and is used a great deal in carrying grain from bay ports and also for carrying sand. Capt. LaRue has owned the vessel for several years, but recently disposed of it and then bought it again.

Smyrna and other figs, on account of Turkey's participation in the great war, will cost consumers from twenty-five to thirty per cent. more than usual of the coming holiday season.
