

ENTERED A PROTEST

AGAINST DELAY IN ERECTING NEW STREET LIGHTS.

Ald. Clugston After the Utilities Commission - Fire Chief Reports Twenty-Eight Lamps Not Yet Erected.

At the meeting of the Fire and Light committee Thursday afternoon Ald. Clugston entered a strong protest against the Utilities commission for not having placed the street lights ordered last year at the various points designated by the committee.

Chief Armstrong placed himself on record as being opposed to the present location of a moving picture machine in Ontario hall for the soldiers. The booth blocked the passageway, and was against the statutes.

The chief asked the committee to see that the resolution passed by the council recently with regard to paying civic employees on overseas service was changed so that two firemen who were not yet overseas, but going, would receive their wages, as intended.

Report on Street Lights. Fire Chief Armstrong presented the following report to the Fire and Light committee with regard to the electric lights for the streets, ordered by the City Council and not yet placed in commission:

There are four locations where the brackets have been placed on the poles but no lamps attached. Those are at Cherry and York, Alma and Balacava, Division and Pine, and at Rideau and Montreal streets.

There are twenty-eight locations where no work has yet been done looking to the erection of lights as follows: Beverley street; Kensington avenue; Toronto and Johnson streets; Victoria and Earl; Victoria and Brock; Victoria and Mack; Victoria and above Mack; Regent; Nelson and Concession; Nelson near fair grounds Albert and York; Frontenac and York; Stanley and Lansdowne; Chatham and Sixth; Vine and Ann; Raglan and York; Raglan and Main; Sedan; James and Patrick; Division and Concession; Russell and Division; Patrick and Russell; Rideau and Division; Rideau near Bay; Princess between Barrie and Division; at G. F. R. and Princess. Brock and Johnson.

There are a large number of other locations where lights are badly needed in addition to the above, and I consider the following eleven should have lights at the least possible delay: Collingwood between Union and King. There is a light at Union street from that point to King street about 1,650 feet without a light. The one on King street is between Collingwood and Albert streets.

A light is needed at the gateway to St. Mary's-on-the-Lake orphanage on King street as there is none between Centre and Livingstone avenues, a distance about 1,000 feet. A sharp bend in the street just west of Victoria on Durham street with a ditch alongside the cement walk and the nearest light about 575 feet distant makes a bad spot, and requires at least a large Tungsten.

Markland street is about 825 feet long without a light on it or at either end. A light should be at least placed midway in this long block. On Charles street there is a light at Montreal street but none further west. This street is well shaded with trees and a light should be placed about 250 feet east of Patrick street.

On Rideau street, a bend in the road between River and Cataract streets makes a very dark spot and as a fire alarm box is located at that point, I would urge that a light be placed at that point. University avenue at the head of William street is another place that should have a light. This street is very dark during the summer months, especially on account of the trees.

In addition to the lights already ordered for Princess, Brock, and Johnson streets, at the railroad crossings there should be another at the foot of Clarence street. These four

WILL NOT MOBILIZE

THE CITY GARRISON UNLESS AN EMERGENCY ARISES.

Leut.-Col. W. S. Hughes Determined to Stamp Out Drunkenness in 21st Battalion - Entertainments for Soldiers.

Any mobilization that takes place in the city will be when an emergency arises and not before. It may possibly happen that the militia will be called out suddenly but it will only be for regular drilling purposes.

Capt. A. K. Hemmings gave a lecture to the officers of the 21st battalion on "Military Law" on Thursday afternoon.

The results of Wednesday's miniature shooting proved Pte. H. J. Arnold, "H" company to be the best shot in the battalion. The best shots in the eight companies were: "A" company, Corp. Burke; "B" company, Pte. J. Keller; "C" company, Pte. G. L. Martin; "D" company, Pte. W. Ferrier; "E" company, Pte. L. Fraser; "F" company, Pte. F. Bullett.

In future the first musketry parade will be at 9.30 a.m., daily. The shack that has been built at the ranges for the men's comfort, is now ready. It is expected that the first trip to the ranges will be on Saturday.

A court of enquiry composed of Capt. T. Smith and Lieut. H. E. Pense and A. W. Black, will take evidence upon the circumstances led to the death of Pte. F. W. Harrison on "B" company, on Wednesday.

A volunteer armorer course is being arranged and one man from each company will take the course. The detail arrangements have not yet been completed.

Pte. J. W. Hibbert was court-martialed on Friday. Col. G. Hunter Ogilvie, C.A.G., was president and Major D. H. McLean with Major C. C. Barrett members.

Two members of the battalion were given stiff fines for drunkenness, on Thursday. Lieut.-Col. W. S. Hughes is determined that this sort of thing shall be stamped out, some hotelkeepers are not doing their share and the proper authorities will likely be asked to take up the matter.

The left half battalion under Major McLean took a route march to Barriefield Thursday and did skirmishing practice.

In a garrison order of Thursday by Col. G. H. Ogilvie, A. A. G. reads: "It is published for the information of all concerned that great pains will be taken into wear from this date."

WAR WAS THE CAUSE

OF HIGH PRICES ON FRONTENAC CHEESE BOARD.

Best Year in the History of Trade in Kingston District, Says G. G. Puhlow - Great Advance in Quality and the Conditions.

"I wish to take this opportunity of congratulating the factory men on the manner in which they have kept the factories," said G. G. Puhlow, chief dairy instructor for eastern Ontario, addressing the members of the Frontenac cheese board, at their final meeting of the season, on Thursday afternoon.

"We have had a good year in prices, perhaps the best in the history of the trade, and everything points to anything new there is set us all do everything we can to improve the class of the cheese we are turning out. It is not a pleasant task for the instructors to find fault, but we have to comply with the law."

Mr. Puhlow, impressed upon the members the importance of having as large attendance as possible at the district meeting, to be held at the Kingston Dairy School on December 7th, at two p. m.

The war was the cause of the high prices paid for cheese in the board. The demand for cheese in the old country for army use has been very heavy.

Although every effort possible has been put forth this year to increase the membership in the Frontenac Cheese Board, the membership has been falling off, until now there is only about one-half the number of members enrolled a few years ago. A very large number have been selling cheese off the board.

William Pillar, the secretary, made a very stirring appeal in regard to his matter. He said the price paid on the board was as good as on any other board, and he deplored the fact that men who had formerly boarded their cheese in the board, did not do so now. In the older days fifty and sixty factories boarded cheese while now there was but a paltry twenty. He asked that the matter be given serious consideration, and that a campaign be started to increase the membership.

TALK ON VENTILATION Given By Mrs. Robinson, a Victorian Nurse.

The regular mothers' meeting of St. George's church was held on Thursday evening. There were about fifty members present. Mrs. Bidwell presided. The meeting opened as usual with a short service of prayer and Bible reading. After this the Victorian nurse, Mrs. Robinson, gave an interesting address on the subject, "The Ventilation of the Home," giving a description and the effect of good and bad ventilation during the day and night.

Won Most Prize Money. R. J. Bushell announces that W. H. Smythe, Cataract, secured the highest number of points and the most prize money of anyone that competed at "Kingston's Only Fair."

All the leading grocers of Kingston have agreed to sell a package containing five standard 5c. boxes of Silver Tip Silent Matches for 25c. Quality guaranteed.

MEETING OF CITIZENS

TO FORM THEMSELVES INTO A MILITARY RESERVE.

Committee Appointed to Draw up a Scheme to Present at a Meeting on the 26th.

There was a well-attended meeting of citizens called by Capt. R. D. Sutherland, in the council chamber on Thursday evening, to discuss the advisability of forming a reserve battalion for home defence in the city.

Major H. J. Dawson acting O. C. of the 14th regiment, also gave his view. One suggestion was to form a reserve for every one of the eight companies in the 14th. Several other plans were discussed but every person was enthusiastic about doing his share towards an organization of some kind.

It was finally decided to appoint a committee to consult with active militia officers as to the best plan for re-organization. Prof. W. T. MacClement, Dr. A. P. Chown, W. R. Givens and R. E. Burns were appointed as the committee, the latter as adjutant.

The meeting adjourned until Thursday, November 26th, and the committee went into session with Col. Cunningham and Major Dawson. It was decided by them that Capt. R. D. Sutherland and R. E. Burns select a number of ex-officers of the 14th and consult with them as to the final arrangements for organizing. They will report at the next meeting.

Both Put Into Use. On Saturday, both of the street car tracks, on Princess street, will be put into use. This will lessen the intervals between cars, on Princess street and as far on the belt line as William street but will make a slightly longer delay at the junction. The use of both tracks will make unnecessary the detention at the foot of Princess street.

Hannah Sargant. The marriage took place at McDonald's Corners on November 18th of Miss Lilla Sargant, daughter of Robert Sargant, Clarendon, and William Hannah, of Mississippi.

Miss Lizzie Tysick attended the bride, the groom being supported by Charles Benedict. The bride was given away by her father. The ceremony was performed by Rev. Mr. McMillen at the mansion. Mr. and Mrs. Hannah left on a trip to nearby places, to visit friends and will take up their residence in Clarendon.

FOR CHRISTMAS TRADE

Resolution Calling For Purchase by People of Canadian or Empire-Made Gifts - Tip for Christmas Tree Decorations.

That the people of Canada give this year as far as possible, Christmas presents which have been manufactured in Canada, or within the empire and that Christmas trees be decorated with empire-made products, is the text of a resolution passed by the Montreal Press and Advertising club, and which the Kingston Board of Trade has been asked to endorse.

The matter was scheduled to be taken up at a meeting of the council of the Board of Trade called for this (Friday) afternoon.

The resolution of the Montreal Press and Advertising club dealing with the matter reads as follows: "Whereas, at the last meeting of the club an 'Empire-made Christmas Tree' was prepared for Canada and Canadians this year, and where is the slogan patriotism is good business, buy Canadian or empire-made Christmas goods first, having been chosen as the one best fitted to describe the aims and intentions of the movement, be it therefore resolved, that the club hereby endorses this patriotic plan, and suggests to all residents of Canada, that this year, as far as possible, they give Christmas presents which have been manufactured in Canada or within the empire, and that their Christmas trees be decorated with empire-made products."

A copy of the resolution has been sent to the premier, the ministers of trade and commerce, the minister of labor, the minister of finance, the minister of agriculture, the postmaster-general, the Canadian Press association, the Canadian Manufacturers' association, and the Board of Trade, the retail merchants, market associations and to the press and advertising clubs in all Canadian cities.

The marriage took place at McDonald's Corners on November 18th of Miss Lilla Sargant, daughter of Robert Sargant, Clarendon, and William Hannah, of Mississippi. Miss Lizzie Tysick attended the bride, the groom being supported by Charles Benedict. The bride was given away by her father. The ceremony was performed by Rev. Mr. McMillen at the mansion. Mr. and Mrs. Hannah left on a trip to nearby places, to visit friends and will take up their residence in Clarendon.
