

CHILD BORN WITH HARD COLD

Remarkable Statement of Girl's Mother. How She Suffered Until Six Years Old. How Finally Cured.

Pittsfield, Mass.—My little girl now six years old was born with a hard cold and very delicate. Every winter she would suffer from croup and poor digestion. Dr. Currier recommended Vinol and within a week she had improved considerably, and her appetite increased so she wanted things to eat that had disgusted her before.

"On the first bottle she gained one and one-half pounds, and now at the age of six Vinol has made her a solid, healthy, good-natured child, and while sick she was so cross and fretful I grew discouraged and was worn out taking care of her."—Mrs. GEORGE WAGNER, Pittsfield, Mass.

Vinol, our delicious cod liver and iron tonic, is a wonderful appetizer, and you can see delicate, ailing children improve day by day under its use. It enriches the blood, builds up the body, making pale, delicate children rugged and rosy.

We ask all parents of weak, sickly, delicate children in this vicinity to try Vinol, with the understanding that if it fails to benefit your little ones, we return your money.

George W. Mahood, Druggist, Kingston, Ont.

FARMS 500 acres, \$1,000. Good bush, never-failing water. 120 acres cleared. Log dwelling. Frame barn; horse stable. First class stock farm. W. H. Godwin & Son. Brook St. Phone 424. Real Estate Fire Insurance.

Few Escape Coughs During the cold weather it is the neglected cough that does the damage. A cough is pretty sure to go from bad to worse if not properly checked. A neglected cough is not always a cured cough. Dr. Hickey's Speedy Cure. At Best's Popular Druggists and Opticians OPEN SUNDAYS

A Bit Jaunty but not freakish, not extreme, not in bad taste. You'll see this garment worn by good dressers in every style centre—the better your figure the more appropriate this coat will be, and it is serviceable as well as stylish. It's a good example of the designing and tailoring that have made 20th Century Brand famous as the clothes with a national reputation for style and quality. WE ARE EXCLUSIVE AGENTS E. P. JENKINS Clothing Co.

SERVICE IN ARMOURIES

REV. S. J. M. COMPTON WAS THE OFFICIATING CLERGYMAN

Allies Fighting in the Cause of Christianity—Notes About the 21st Gordon's Battalion.

A very large number of civilians as well as soldiers attended the military service in the armouries on Sunday afternoon. Rev. S. J. M. Compton of St. Andrew's church officiated. The R.C.H.A. band furnished music. The speaker chose as his subject: "This is the victory which overcometh the world even our own faith." He said that the same condition confronted the soldier of to-day that confronted the composer of the text, St. John. The spirits of evil were combining against Christianity. The late Earl Roberts was not a warrior because he was in favor of war, but because he recognized the fact that there was a necessity to keep up the cause of Christianity. "Bobs" fought for an ideal in all his battles, and was confident that he was fighting in the cause of God. He would not have gone on the battlefield, if the cause was not for Christianity.

Two steam rollers are at work rolling the stone that has been placed in front of the cereal works on Gore street. Before the 21st battalion took over the building for the occupation of the left half of the driveway was in terrible condition. Every morning the men lining up for roll-call would have to stand ankle deep in mud. Lieut.-Col. W.S. Hughes made arrangement with the penitentiary authorities, and as a result a large quantity of stone has been drawn there for the filling-in of the driveway. Rolling was then started and now the men answer the roll-call, standing on practically a pavement. The drive way is high-crowned, and therefore always dry.

Canadians of German descent are as a rule afraid of being put over in Fort Henry. One of these applied to be taken on as a soldier on Saturday but was promptly told to get out. He did. He admitted his descent but said he wanted protection.

Lieut. Frank McGee, who was one of the 21st battalion officers before taking command of the divisional cyclist platoon, is now provisionally attached to "D" Company, of the battalion. When he made his decision to leave the battalion, the loss of such a competent officer was much regretted. He has since been convinced that he would be of more value to the battalion than to the cyclist section, and will likely be taken on the strength of the 21st again.

The armourer was opened on Monday with a lecture by a Canadian Ordnance Corps instructor. This course is to acquaint the men in the repairing, cleaning and storing of rifles and soldiers' equipment. It is a large quantity of course and requires much instruction before the soldier is able to pass examination. Ten of the 21st battalion are taking the course.

Army order for September 1914 contains the following paragraph that will clear up a current misunderstanding: "A retired officer or warrant officer re-employed during the emergency on service with the army in the field may nominate, if he wishes, either that his bankers or some other person to receive his retired pay or pension during his absence. Applications for the necessary form of authority should be made to the assistant paymaster-general Whitehall, S. W. Chelsea pensioners similarly situated should apply to the paymaster by whom their pension are paid."

The results of Friday's miniature target practice show Pte S. M. Malde, D.C.O., to be the best battalion shot. The company results are: A.C. O.D. Corp. W. Gops; C. Co., Pte W. York; E. Co., Pte F. Kelsey; F. Co., Corp. C. L. Brooks; G. Co., Pte. Berd; H. Co., Pte. H. W. Wilmer. "H" Company (43rd, Ottawa, and 15th, Belleville), are busy making plans for the coming winter months. A day or so ago some of the members banded together and proposed to the men of the company that a Company "Frat" be established. The idea met with general approval. Fifty cents initiation fee is collected from each member, which will raise the funds to a little over \$100. With this money it is proposed to purchase a photograph, also to purchase instruments for a month organ band. Many good voices in the company have been heard and it is proposed to organize a Glee Club. It

Twitching of the Nerves Broken-down System Now Entirely Cured—Never Used Any Medicine With Such Benefit as Dr. Chase's Nerve Food.

Headaches, sleeplessness and nervousness are often very disagreeable, but when your nervous system gets into such a condition that the nerves twitch and jerk, and you have peculiar nervous sensations come over you there is cause for grave alarm. Every body dreads the thought of paralysis or locomotor ataxia. Nothing is worse to look forward to than helplessness. Sometimes it is helplessness of body, and at other times the mind is affected, which is far worse. The writer of this letter did not know what to expect, but fortunately began the use of Dr. Chase's Nerve Food in time to head off danger, and

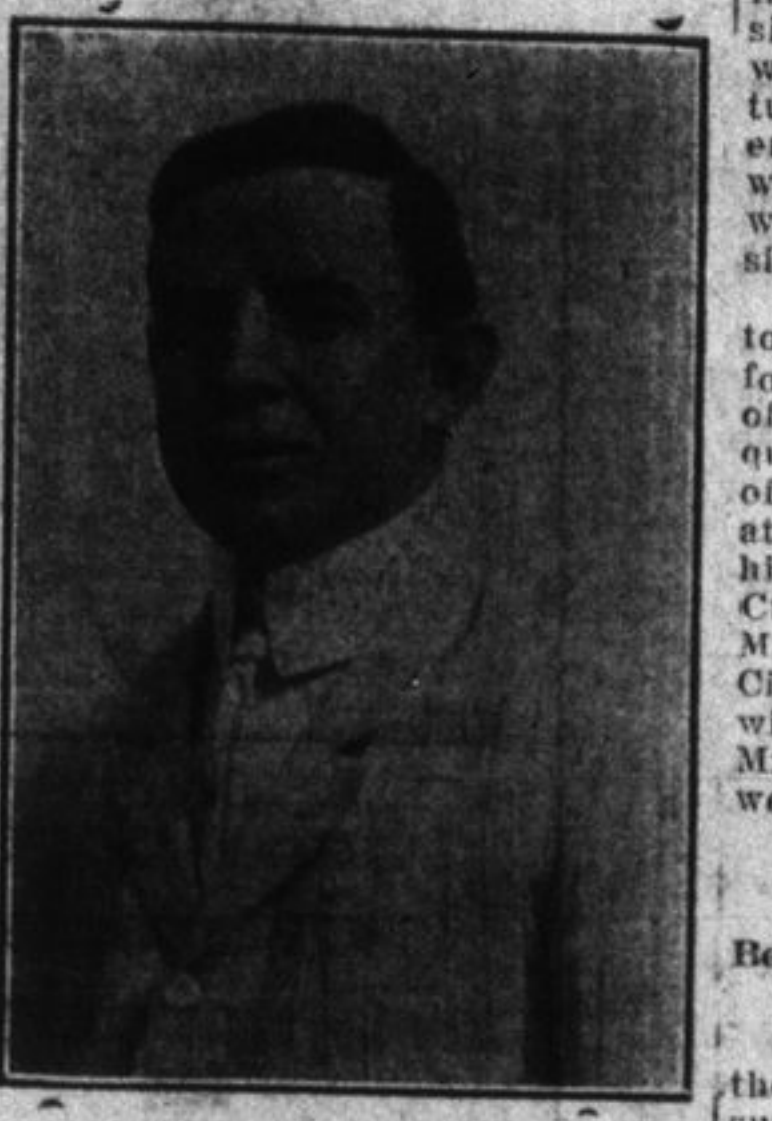

TO FORM HOME GUARD

THE GANANOQUE TOWN COUNCIL TAKES ACTION.

Principal R. G. Graham Returns Home From Hospital—No Evidence Against Automobile Speeders.

Gananoque, Nov. 23.—At a session of the town council it was decided to recommend to organization of a home guard similar to what is being done in various places along the border. Gananoque rifle association made an effort to start the organization some time ago but the recruits have not been coming in very fast so the municipal council will do its best to encourage the work. There is a rumor that a section of the 21st battalion at present in Kingston will be sent to Gananoque and take up their quarters at the new armoury, until such time as the new complex of buildings for the rifle association is completed. A new wooden wharf, seventy-five and one hundred feet long has been erected along the river front just east of the T. I. It. station forming excellent facilities for the landing of small craft. The extraordinary lowness of the water in the late section to the north, which feeds the Gananoque river and therefore regulates the supply of water for the local manufacturing plants, has caused considerable inconvenience for some weeks past but has now taken a turn for the better, the water power company being able to furnish water for five days during the past week and this will be increased to six very shortly.

At 8.30 o'clock Monday morning, "A" company paraded to the ranges at Barriefield and began the shooting practising of the battalion. After an hour's shooting, the company paraded back to the city and "B" company took its place. The early parade is not very popular these cold mornings, but each company will have its turn at the early march. The cold weather has made trench digging impossible and the men will be given more extensive rifle and drilling practising.

FRANK M. CHRISTIE One of the comedians with the Imperial Musical Comedy company at the Grand for five nights, commencing Tuesday, Nov. 23th.

IN MARINE CIRCLES.

Movements of Vessels Reported Along the Harbor. The ship Kitty Wells cleared for Howe Island. The steamer Genovis, which left the Kingston Shipbuilding company's dry dock on Saturday morning, returned to port the same evening, on account of the strong gale. She took on extra coal and after staying in all day Sunday, cleared, in the evening, for the upper ports. The steamer Dalhousie City entered the Kingston Shipbuilding company's dry dock on Monday morning for repairs. She is a large passenger boat and plies between the ports at the western extremity of Lake Ontario.

The steamer Calgarian passed up on Saturday afternoon, but had to run for shelter on account of the storm on Sunday. On Monday morning a telegram received at headquarters stated that she had reached the canal. The steamer City of Ottawa and the steamer Alexandria passed up on Sunday evening, the former bound for Hamilton and the latter for Picton. The steamships Waterbury and the steamer Aletta were in port on Monday, discharging canned goods and apples. William Dunn, St. Thomas, a young Englishman, was sentenced to two and one-half years in penitentiary on the charge of abducting a 13-year old girl. Colonel Merritt says that he is willing to contribute \$25,000 toward the equipment of two companies of Six Nations Indians to be raised for overseas service. Geoffrey Isaac, managing director of the British Marconi Co., won in a damage suit instituted by a wealthy Russian Pole.

AN EXPLORER'S VIEW.

Believes Titanic Rests on Submerged Mountain.

Philadelphia, Nov. 21.—Firm in the belief that the liner Titanic was sunk by an iceberg, which was itself aground on the summit of a submerged mountain, and that she can be located and raised, Captain J. Foster Stackhouse, English explorer and geographer, who is now here, will thoroughly investigate the scene of the disaster.

"It has been reported," said Captain Stackhouse, "that the Titanic is in 2,000 fathoms of water. This is at least a guess. At the nearest point, forty-one miles distant where the depth is actually known there are 1,820 fathoms of water. "If the iceberg which caused the ship's destruction rested on a submerged mountain top it is quite possible that the ship did not lie as deep as is generally supposed. "That a mountain exists we have every reason to believe."

SCARING OFF GERMANS.

Villages Post Placards That Typhus Is Raging.

Paris, Nov. 21.—A traveller, just returned from a trip through the portion of France occupied by the Germans, informs the Temps that the Germans are utilizing all the resources of the country, working the mills north of the Aisne, the coal mines of Anzin and Aniche, and every resource for the production of munitions for Germany. At Hirson the Germans issued a newspaper in French, which recently stated that they had not taken Paris in order to humiliate France excessively. In other localities, the Germans asserted that they had withdrawn owing to cholera, which was devastating the French capital. Many villages avoid German occupation by posting, when the enemy's approach is signalled placards, signed by the mayor, warning the inhabitants that typhus is raging throughout the commune and bidding them lock the water and take other precautions.

GOMPERS RE-ELECTED.

American Federation of Labor Opposes 8-Hour Legislation. Philadelphia, Nov. 23.—The American Federation of Labor at the final session of its thirty-fourth annual meeting re-elected all its present officers, and voted to hold its next national convention at San Francisco in November, 1915. Delegates from Washington, Oregon, and California were disappointed because the federation refused to sanction the fight being made in the United States to establish an eight-hour day by law. President Gompers and others opposed endorsement of the fight, pointing out that organized labor could force such a condition from employers, without having a statute. Gompers held that such legislation would weaken organized labor's influence and fighting spirit and might be used as a club. However, the federation endorsed an eight-hour work day for women children, and all government employees.

Word has been received that the Royal Canadian Dragoons, Strathcona's Horse and the Montreal Corps of Guides have left Salisbury Plain for the front. The wife of David Henderson, M. P. for Hinton, was instantly killed by falling from a balcony when she slipped while shaking a rug.

PROBS.—Fine and cold to-day and on Tuesday.

Why Kingston is the Most Prosperous City in Canada Right Now !!!

Because : There is about \$6,000,000 to \$8,000,000 on deposit in Kingston banks—savings! There are 200 working at the Locomotive Works, while every other works of its kind is closed tight! The Tannery is working overtime! The Hosiery Mill is working overtime! The Cotton Mill working full time! 1300 students pouring at least \$6,500 A WEEK into Kingston! 1500 soldiers whose expenditure and up-keep means at least \$11,000 A WEEK—spent in Kingston! To our knowledge every Kingston store has its full complement of hands at full pay, etc., etc.

Who Said Kingston Was in for Hard Times ? Santa Claus Says : Get busy, shop early—early in the day and early in the month. This Christmas is going to be just as busy, bright and cheery as ever. STEACY'S THE BUSIEST STORE IN TOWN

FOOLISH TO SUFFER FROM STOMACH ILLS

What's the use of suffering from heartburn and the other disagreeable things caused by Dyspepsia and Indigestion, when we offer you the privilege of using Rexall Dyspepsia Tablets entirely at our risk, with the distinct understanding that, if they don't relieve your stomach troubles and make your digestion easy, they will cost you nothing. If they don't do all you expect them to we want you to tell us and let us give back your money. We know what they are here for others and what they are made of. That is why we have confidence in them. Among other things they contain Pepsin and Bismuth, two of the greatest digestive aids known to medical science. They soothe and comfort the stomach, relieve heartburn and distress, promote the secretion of gastric juice and will make the bowels regular. We believe them to be by all odds the best remedy for indigestion or dyspepsia ever made. We believe you will say so, too, once you have used them. If you don't, they will cost you nothing. Sold only at the more than 7,000 Rexall Stores, and in this town only at our store. Three sizes, 25c., 50c. and \$1. Mahood's Drug Store, Kingston, Ont.
