**FEAR THE INDIANS**

**DO NOT DESPERATELY ATTACK  
THE GHURKS' TRENCHES.**  
Quite Easily Repelled—When Enemy  
Has Captured Indian Trench It  
Always Has Been Retaken.

London, Nov. 26.—The life of the  
Indian troops in the trenches is de-  
scribed in a bulletin from the front  
which was issued by the Official Press  
Bureau:

"Nothing sensational has happened  
in the Indian lines," says the bullet-  
tin. "There has been trenching, coun-  
ter-trenching and a good deal of  
hand-to-hand fighting, but no Gurk-  
ha regiment has penetrated behind the  
German lines and blown up a pow-  
der magazine.

The report says that the Germans  
have not attacked the Indian trenches  
as desperately as they have the  
other parts of the line, and have been  
repulsed without difficulty. When the  
Germans have captured an Indian  
trench it has invariably been recaptured,  
usually at night with the bay-  
onet.

Despite the cold weather the health  
of the Indians is better than that of  
the white soldiers who accompanied  
them from India. While feeling the  
hardships of the trenches acutely  
they have not complained.

The officers of the Indians are ex-  
traordinarily well-informed regarding  
the war. In describing German at-  
tempts to seduce the Indians, the re-  
port says that the operator of a  
Taube aeroplane threw down over  
the trenches many leaflets bearing  
the announcement of a German pro-  
fessor that Sheikh-ul-Islam had pro-  
claimed a holy war. All the leaflets  
fell into the hands of white soldiers,  
who were puzzled by them.

Two Indians were creeping to-  
wards a German trench on a scout-  
ing expedition one night when a  
searchlight was thrown upon one of  
them.

"He was quick-witted enough to  
realize that no ordinary resource  
would save his life," says the re-  
port. "He immediately rose to his  
feet and advanced, saluting to the  
German trench. Its occupants ceased  
to fire, disconcerted.

The Indian, by signs, indicated that  
he wanted to kill the British, and as  
a result spent a luxurious night in the  
German lines. In the morning, on  
making signs that he could bring  
other Indians, he was allowed to re-  
turn to his own side. He was pro-  
moted for this exploit.

With the ground frozen over  
and the weather clear the Ger-  
mans in north Belgium Wed-  
nesday night resumed night at-  
tacks on the allies' trenches,  
losing many men, and gaining  
no territory of any account.

The allied fleet Wednesday  
afternoon battered down Ger-  
man defences along the north  
Belgium coast, and the Ger-  
mans were compelled to retire.

An official London report  
says the weather is so cold in  
north Belgium that the men,  
stiffened by exposure, have to be  
lifted from the trenches.

It is reported that an entire  
German army corps was cap-  
tured by the Russians in Po-  
land, some fifty thousand men.

Reports from Berlin indicate  
that the Germans recognize  
their defeat in Poland has been  
decisive.

In the House of Commons  
members criticize the govern-  
ment for giving allowances to  
blue blood families whose rep-  
resentatives are fighting in the  
German army.

gary without opposition.

Ottawa lionized a spy.  
Guest of Honor at State Ball Last  
January.

Ottawa, Nov. 26.—A former social  
star, one of the brightest that ever  
shone in the society constellation at  
Ottawa, has been proven by the offi-  
cials at the militia department a Ger-  
man spy.

When "Count" Max P. Lynar Von  
London was here during the latter  
part of last January and the early  
part of February, he was a veritable  
lion amongst the Four Hundred. He  
was one of the guests of honor at the  
state ball at Government House last  
January. He entertained several of  
the elite and was, in turn, enter-  
tained by them. Fully captioned  
officers were constantly in his suite  
at the new Russell hotel.

Now the militia officers have learned  
that the "Count" was here solely  
for the purpose of gathering all the  
information he could about the militia  
department for the German govern-  
ment.

A sum of \$10,000 was voted by

**VICTIM OF SUBMARINE**

**GERMANS COMMITTED A MOST  
ATROCIOUS ACT**

In Sinking a Refugee Steamer—Brit-  
ish Admiralty Makes Charge  
Against Germany.

London, Nov. 25.—The steamship  
Admiral Granteau, loaded with  
refugees, which was sunk in the  
channel on October 26th, was the  
victim of a German submarine, the  
British admiralty declared to-day.

In making the announcement and  
charge that she was sent to the bot-  
tom by an enemy's war vessel, the  
admiralty published a picture of a  
fragment of a torpedo, bearing a  
German label.

"The discovery of the fragment of  
a German torpedo lifeboat proves  
conclusively that the Admiral  
Granteau was destroyed by a sub-  
marine," the admiralty announce-  
ment states. "This action of de-  
liberate destruction in broad day  
light, of a defenceless passenger  
ship, filled with refugees, is the best  
specimen of German methods yet  
recorded."

It was reported at first that this  
refugee ship struck a mine and later  
that her boilers blew up. This is  
the first intimation that a German  
submarine was guilty of it. Two  
thousand people were safely rescued  
by passing steamers. Many others  
lost their lives in transferring from  
the sinking ship to others.

"MADE IN GERMANY."  
Scurrilous Postcards of Kaiser Sold  
to Swiss.

Berne, Nov. 26.—The Swiss gov-  
ernment has just received a remon-  
strance from the German govern-  
ment for allowing the sale of what  
was regarded as particularly scur-  
rilous postcards of the kaiser. In-  
quiries showed that the post card  
was made in Germany and was placed  
on the Swiss market by a German  
firm.

Don't Merely "Stop" a  
Cough

Stop the Thing that Causes It  
and the Cough will  
Stop Itself

A cough is really one of our best  
friends. It warns us that there is inflam-  
mation or obstruction in a dangerous  
place. Therefore, when you get a bad  
cough don't proceed to dose yourself with  
a lot of drugs that merely "stop" the  
cough temporarily by deadening the  
throat nerves. Treat the cause—heat the  
inflamed membranes. Here is a home-  
made remedy that gets right at the cause  
and will make an obstinate cough vanish  
more quickly than you ever thought pos-  
sible.

Put 2 1/2 ounces of Pinex (50 cents  
worth) in a 16-ounce bottle and fill the  
bottle with plain granulated sugar syrup.  
This gives you 16 ounces of the most  
pleasant and effective remedy you ever  
used, at a cost of only 50 cents. No bother  
to prepare. Full directions with Pinex.

It heals the inflamed membranes so  
gently and promptly that you wonder how  
it does it. Also loosens a dry, hoarse or  
tight cough and stops the formation of  
phlegm in the throat and bronchial tubes,  
thus ending the persistent loose cough.

Pinex is a highly concentrated com-  
pound of Norway pine extract, rich in  
guaiacol, and is famous the world over  
for its healing effect on the membranes.

To avoid disappointment, ask your  
druggist for "2 1/2 ounces of Pinex," and  
don't accept anything else. A guarantee  
of absolute satisfaction, or money prompt-  
ly refunded, goes with this preparation.
