"Colgate's Cold Cream." Gibson's. Owing to the increased cost and the scarcity of supply of raw material, the Eddy Company have had to slightly advance the price of matchboxes and some other lines. The Eddy company believe the public will appreciate this when they realize it is done so that the high standard of quality for which the Eddy goods are famed, may be maintained.

Hunters At Denbigh. Denbigh, Nov. 24.—The hunting season for deer is over again for this year and the forests have resumed their usual quietness. Only very few, if any, of the outside sportsmen have failed in getting their legal share of venison and some of them were fortunate enough to get some bears. Two local young sportsmen, Otto Kliem, Jr., and William Berndt, also had the good luck to shoot a bear each, besides getting their deer. William Chatson, of Renfrew; Frank Chatson, of Brockville; Alfred Johns, of Belleville, and E. C. Bebe, of North Bay, all former Denbigh citizens, who spent the hunting season here, and at the same time enjoyed a pleasant visit with their parents and other relatives here, left last week for their present places of residence, well satisfied with their visit. William Warlich, who sold his farm here last spring and moved to Berlin, Ont., did not find city life all he expected it to be, and arrived here again with his family intending to make Denbigh their home.

Almie Harbor News. Miss Lucretia Wagar and T. Wagar have left for their home at Echo Lake, after visiting friends in this vicinity for a few months. The sleighting match at Almie Harbor, on Friday afternoon, went off splendidly. The party at night was also a success. About fifty people gathered and enjoyed themselves in dancing. Messrs. Wagar and Willard furnished fine music. Frank Langford lost a fine heifer one night last week. One of the other cows got loose in the stable, and hooked her to death. Miss Emma and Miss Mary Wagar spent the week-end with their aunt, Mrs. J. Hunter, and Miss Lucretia and Miss Rosa Wagar at Wilson Wagar's. T. Simpson is getting along well with his new saw mill. Nuts A Perfect Food. "A man might live on nuts," declared a doctor who is director of the laboratory of the Boston board of health. "Nuts are a most important food. People ought to realize it now that the price of meat is high. In many cases nuts can take the place of meat. Nuts and milk are the only perfect foods. And while one pound of butterfat contains 3370 heat units, a quart of milk contains only 700. Butterfats are most nutritious; also chestnuts, walnuts, and almonds. I heartily recommend them to all."

The Way It Began. According to the story, widely believed throughout Islam, a dog approached Allah while the latter was engaged in the construction of Eve, and seizing the rib which the Almighty had just taken from Adam's side ran off with it. Allah, it is said, followed in hot pursuit and managed to grasp the tail, while the dog had neglected to tuck away. The dog remained in Allah's hands, the tail re-appearing with the rib. Allah thereupon fasts de-mieux, utilized the dog's tail instead of Adam's rib for the construction of the mother of mankind, and it is owing to this according to the Arabs, that woman is just as incapable of remaining quiet and motionless for two minutes together as in the tail of a dog.
