

HOCKEY ENTHUSIASTS

MET IN COUNCIL ON FRIDAY NIGHT.

Annual Meeting of the Frontenac Club—George B. McKay Was Re-elected President.

The Frontenac Hockey club held its first meeting of the season in the city council chambers, on Friday night. There was a very large turnout of interested people around the horse-shoe. In the absence of the president, George B. McKay, A. Rooney occupied the chair.

The minutes of the last meeting were read by the secretary Stan Trotter and the financial report read by the treasurer, B. Abernethy.

James T. Sutherland, manager, then made a few pointed remarks on the treasurer's report. He explained that the principle of the club and always been one of liberality toward the boys who played. The club had always given the boys a good time. Some money was used that might have been conserved.

This year they had only a surplus of \$60, and only two years ago had \$250. The club had not canvassed the merchants for five or six years, except for money to buy souvenirs. He spoke of the unnecessary paying for luncheons after the games as he felt that the boys had good homes to go to where they could eat. He would even go so far as to say that the club should not have to pay for skates and boots of the players.

He congratulated the treasurer, Bert Abernethy for the concise way in which the financial report had been given.

He explained that the secretary had made the necessary arrangement for the trip that the team will be given. The dates, 25th and 26th of December, had been accepted by telegraph for games in Cleveland. H. C. Shannon is the manager of the Cleveland team. Games will also be arranged in Detroit and New York but the exact dates have not yet been set.

It was formerly decided that the Frontenac hockey club put a junior and senior team in the O.H.A. this season. "Terry" Millan was elected captain of the junior game.

Two of the club members are now serving their country at the front. George Richardson and "Scotty" Davidson, are the two. It was decided to send them a Christmas remembrance.

KINGSTON TALENT

Was Greatly Appreciated at Cobourg Patriotic Concert.

Cobourg Sentinel-Star. This was the first occasion that Mrs. Mulloy, Kingston, has ever sung here, and Cobourg people will be much disappointed if they do not soon have the pleasure of hearing her again. Mrs. Mulloy has not sung in public since her marriage until the outbreak of the war. Enthusiased with the spirit of sacrifice she is now giving her services to aid the Red Cross work. She possesses a flute-like voice of rare beauty of tone, and almost indescribable sweetness and flexibility. Her enunciation and expression leave nothing to be desired, while her appearance before the audience at once captivated all hearts. With wonderful beauty and expressiveness she sang first a recitative and cavatina, "O Luce di Quest Anima" (Donizetti) her expressive tones rising in sweetest cadence of song. Her second number, "Russian Nightingale's Song" (Ala Bief), was perfectly rendered, and gave a rare pleasure to all. Mrs. Mulloy kindly responded to the applause to both selections.

Miss Eileen Wright, Kingston, pianiste, is a charming artist. Her technique included not only skill, rapidity in execution, but a marvellous tone production and sympathetic interpretation, the latter attribute being very marked. Miss Wright played "Autumn" (Chaminade) with unwonted brilliance of execution and warmth of expression.

GRAND OPERA HOUSE.

Imperial Musical Comedy Closes Engagement To-night.

A very enjoyable time was spent by the very large audience at the Grand Opera House last evening in the production of "Coming Thru the Rye," by the Imperial Musical Comedy company. The singing and dancing was appreciated. A handsome bouquet was presented to Miss Agnes Geary, the graceful tango dancer. Mr. Adair, the wonderful boy, sang "Kildare, Where the Shamrock Grows Green," and "Where the River Shannon Flows," while the sextette rendered "Evening Girl Loves a Soldier," "A Melody," and "The Rose." Quartermaster-Sergeant Billings sang a patriotic song and was vigorously applauded. The boxes and stage were decorated with Union Jacks.

To-night, the closing performance, the bill will be "The Funny Side of Life."

PEOPLE ARE MISTAKEN

With Regard To the Sounding of Crossing Whistles.

Speaking of railway accidents, J. R. Donaldson, mail clerk for twenty-five years on a train, said it was curious how many people would go into a witness box and swear that on a certain occasion the usual alarms were not given. After a certain inquest, Mr. Donaldson made a test. It was in mid-winter when many of the crossings did not have a track over them all winter. Yet he found that even in these out-of-the-way places at every crossing, for three consecutive trips, all the signals had been given. Engineers give these signals almost automatically, in fact the rest of the crew back on the train depend upon them to know where they are. At night, a mail clerk will keep tab on these signals and then throw off a mail bag in the dark.

Witnesses he says are of course mistaken, and really think they were not sounded just because they have no recollection of hearing them.
