

THE COUNTY COUNCIL

AWARDS CONTRACTS FOR NEXT YEAR'S JAIL SUPPLIES.

It Divides \$25,000 Additional Fire Insurance on Court House Among Ten Agents.

At the Friday afternoon session of the Frontenac County Council a motion was presented by Councillors Donaldson and Thompson providing for the payment of accounts by the treasurer on the 15th of each month, after being duly audited.

On motion of Councillors Franklin and Hawley, the resolution passed at the June session regarding interest on road overdrafts, was changed from six to five per cent, to come into effect on January 1st 1915.

Councillor Franklin's resolution calling the attention of the Board of Railway Commissioners to the need of a bell at the G.T.R. railway crossing near Hideau station where the fatal accident occurred on the night of November 25th, was adopted on motion of the committee, whose work at this November session was greater than that of the council.

At the Saturday morning session, committee reports were presented and adopted. The Finance Committee recommended these grants: Infant's Home, Orphan's Home and Children's Aid Society \$175 each; Mowat Tuberculosis hospital \$500. These grants are the same as last year.

The Property Committee recommended that contracts for jail supplies be awarded as follows: Bread, H. H. Toye, three pound loaf for 10c; meat, H. Waddington, 10 cent a pound for beef, mutton and pork; J. R. Henderson, groceries. The committee also recommended that the additional \$25,000 fire insurance be placed on the court house be equally divided among the following ten agents: Strange & Strange, T. J. Lockhart, C. W. Wright, A. Blake, Thompson, A. Bond, J. O. Hutton, Lewis Clow, Godwin & Son, G. A. Bateman and E. Woodman.

The special committee reported defining the duties of the auditor, and its report was adopted.

It was decided on motion of Councillors Hawley and Sleeth, to call the local member's attention to the destructive effects of the heavy steam and motor trucks on various roads in

the townships of Kingston and Storrington, and that he be asked to confer with the Good Roads Commission to see what can be done in regard to the matter.

The communication of City Solicitor Givens with regard to the annexing of certain lands to the city of Kingston was laid over until the January session, as the same has not been dealt with by the township of Kingston council.

The committee on printing and education recommended that the petition of Bedford school section No. 1 be referred back to the townships interested.—Adopted.

Wood and coal contracts were awarded as follows: Hard coal at \$7.25 a ton and hard wood at \$8 a cord to S. Anglin & Co. The repairing of the turnkey's quarters was left to the Property committee chairman.

The Roads and Bridges committee recommended that steps be taken to have the Leeds County Council bear its share of the cost of maintaining a bridge on the boundary line at Bedford Mills; that James Wilks be appointed caretaker of Cross Lake bridge.—Adopted.

A hearty vote of thanks to Warden J. A. Kennedy, for his good work during the year, was adopted on motion of Councillors Halliday and Franklin.

The council adjourned until the January session.

Removed to Sydenham.

The Tweed News remarks: Mr. and Mrs. Stanley Lee, who has lived amongst us for quite a while, have removed to Sydenham. Mr. Lee is employed on the B. of Q. railway, and the company requires him to reside there. We regret to lose them from our midst as they are most desirable citizens. They will be greatly missed in the Methodist church and Sunday school, in which they were both actively interested. On Saturday evening a number of the ladies of the Ladies' A. B. C. waited upon Mrs. Lee at the home of William Robinson and presented her with a piece of china as a slight evidence of their personal regard for her, and they spent a pleasant social time together.

Annual Meeting.

The annual meeting of the Home for Friendless Women and Infants will be held on Tuesday afternoon, Dec. 1st, at three o'clock, at the Home. All friends are most cordially invited to attend.

AWAITING THE THRILLING ORDER TO CHARGE. French infantry crouched behind underbrush awaiting the order to charge on the German trenches. They have their bayonets fixed. Of the very company shown in this picture only six of the men came out of the assault alive. The rest were mowed down by German machine guns.

READY FOR CHRISTMAS

WAR HAS NOT FRIGHTENED SANTA CLAUS FROM KINGSTON

No Lack of Toys, and Business Goes On As Usual With Good Trade in the Stores.

If any person had the idea that the war would put Kingston off the map so far as Santa Claus was concerned, and that it would interfere with the Christmas shopping he had better give up the idea, for a visit to the local stores will convince one that there are great quantities of good things in town. The business in the stores would not imagine that a terrible war was being waged.

Christmas shopping has commenced in Kingston, and it has commenced in earnest. Every shop window in town is bright with good things, and says nothing of the many beautiful things to be found on the inside.

There is something to please everyone. The one outstanding feature is that the early shoppers will secure the best selection so it would be wise for every Kingstonian to heed to the old-time motto, "shop early."

On Friday afternoon a representative of the Whig made a tour of the downtown stores and everywhere he found the "spirit of Christmas" prevailed. True, there is much anxiety in some of the homes owing to the fact that loved ones are now encamped on Salisbury Plain, others at the front and perhaps on the firing line, but still all this appears to have broadened the hearts of the people and they go to shop and secure some remembrance to send to friends, and so show their sympathy.

All the Christmas novelties, as in days of old, are to be seen on the counters and there is no limit to the selections for the children, and this is as it should be for is not Christmas after all, most important for the little folk?

While Germany has been noted for its toys, it has had no monopoly, for France, Belgium, Holland and Japan are in the business, and by getting in their orders early some of the merchants did, they were able to get everything they wanted.

Work Is Proceeding.

It is gratifying to know that the Canadian Peace Centenary education work, that literature is being prepared for the schools, that prizes will be offered for the best essays on Anglo-American relations, that church services will be held on February 14th next and that the organization is being kept intact with a view to the holding of public festivities after the conclusion of the war. The relations between Canada and the United States for some years past have been more than friendly, and the attitude of a large number of Americans towards Great Britain, in the conflict which has been thrust upon her by German greed and aggression, is such to-day, that if a great celebration between our neighbor and ourselves can be arranged, it will elicit the warmest enthusiasm on both sides of the boundary.

G. T. R. Steamships Make Record.

In welcoming the Grand Trunk Pacific steamship Prince George at Prince Rupert, when service was resumed lately, a prominent citizen made the remark "we shall now be able to regulate our watches." The record of the Grand Trunk Pacific steamships in adhering to operating schedules which are arranged much as railway schedules are, is a remarkable one. From March, 1912 to the present time, these fine steamships have not, in any case, been more than thirty minutes overdue at any port, and altogether have been only twelve times late in approximately 500 trips.

Removing to Ottawa.

Mrs. Alfred Cutts and little daughter, Bessie, expect to leave for Ottawa, next week, where Mr. Cutts has secured a good position.

Destroying And Building.

Toronto Star. The Panama canal has cost \$353,000,000. That is a lot of money. Yet it but represents ten days' cost of the present war.

CARRIAGE OF CHRISTMAS GIFTS.

Parcels Post Will Handle Traffic This Year.

Ottawa, Nov. 28.—The parcel post system inaugurated by Hon. L. P. Pelletier will be available this Christmas for the transmission of holiday gifts. The system did not go into operation until after the first of the year, and parcels posted last Christmas went at the old postal rate. The new system cut these rates to less than half, and the post office department expects to carry a large proportion, if not the bulk, of this year's Christmas presents coming within the legal limit as to size and weight.

The parcel post, like other transportation factors, is feeling the effect of the war situation in decreasing revenues, but is operating satisfactorily. It had been hoped to inaugurate a collection service for parcels in the cities, but this will have to be postponed until times are better.

A THANKSGIVING BRIDE.

Miss Rose, Boston educationist, daughter of Chief Bluejacket, one of the most famous leaders of the Choctaw tribe of Indians, who married Earl Chittenden, Thursday, in New York. Richard Croker, the former Tammany boss, is the father of the bride. Miss Edmondson is the daughter of an Indian princess. This photo was taken at a suffrage parade in New York in which Miss Edmondson represented Oklahoma state.

SAVE \$48.76 A MONTH EACH.

What Profit-Sharing Plan Shows After Ten Months.

Detroit, Nov. 28.—As a result of ten months' operation of the Ford profit-sharing plan, employees of the "Automobile King" have purchased on contract homes valued at \$5,000,000, upon which they have made payments aggregating \$1,200,000; have taken \$3,000,000 life insurance, and have saved on an average of \$48.76 per month each, either in savings banks or real estate. These figures were made public to-day. About 9,200 employees are under the profit-sharing plan.

Since the plan went into effect the average gain per man in bank deposits has been 180 per cent.; in life insurance, 86 per cent.; in homes owned, 87 per cent.

BRITISH AIRMEN PRAY

FOR TIDAL WAVE OF KHAKI CLAD SOLDIERS

To Sweep Belgium Of the German Hordes—They See From the Air How the Enemy Outnumber the Allies.

London, Nov. 27.—No one in the fight has a more thirsty desire for reserves of men than the allied airmen, who from their perches have seen over the plains of Flanders these hordes of Germans gathering to the attack. The fact is spread before them pictorially as before no one else. They see with their eyes what we all know; that numbers win. Here is a particular example of the eye of one of the recent attacks.

Above the valleys of La Deule an airman drove his biplane in the sunshine, while his companion sought to catch a glimpse of the German forces 3,000 feet below. But he found himself "trapped from the world." The mist over the valley was spread like mother of pearl.

The cloth of silver, like a roof of hoar frost. Then as he circled round and round the supposed haunt of the enemy the mother of pearl, the silver, the hoar frost faded slowly and dissolved. In place of the lively plain he could detect the threatening assemblage of thousands of German troops in front of the allied lines from which he had risen. He saw the beginning of one of the attacks that have been repeatedly and dissolved. How To Have A Beautiful Complexion

One of our lady readers who found that her skin was becoming harsh and dry from the use of powders, rouge and creams, sends us the formula below. She states that the simple, harmless, and inexpensive lotion made therefrom softened her skin, and so greatly enhanced the beauty of her complexion that she has entirely done away with all other preparations which she had been accustomed to use. This lotion can easily be prepared at home or by any good druggist. It calls for two ounces of Rose Water, one drachm Tincture of Benzoin, and two ounces Flowers of Oxidum. Mix together and apply night and morning with the hands or use a soft cloth or sponge. Always shake well before using. Our obliging correspondent asks that her name be withheld for personal reasons, but nevertheless gives us the permission to publish her letter for the benefit of other readers. She adds that this formula was given her by a woman 55 years old whose youthful complexion and almost total absence of wrinkles were a source of wonder and admiration to all who knew her.
