

How She Discarded Unsightly Complexion

How often I exclaimed as I beheld my ugly complexion in the mirror, "If I only could tear off this old skin!" And do you know, I've learned how to do that very thing! Not to actually remove the entire skin all of a sudden; that would be too heroic a method and painful, too, I imagine. The worst-outcuticle comes off in such tiny particles, and so gradually—requiring about ten days to complete the transformation—it doesn't hurt a bit. Day by day the beautiful complexion underneath comes forth. Marvellous! No matter how lousy, rough, blotchy or aged your complexion, you can surely discard it by this simple process. Just get an ounce of ordinary mercurochrome as your druggist's, apply slightly like cold cream, washing it off mornings. My wrinkles I got rid of by an equally simple method. By dissolving an ounce of powdered salicylic in a half-pint witch hazel and bathing my face in the solution, every line completely disappeared. First the finer lines, finally even the deep crow's feet, vanished entirely.—Mona Morrow in Town-Tattler.

XMAS PERFUMES

Never have we had such a fine display of high class perfumes, ranging in price from 25 cents to \$5.00.

Perfumers

Something new this year for spraying perfume. Be sure and see them. Handsome and inexpensive.

S. Collier, Picton, was in Nanawauke, settling up the season's business of the steamer Lamonde. Martin and Collier are securing a larger and faster boat for the service next season.

"Ebony hair brushes," Dr. Chown.

HAD A GOOD LECTURE.

It Was Given by W. Herrington, of Nanawauke.

Ganawauke, Dec. 12.—W. S. Herrington, K.C., one of the prominent legal lights of this section of Ontario, under the auspices of the Ganawauke branch of the Leeds County Patriotic League and Relief Association, delivered an excellent address on "Belgium and the European War," at the new armory, last evening, in aid of the Red Cross work.

The lecture was very entertaining and instructive and was illustrated by some excellent lantern slides and included a number of photographs of flowers and men of the 3rd battery of the 1st brigade. Mr. Herrington is no stranger in Ganawauke, he being a past D.D.G.M. of the twelfth Masonic district, in which Ganawauke is included. The attendance was a large one.

The Young People's Society of Grace church held a very well attended and enjoyable session in their lecture room last evening. The programme was a most interesting one and thoroughly enjoyed.

Quite a large delegation from the Methodist, Presbyterian and Anglican churches went to Brockville yesterday to represent the local churches at the Boys' conference in that town on Friday, Saturday and Sunday.

Ganawauke council, No. 132, C.O.F., has elected the following officers for 1915: P. C., Gordon Heaslip; C. C., F. O. Elliott; V. C., Lawrence Sherry; relate, David Darling; recorder and treasurer, Walter B. Emery; marshal, Arthur Compeau; warden, Erwin Fawcett; guard, Harry Harper; sentry, A. J. Waldie; representatives to grand council, Geo. L. Johnston and G. A. Feaslip; alternates, W. R. Emery and J. Gillespie; trustees, R. W. Cunningham, D. Darling and E. B. Seating.

Mrs. C. S. McKeezie, Preston, is the guest of her parents, Mr. and Mrs. C. K. Wright, Sydenham street, for the holiday season.

SOLDIERS' SCRAP BOOKS.

London Pupils to Start on News Bureau For Volunteers.

A novel plan is being carried out in London Ont., among the school children, to give them a part to play in the present great conflict and the plan is one which should appeal to the children in Kingston. The scheme is proposed by the inspector of schools, C. B. Edwards, and it is that of having scrap books in which are to be pasted clippings from the newspapers and sent to the boys at the front.

"Newspapers for obvious reasons are not available at the front, and it is desired to keep the men posted on the news and activities in their home town which they would not otherwise get. War news will not be featured as the feeling is that the soldiers will see enough of the war without reading in the newspapers about it.

Death of Mrs. Jasper Dingman.

Death came suddenly to Mrs. Jasper Dingman, Picton, on Saturday, and Mrs. Robert Coulson, who have been stopping with Mrs. Dingman for several months, went to market leaving Mrs. Dingman apparently in her usual health. When they returned in the course of half an hour they found the lifeless body of their aunt in the pantry where she had gone to get something, and collapsed, evidently passing away quickly and without a struggle. The deceased was a member of the Hoover family. She first married Edward Stickney who died many years ago. Her second husband, Jasper Dingman, predeceased her several years. Mrs. Dingman had reached the age of eighty-seven years. She is the last of the Hoover family.

"Sick room specialties," Dr. Chown.

OTTAWA WON DEBATE

DEFEATED QUEEN'S IN THE INTERCOLLEGIATE CONTEST.

The Subject Was, Resolved That Land Improvements Shall Be Exempt From Taxation.

The intercollegiate debate between Ottawa College and Queen's, in Convocation Hall, on Friday night, resulted in a victory for Ottawa after two hours of brilliant speeches from the members of both sides.

The affirmative of the subject, "Resolved, that in the municipalities of Ontario improvements shall be exempt from taxation," was taken by the Queen's team, H. L. Spankie and J. H. MacInnis, while Ottawa College was represented by Mr. Lacey and Mr. Guillet.

Mr. Spankie, the first speaker, explained that the affirmative side opposed only the tax on improvements and not the various other means of revenue, included under the idea of single tax. He showed that the new system had been tried successfully in New Zealand and in parts of Canada and that petitions had been sent to the Ontario government to have improvements exempt. Whenever a man makes a much-needed sanitary improvement he is taxed for it, while the non-progressive man goes scot-free. The farmers in New Ontario want the new system. The present state of affairs makes fortunes for land owners without any work.

Mr. Lacey, Ottawa, pointed out that in any field of business there is unearned income and why not in land speculation. Taxes should be imposed on the man who invests in manufactures as well as on the man who invests in land. The exemption on improvements will increase taxes on agriculture. The tax on land value is a tax on industry. All men should pay taxes in accordance with their ability to pay, whether it be in money or sacrifice of labor.

J. A. MacInnis, the next speaker, in the best speech of the evening, explained that the proposed exemption would take place gradually at a rate of five per cent. per year for twenty years. To make up the deficit a tax would be placed on the unearned increment, where the land owner had not done anything to improve the land. The new scheme would prevent illegitimate land speculation. The speaker further added that both England and Germany taxed the increased value of land.

The last speaker, Mr. Guillet, argued that the rate of taxation has nothing to do with speculation value, and that if improvements were untaxed, the taxes on the land would be too high. If the whole assessment were placed on the land, undue taxes would be placed on the poor man, and relieve the load on the owner of the mansion.

Judge Lavell, in giving his decision in favor of Ottawa, stated that the battle had been very evenly contested and it had been difficult to choose the winner.

The judges were Judge Lavell, R. Meek and J. E. Eganey.

While the judges were making the decision the 15 quartette gave a selection, and G. McFarlane sang "Rule Britannia."

RELIEF FOR JERUSALEM

Turkish Government Consents to Expedition From New York.

Washington, Dec. 12.—The Turkish government, through Mr. Morgenthau, has signified to the state department its willingness that an expedition be sent to the relief of people in Jerusalem. The expedition is being organized by Hebrew philanthropic societies in New York which plan to send a ship through the Mediterranean to Palestine.

JAPAN RETAINS CONTROL

Not Handing Over Pacific Islands to Australia.

London, Dec. 12.—The recent reports that Japan intended handing over Pacific Islands to Australia is inaccurate. Information obtained from an official quarter to-day says it is planned to give Australia control of only a portion of these islands, while Japan retains military control of others until the end of the war.

It is understood that the negotiations for this division are practically completed.

Deliberate.

Rev. James Hamilton, minister of Liverpool, while on holiday in Scotland, had a narrow escape from drowning. Accompanied by a boy, Mr. Hamilton was fishing for sea trout, when he slipped on a stone, lost his balance, and being encumbered with heavy wading boots, had great difficulty in keeping his head above water. Finally he managed to get back to the shore, although in a very exhausted state, and said to the boy: "I noticed that you never tried to help me."

"No," was the deliberate response, "but I was thinkin' o' it."

"Ebony hair brushes," Dr. Chown. Divide your service between the Lord and the devil and the devil will get the lion's share.

"Abdominal supporters," Dr. Chown. The man who wants something for nothing is partial to the company of the too generous man.

CATARRH LEADS TO CONSUMPTION

Catarrh is as much a blood disease as scrofula or rheumatism. It may be relieved, but it cannot be removed by simply local treatment. It causes headache and dizziness, impairs the taste, smell and hearing, affects the voice, deranges the digestion, and breaks down the general health. It weakens the delicate lung tissues and leads to consumption.

Hood's Sarsaparilla goes to the seat of the trouble, purifies the blood, and is so successful that it is known as the best remedy for catarrh.

Hood's Sarsaparilla strengthens and tones the whole system. It builds up. Ask your druggist for Hood's, and insist on having it. There is no real substitute.

PROBS.—Moderate winds, fair and moderately cold to-day and on Sunday.
