Waldron's Annual Sale
Household Linens

This year we have planned our annual sale on a much larger scale than ever before. Months of preparation have been spent in gathering special lines by our buyer while in the European market, and we have secured a large stock of Manufacturers' Samples, Mill Ends, Over-Makes and odd lots, all of which were purchased or contracted for before the war and at big reductions for cash.

We advise filling your requirements in these goods, both for present wants and as far ahead as you possibly can. It will be money saved.

DURING JANUARY AND FEBRUARY this store will close each evening at five o'clock except Saturday.
