

## THERE IS VIOLENT FIGHTING ALONG ENTIRE FRONT

### Much of it in Nature of Artillery Charges.

## TO RETAKE GROUND

### IS DESIRE OF GERMANS, WHO ARE SACRIFICING LIFE.

### But They Cannot Make Any Advances, Rather They Have to Retreat—German Trenches Are Being Constantly Taken—Heavy Snows Are Slowing Up Progress.

Paris, Jan. 11.—Violent fighting is now in progress along the entire front line between Lys and Oise. In a series of combats the French have succeeded in taking a line of German trenches in this vicinity, according to this afternoon's official announcement. From the sea to Lys the fighting continues to be entirely in the nature of artillery exchanges.

Heavy fighting in the vicinity of Soissons continues, the Germans constantly sacrificing men in an effort to regain ground which they were forced to relinquish last week. The fighting is increasing in volume, but the French war office emphatically denies the German claims of gains at this point. Instead, it is asserted, the allied lines are being advanced into trenches heretofore held by the Germans.

Between Aisne and the Champagne region artillery duels continue with advantage to the French. North of Perthes another line of German trenches have been carried by assault by the French.

Heavy snows are slowing up the progress in the Vosges and in Upper Alsace and are adding to the misery of the wounded. Fighting continues unchecked with little advantage to either side as yet.

### To Preserve Neutrality.

Basle, Switzerland, Jan. 11.—With all Upper Alsace turned into a battlefield, and with hostilities continually increasing Switzerland, today, took steps to preserve her neutrality. All of the troops now mobilized have been ordered to guard the frontier. In addition, railroads have been put back upon their former schedule and the complete cessation of calling out of additional troops is needed.

Both Germans and French continue to pour additional troops into the adjacent country. At the present time the Germans have more than 160,000 men in the German hospitals along the Rhine have been emptied of regular patients, increased in size and are now being used for the wounded who continue to arrive.

The French have also strengthened their position taken on and are bringing up additional artillery to maintain them. North of Altkirch where the fighting is continuous the French have control of the approaches and the main road from Cannes to Belfort. They have constructed a complete system of roads so that they can transport men quickly to and from every threatened point.

### Admit Gains.

Berlin, Jan. 11.—Admitting, for the first time, that the allies have gained a foothold in their trenches north of Soissons, the German war office, today, declared that the battle at this point continues with the allies unable to make any further gains.

### War Tidings.

Col. Harry F. McLeod, M.P., of Fredericton, N. B., ill with pneumonia.

Dr. R. J. McEwen, Saskatoon, will shortly leave to join the Princess Patricia's as captain. His wife is going to England to take up nursing.

The generals of the German staff in Berlin have advised the emperor to cease interfering with the strategy of the campaign.

Richard Martell, a Welsh-Canadian of Vancouver has sent, at his own expense, twenty fully equipped recruits for the Welsh army corps which is now being raised in Wales.

## COMMERCIAL ATTACHE FOR BRITISH EMBASSY

### New Official at Washington Outcome of Present Neutral Trade Dispute.

Washington, Jan. 11.—The British government has decided to appoint immediately an expert commercial attache for the British embassy at Washington. This is a new and important step in the relations between British and American trade, and the action of Great Britain, which is based on a recommendation of the British ambassador, Sir Cecil Spring-Rice, is a recognition not only of the growing importance of American foreign trade, but is regarded as additional evidence of the expressed desire of the British government to lessen interruptions of neutral trade on account of the contraband question during the progress of the war in Europe.

The name of the new British commercial attache is not known here.

### GREAT BRITAIN'S VIEWS.

### Tone of Reply Pleases the Washington Officials.

Washington, Jan. 11.—Great Britain's preliminary reply to the note from the United States government requesting an improvement in the treatment of American commerce by the British fleet was made public here and in London yesterday by mutual agreement between the state department and the British foreign office.

The British communication concurs in the view of the United States that commerce between neutral nations should be interfered with only when it is imperative necessary, and officials of the Washington government construed it as conceding that the principals expressed by American note were just and upheld by the previously accepted usage of international law.

Briefly, the British note, while conceding the principles of the American government's contentions, points out difficulties in actual practice, refers to alleged fraudulent practices by shippers and cites statistics showing an increase, rather than a decrease, in certain neutral commerce, in support of Great Britain's suspicions that Germany and Austria have been indirectly obtaining contraband through neutral countries. The note promises, however, that Great Britain will make redress whenever the action of the British fleet may unintentionally exceed the limits of international law.

The admission of Great Britain of one of the chief points in the American note—that the relations between neutrals were those of normal times of peace and not of war—was gratifying to officials, who believed that the controversy would now resolve itself into a frank discussion of what were the actual necessities of the case which impel interference by a belligerent when suspending the ultimate destination of a neutral cargo is belligerent territory.

### NOT IN TEN YEARS

### Has There Been Such Good Skating On the Harbor.

Not in ten years has there been such good skating on the harbor. Saturday and Sunday several hundred Kingstonians enjoyed the sunshine and if the weather holds good there will be a record crowd on the ice every day. The skating is good to the island and also to the lighthouse at Four Mile Point.

### Twenty Afflicted With Meningitis.

London, Jan. 11.—As a result of reports disseminated in the United States and Canada that an epidemic of meningitis had broken out in the camp of the Canadian troops at Salisbury Plain, the military censor authorized an official statement that not more than twenty men were ill, and that at no time had there been any danger of an epidemic.

## AWAIT CONFIRMATION ABOUT THE PATRICIAS

### A Corporal Wrote That Regiment Was Within Sound of German Guns.

Toronto, Jan. 11.—Further confirmation that the Princess Patricia's have been in action within the last day or two was received here today in the shape of a letter from Corporal Hayes, dated on Christmas day.

The envelope was franked by "D. C. Newton, captain of No. 1 company, according to a cable, this morning, was killed in action. It is thought here hardly possible that Captain Newton could have met death unless there were other casualties in his regiment.

Further particulars are eagerly awaited here as there is a large contingent of the Princess Patricia's from Toronto and other parts of Ontario. Corporal Hayes remarks in his letter: "We are now within sound of German guns."

### Ladies Curling Match.

In the ladies' curling match, on Monday morning, the teams skipped by Miss Tandy defeated the teams skipped by Mrs. W. E. Givens by a score of fourteen to seven.

The rinks were: Miss Tandy (skip), Miss G. Craig, Mrs. E. Davis and Miss K. Daley—11.

Mrs. W. R. Givens (skip), Mrs. Young, Miss P. Knight and Mrs. Constantine—7.

Seemingly the Russians believe the report that the Turkish cruiser Goeben, formerly of the German navy, has been damaged, for their Black Sea fleet, which is superior to the Turkish fleet without the Goeben, has been attacking Turkish ports and destroying their shipping.

No confirmation of the reported naval battle between the British cruiser Invincible and the German cruiser Von der Tann off Rio Grande do Norte.

A contingent of sixty volunteers for the British army arrived at Honolulu from the Fiji islands on board the steamer Makura, on the way to Vancouver, B.C.

In the Caucasus the Turks have made a stand on the frontier near Kara-Uguz and are fiercely attacking the Russian lines.

BEIGIANS STILL AT IT. On the northern battlefield—trenches alongside the Dixmude-Nieuport railway, which has been the scene of desperate fighting.

## THE FRENCH LANGUAGE BANNED IN ALSACE

### To Speak it is a Crime—Divorces Numerous Because Opinions on War.

Basel, Switzerland, via Paris, Jan. 11.—German martial law is described by Alsacians in Basle as "weighing heavily" upon their countrymen at home.

They declare that the speaking of French is classified as an offence under the orders issued by the commanding generals of the 14th, 15th, 16th, and 21st German army corps, who cite the imperial laws of 1878 and 1882 to support their contention. The testimony of the children and servants is taken as proof before courts martial of guilty of talking French.

### Drop Bombs On Dunkirk.

Paris, Jan. 11.—A despatch to the Havas Agency from Dunkirk says that a dozen German aeroplanes bombed Dunkirk and environs Sunday.

Thirty bombs were thrown by the aeroplanes, but owing to the precautions that had been taken there were few victims. The material damage was unimportant.

### JAPANESE WARSHIPS.

New York, Jan. 11.—That Japanese warships are now operating in the Atlantic is the opinion of Captain Williamson of the steamer Curacoa, in to-day from Havre. He reports that he passed a warship off the Azores enroute and that he is sure from her build that she was Japanese.

## ALL BRITISH VESSELS ORDERED INTO PORT

### Said That Another German Squadron is Operating Off Brazil.

Rio Janeiro, Jan. 11.—British vessels all along the Brazilian and Argentine coasts have been ordered to report in port owing to a report that another German squadron is operating along the Brazilian coast. No information regarding the composition of this squadron is available here although one report claims that the Karlsruhe and her convoys have been augmented by German warships that ran the gauntlet of the British fleet in the North Sea and escaped after the bombardment of Scarborough and Hartlepool.

## ICEBOAT ACCIDENT ON HARBOR ON SUNDAY

### Young Man and Lady Had Cold Dip Crack.

A dip in the icy waters of the St. Lawrence was experienced by W. Peapour and a young lady on Sunday afternoon as they were enjoying an ice-boat ride around the harbor. Everything went along splendidly so long as they continued their sailings within a certain distance of the city. In trying to cross the big crack the boat dropped into the water and sank several feet.

Many skaters who were enjoying themselves on the ice heard the cries for help come from the impelled ice-boat, and assistance was immediately rendered and a rescue effected.

The water-soaked couple were hurried to the nearest shelter and a cab called to convey them to their homes.

A gentleman living in the northern part of the city, while walking with his little son near the causeway, broke through the ice and only by his ability to swim was he able to get out. Dangerous places in the harbor should be bushed at once or there will be a drowning.

The art of bayonet fighting, which is also being given to the first contingent men on Salisbury Plain, is being taught the men of the 21st battalion by Sergt. Major Inst. Edwards. On Monday morning the class was taught the handling of a rifle with fixed bayonet and later it will be supplied with a specially reconstructed Snider rifle which has a sliding rod similar to a fixed bayonet.

The battalion is being given drill on Queen's upper campus, owing to the condition of the cricket field, which is a sheet of ice. Several of the signalling section were signalling across the cricket field on Monday, but it is impossible to drill men there.

Major S. de la Ronde, R.O., has been appointed assistant provost marshal for the 3rd divisional area.

F. D. M. Hamilton, Kingston, has been appointed a provisional lieutenant in the 14th regiment.

Had Fingers Crushed. Michael Micolak, a foreigner employed at Davis' tannery, had his right hand badly injured while at work Monday morning. The first two fingers were crushed. At the general hospital, Dr. J. F. Sparks dressed his injuries.

BORN 100 YEARS AGO. Monday, January 11th, is the 100th anniversary of the birth of the late Sir John A. Macdonald. Flags floated on all public buildings throughout Canada, by direction of the minister of public works, in honor of the centenary.

## HOLDS NO REASON FOR STOPPING WORK

### The Contention of the United States Government Regarding Shipments.

Washington, Jan. 11.—The position of Great Britain on foodstuffs shipments caused the most comment here today. It was regarded as the principal weakness of the British position outlined. Because Teutonic allies are alleged to be disregarding international laws in no reason, this government will vigorously contend, for shutting off foodstuffs shipments unless destined for the armed forces of the enemy.

Drop Bombs On Dunkirk. Paris, Jan. 11.—A despatch to the Havas Agency from Dunkirk says that a dozen German aeroplanes bombed Dunkirk and environs Sunday.

Thirty bombs were thrown by the aeroplanes, but owing to the precautions that had been taken there were few victims. The material damage was unimportant.

Planes Again Bombed Dunkirk. This afternoon several buildings were badly damaged and five civilians were killed and several wounded. When the German aviator attempted a reconnaissance over the French positions at Amiens, today, he was pursued and a French aviator demolished his machine. The pilot was killed and the observer severely wounded and captured.

### Home-Made Ale.

London, Jan. 11.—The new beer tax has had the effect of reviving the obsolete art of home brewing in the country districts of England. If home brewing becomes widespread one of the main sources to which Lloyd-George has been looking to raise funds for the war will be cut off. The brewing industry will also suffer.

## GERMAN WARSHIP SUNK

New York, Jan. 11.—Despatches here today say that the German cruiser Koentz, a berg which was bottled up in a river off the coast of Africa, some months ago, has since been sunk by the British warship gun directed by aeroplanes.

## SPRIT OF BRITISH MOTHER GRAND, DECLARES CHOATE

### "Devil of Militarism" Will be Vanquished, Says Ex-Ambassador.

New York, Jan. 11.—"England is determined never to submit or yield. She will never make peace until the devil of militarism has been so vanquished that it will never trouble the earth again." So said Joseph H. Choate, former U.S. ambassador to Great Britain, in an address to the New York Genealogical and Biographical society yesterday afternoon.

"The English courage, spirit, and hope are magnificent," he continued. "Nothing could be more grand than their wives and mothers in the attitude they take toward the war."

He said the other day that the son of a friend of mine, a woman well known in London, had been killed in action. I wrote to her, and shortly afterward received an answer. I wish I had the letter here to read to you. She had four sons, three in the army and one in the navy. One is dead, one is wounded, and one had been taken prisoner, and she is still safe on board a British battleship. In her letter she speaks of being proud that we have been able to devote all of our sons to the cause."

Winter Agricultural Course. An agricultural course started in the old collegiate building on Monday. Already six members have registered, but C. Mains, government agricultural demonstrator, expects that by the end of this week he will have twenty-five and thirty young farmers will avail themselves of this special course which will continue throughout the winter months. Lectures are to be given by Mr. Mains and some of the staff of Queen's University.

Belgian Relief Fund. The sum of \$28.75 was received on Monday by the president of the Board of Trade for the Belgian relief fund. The money was realized as the result of a box social and entertainment arranged by Miss Luella Thompson, school teacher of school section No. 5, Palmerton. A contribution of \$2 was also received from Rev. A. W. Stewart, of Battersea.

To Probe into a Suicide. Ald. Nickle, at the next meeting of the City Council will ask for information with regard to the suicide and drowning some time ago of an old citizen. He will lay the blame partly upon the police system, as he thinks the old man, in his condition at the time, should have been taken into custody.

The Evangelical Alliance met in the Y.M.C.A. parlor on Monday morning and was treated to a lengthy paper upon "The Militancy of St. Paul," by Rev. Dr. Morgan, of Queen's.

## SAYS BISHOP FALLON WILL GO TO DETROIT

### But Report of the Appointment is Not Credited at London, Ont., Where He Is.

London, Ont., Jan. 11.—That Bishop Fallon may shortly leave for Detroit as conductor bishop of that diocese is the report here today. It has caused widespread discussion among Catholics, many of whom think it unlikely that the bishop will be moved now owing to very important projects he has under way at the palace. Nothing definite can be learned.

Many Private Bills. Ottawa, Jan. 11.—Notice has been given already of over seventy private bills for the coming session of parliament. Of these twenty-five are applications for divorce; last year there were 42 applications of this kind. There will be a great many applications for extension of time to commence and complete branch lines and extensions.

GERMAN WARSHIP SUNK. New York, Jan. 11.—Despatches here today say that the German cruiser Koentz, a berg which was bottled up in a river off the coast of Africa, some months ago, has since been sunk by the British warship gun directed by aeroplanes.

## KINGSTON ALDERMEN GIVEN IRON CROSSES

### As Souvenirs at City Council's Inaugural Meeting.

## ALD. GRAHAM CHOSEN

### AS CHAIRMAN OF THE BOARD OF WORKS.

### Ald. O'Connor Is Chairman Of the Fire Committee—Ald. Nickle Seeks Information With Regard To the Police System.

When the aldermen took their seats in the City Council chamber on Monday morning for the inaugural meeting each found on his desk an envelope addressed to him and containing an iron cross with the inscription: "Iron Cross, 1914-1915."

A card intimated that the cross was presented for bravery. Some cards stated that the cross was for bravery in facing the strong criticism given by the council of 1914, which was "under fire" on many occasions. The card in other envelopes intimated that the medal was for bravery in facing the people again, and being re-elected. The aldermen blamed Mayor Sutherland or Tom McAuley for giving them the crosses, but all of them appeared as pleased with the little souvenir as if it had been the Victoria Cross.

The Mayor Installed. The inaugural meeting of the council of 1915 was held in the council chamber on Monday morning. Shortly after eleven o'clock Mayor Shaw, the retiring chief magistrate, took the chair. He stated that it gave him great pleasure to meet the new council and asked Police Magistrate Farrell to administer the declaration of office to the mayor-elect, Robert D. Sutherland. After the declaration had been administered the retiring mayor placed the chain of office around the neck of Mayor Sutherland and welcomed him to the position of Kingston's chief magistrate.

The aldermen elected in the recent elections took the declaration of office: W. H. Wormwith and H. C. Nickle, Sydenham ward; N. O'Connor and Dr. R. J. Gardiner, Ontario ward; Major G. H. Gillespie, St. Lawrence ward; A. Stroud, Cataract ward; George C. Wright, W. P. Peters and J. S. R. McCann, Frontenac ward; W. R. Clugston, Rideau ward; John Litton, Victoria ward.

All aldermanic members of council were in attendance, viz.: Alds. Bews, Clugston, Couper, Fair, Gardiner, Graham, Gillespie, Hanley, Hughes, Kent, Litton, McCann, Newman, Nickle, O'Connor, Peters, Richardson, Stroud, Wright, White and Wormwith.

Mayor Sutherland then read his inaugural address, an outline of which appears in another column. On motion of Ald. Kent the portions of the address relating to various civic departments, were referred to committees interested.

Mayor Sutherland's statement, that he would endeavor to have the tax rate maintained at the present figure, will be good news to the people.

Ald. Graham moved, seconded by Ald. Kent, that the following committee be appointed to draft the standing committee and report to council: Alds. Fair, Hughes, Litton, Richardson, Kent and Graham.

Ald. Bews moved in amendment, seconded by Ald. Clugston, that the name of Ald. White be substituted for that of Ald. Fair.

The motion of Ald. Graham was carried.

The committee, after a recess of fifteen minutes, returned and presented a draft, which was slightly revised and adopted as follows: Alds. Bews, Couper, Fair, Gardiner, Gillespie, O'Connor, Wright, Wormwith.

Finance—Mayor Sutherland (chairman), Alds. O'Connor, Graham, Kent, Hughes, Litton, McCann.

Board of Works—Ald. Graham (chairman), Couper, Gillespie, Nickle, O'Connor, Peters, Richardson.

Property and Markets—Ald. McCann (chairman), Bews, Couper, Gillespie, O'Connor, Wright, Wormwith.

Fire and Light—Ald. O'Connor (chairman), Clugston, Hughes, Litton, Newman, Hanley, Fair.

Parks—Ald. Kent (chairman), Bews, Couper, Gillespie, White, Wright, Wormwith.

Industries—Ald. Hughes (chairman), Richardson, Wright.

Court of Revision—H. S. Crumley. School of Mining—Ald. Litton and Kent.

Board of Health—Mayor Sutherland, Dr. A. R. B. Williamson, B. Blackhall, H. McBratney, Dr. W. Gibson.

House of Industry—Mayor Sutherland, and Alds. Couper, Newman, White.

Board of Education—W. A. Sawyer, R. Meek.

Ald. Graham moved, seconded by Ald. Kent, that the report be adopted.

Ald. Bews moved in amendment, seconded by Ald. White, that Ald. O'Connor be made chairman of Fire and Light instead of Ald. Fair whose name was placed in the original draft.

Ald. Bews, Nickle and Stroud spoke of Ald. O'Connor as being entitled to a chairmanship in view of the fact that Ald. Fair had already had a couple of chairmanships.

The amendment was carried by a vote of 12 to 9. These communications were read.

and Power Supply Co., Limited, for 1594; Against, 298; by-law to ratify and confirm an agreement with Kingston Shipbuilding Co., Limited, Forwarders Limited, Selby & Youden, William Joseph Hooper and Thomas Slater and to authorize the issue of debentures to the amount of \$3,500.—For 1042; against, 264.

Hospital for sick children, Toronto asking a grant.

W. Ford Webster applying to be appointed member of Court of Revision.

By-laws were passed to authorize council appointments, above made, to fix the assessments for 1915, and to authorize the treasurer to borrow certain sums of money.

The mayor appointed Samuel R. Bailey as his representative on the Court of Revision.

The by-laws passed by the people at the January elections, were given third reading and passed.

Motions Passed.

On motion of Ald. Litton the Board of Works was instructed to negotiate with the C. P. R. company with the view of getting the use of its vacant property on Rideau street for the breaking of stone, in view of the city's property not being large enough.

Ald. Nickle moved, seconded by Ald. O'Connor, for a detailed report from the Finance Committee as to the number, nature, fee, etc., of licenses, and that no license be issued till the budget is struck. The resolution was carried. Ald. Nickle has in view the raising of additional revenue by increasing various license fees.

This resolution was moved by Ald. Nickle, seconded by Ald. White, and carried: That the chief of police submit a report showing the number of robberies from January 1st, 1914 to date, and the number of arrests in connection therewith; the number of policemen on beat duty at 11 p. m., December 27th; how many were on Princess street at the above hour and where on said street they would be; also number of policemen on night duty on said night; the by-laws that the police have to enforce, and when a summons was last issued for a breach of the same.

Ald. Newman gave notice that at the next meeting of council he would move that a by-law be submitted to the people at the first opportunity on the question of reduction of the number of aldermen to two in each ward and for the reduction of the aldermanic term to two years. The council adjourned at 12.50 o'clock.

Mrs. John Carr, Brockville, died on Saturday. Her husband died on December 23rd. Both had been attacked with pneumonia.

There is plenty of food for thought lying about, but few there be who have appetite for it.

DAILY MEMORANDUM. Band at Palace rink to-night. See top of page 4, right hand corner, or probabilities.

"Tom" Marks Company, Grand Opera House, 8.15 p.m. Hockey, Frontenacs vs. Riversides, covered rink, 8 p.m.

BORN. MILLS—At the General Hospital, on Sunday, Jan. 10th, 1915, to Mr. and Mrs. J. H. Mills, a son.

DIED. DEVANNA—In Kingston, on Jan. 11th, 1915, Sarah Freeman widow of the late Patrick Devanna, aged 83.

FUNERAL NOTICE LATER.

FA. FIELD—At her late residence, Collins Bay, Ont., on Saturday, January 10th, 1915, Maria Louise, aged 84 years.

STRATTON—In Kingston, on January 10th, 1915, Sophia Elizabeth Stratton, beloved wife of the late Rev. Dr. B. Stratton, aged 72 years.

FUNERAL (private) from her daughter's residence, Mrs. Carnovsky, 663 Princess St., Tuesday afternoon, at 2 o'clock.

IN MEMORIAM. In loving memory of Mrs. Mary Foster, who died Jan. 10th, 1915.

God, in His love and wisdom, Called dear mother home. Though her place can never be filled, Still we know it's well.—Children.
