THE HALLS OF QUEEN'S

PROF. SCOTT PREACHED IN CON VOCATION HALL.

The Rink Season So Far Has Been Satisfactory-Objecting to Criticism-To Have Canon Gould

Prof. E. F. Scott, the spenker at the Sunday morning service at Convocation Hall, took his text from Hebrews xii, 27: "And his word . . remains," The purpose of these words is to present christianity as a true And final religion, Through christianity we can lay hold eternal realities. God shakes heaven and earth, and all things unreal will be thrown down and material things will disappear. The ancient church believed that Christ would establish His kingdom on earth, but did not look for His arrival immediately. The book of Revelations is full of gloom and we are forced to realize that only through destruction can God estabof a world-wide catastrophe belonged however, and to win the Frontenaes to early christian thought, an idea will have to play the best kind of which we of to-day have outgrown. We believe that the kingdom of God will come into being not by violence, but after years of labor by millions of lives. When the Lord's work done it must be shaken or tested that all that is worldly or artificial may fall away. In early times the cruel persecution of the heathen gave power and stability to the church In our own time, on all sides the church is being exposed to a storm of criticism, but we may rest assured that the outcome will be a stronger faith. The great realities of our faith will stand out more clearly at the end

have the words of the text been more emphasized, for the whole world is bequake is over the world will be stun- Dreasor-6. ned by the loss of material substance. But there can only be one real gain, for in God's plan the world must be tested so that nothing which is unsubstantial may exist. Perhaps the progress of the past century has been too rapid, and we have been careless.

W. J. Driver (skip), J. P. Fleming, R. H. Stevenson and F. C. Hambrook—11.

J. H. Birkett (skip), J. Marshall, T. Frizzell and J. A. Grant—9. of our foundations, and have used come upon us and is casting down all the works of man, but the things which are firm will not fall. We can sea that certain forms of government will not stand. In the shaking of the frameworks of nations we see that the arrogant despotisms have had their day. The principle of liberty stands firm and cannot be shaken. Men were beginning to believe in force alone, and thought justice, and brotherhood were idl words. In the great test we find what is illusion and what is reality. Mere force has proven to be a blundering weakness and everything built upon it will soon mable to the dust. For years to come we snall painfully construct all that has been destroyed, but out of our experience we shall know how to build and what to build on. This is the purpose of God's

At the Alma Mater meeting on Saturday night Vice-President Whytook occupied the chair in the absence of President Johnston. John Dawson, secretary of the Athletic Committee, in his report stated that the present rink season thus far had been most satisfactory. Speak-ing of the rink lighting, he stated that one or two nitrogen lamps would be tried out, and if satisfactory might be used. He explained that Ottawa College, had not been admitted to the Intercol-legiate Hockey League this winter win, Mackay vs. Carnovsky (T. R.). because at a recent meeting of the C.I.A.A. held in Toronto, those pre-Ottawa teams ungentlemanly conduct. Mr. Pilkey and Mr. Robb were appointed to fill the vacancies on the athletic committee. The Engineering Society was notified that AUTOMOBILES AND CARRIAGES as its president, Mr. Dunsmuir, was

no longer represented on the A.M.S. tawa, 2; Torontos, 1.
Mr. Reilley on behalf of the de- O. H. A. senior—V bate committee, found fault with University of Toronto, 2. the criticism of the Queen's de-baters in the Journal of December 14th, at the time of the Intercollegiate debate with Ottawa College, and fathered a motion that the key to A.M.S. creditably represented by on the land of the debate, and that the A.M.S. repudiated the Journal's criticism This gave rise to heated and lengthy discussion, after which it was decided to lay the motion on the table till next meeting.

A. B. Whytlock, business-manager of the Journal, gave his interim report, which showed a satisfactory balance on hand. It was decided to take steps to have Canon Gould address the Alma Mater if possible, on I January 23rd.

At the meeting of the Q. U. M. A., held on Saturday morning, a very interesting talk on "The Loggers' Mis-10 TO 20% REDUCTIONS. sion," given by the Rev. J. Wallace, M. A., B. D., who described the work being carried on among the camps along the Pacific coast. He stated that on a 300-mile stretch of coast line there were some sixty camps and the work was being carried on by himself and another man. The best results were obtained by mingling freely with the men, many of whom were socialists.

Held Memorial Service. The service at St. Andrew's church on Sunday morning took the form of memorial for the late Lt.-Col. Frank Strange, Rev. S. J. M. Compton made a feeling reference to the passing away of the deceased, who left the city about three months ago, to serve his country at the front. The congregation stood while the Dead March was played by the organist and Arthur Craig sang "Crossing

WILL HOLD CONVENTION To Take Up the Question of Rates of C. M. B. A.

The increase in the rates of the

C. M. B. A. to which strong objection is being taken will be discussed at a convention which has been called for Kingston on February 2nd. This was decided upon at a mass meeting of the Kingston branch held in the C. M. B. A. Hall on Sunday afternoon. There was a very large delegation of members from different sections of the district, especially of the older members of the order. Strong resolutions were passed

condemning the raising of the rates to such an unreasonable point. No satisfactory reply has been reing the protest made about the rates some time ago, and for this reason the convention will be held. It is expected that this convention will be attended by some of the lead-

ing clergymen and laymen of the order from Montreal, Toronto and Ot- Lumber, Coal & Wood-Ladies' Musical Club. Another most delightful pro-

gramme was given at the meeting of the Kingston Ladies' Musical Club at Convocation Hall, on Saturday afternoon. The programme included piano solos by Miss Bessie Dolan, and Miss Phyllis Knight, piano duetts by Miss Shaw and Miss Eileen Wright, vocal solos by Miss Mary G. Skating, Chalmers and Cyril D. Archer, vio-lin solos by Miss Norma Telgmann and an instrumental trio by Miss Norma Telgmann, Mr. Telgmann and Mr. Gummer. . The programme was arranged by Mrs. Arthur Craig and Miss Daisy Chown.
