FOOD SOURING IN STOMACH CAUSES INDIGESTION, GAS

"Pape's Diapepsin" ends all stomach distress in five minutes. Wonder what upset your stomach - which portion of the food did the damage - do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; head dizzy and aches; back gases and aches and crurates undigested food; breath foul, tongue coated - just take a little Pape's Diapepsin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women to-day know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear. If your stomach doesn't take care of your liberal bill without rebellion; if your food is a damage instead of a help, remember the quick-acting, surest, most harmless relief is Pape's Diapepsin which costs only fifty cents for a large case at drug stores. It's truly wonderful - it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.

POSTAL SERVICE GOOD.

Delays in Delivering Soldier's Letters Due to Senders. Ottawa, Jan. 25. - The post office department in a memorandum gives the results of an investigation of complaints about unsatisfactory handling of mail matter sent to the Canadian forces at Salisbury Plain, which on account of the war is much reduced and slower than in normal times, the blame for any unsatisfactory conditions is placed on the senders of the postal matter, who in many cases cause endless trouble by either wrongly or insufficiently addressing their letters. The following cable from Col Victor Williams, general camp commandant at Salisbury, is quoted: "Pleased to testify to splendid postal service given by Canadian postal corps, Salisbury Plain. Although handicapped by adverse conditions owing to character of addresses and wide area covered by troops, work has been performed most satisfactorily and is credit to staff."

FRIENDLY TOWARDS STATES

Cordial Relations Will Not Be Strained by Dacia Incident. London, Jan. 25. - The Daily Chronicle, in an editorial, deprecates the exaggerated tone of the Spectator's rather alarmist article, which, however, the Chronicle finds all the more significant as appearing in a journal usually calm in judgment and noted for its friendliness towards the United States. The Daily Chronicle adds that undoubtedly there has been some disappointment in England at the attitude of America, but says that the relations between London and Washington are exceedingly cordial, and we predict that they will bear with ease even the strain of an incident like the seizure of the Dacia.

Russia Honors Joffre.

Paris, Jan. 25. - General Joffre, the French commander in chief, was decorated on Saturday with the Cross of St. George by Major-General Prince Felix Youssouptoff, of Emperor Nicholas' suite, who came to France to confer the decoration on behalf of the emperor.

Laborer Faces Serious Charge.

Ottawa, Jan. 25. - Noe Piche, a laborer, of Ottawa East, was arrested Saturday, following the discovery of his wife's dead body in their home. It bore a number of severe wounds and indications point to murder probably in a fight.

CANADA MUST OFFER MORE RECRUITS, DECLARES N. W. ROWELL, K.C.

"Your Country Needs You." He Says To The Young Men Of The Country At Hamilton Meeting. Hamilton, Ont., Jan. 25. - N. W. Rowell, K.C., leader of his majesty's loyal opposition in the Ontario legislature, addressing the annual meeting of the South Westworth liberal association in the assembly hall of the Hamilton liberal club Saturday afternoon urged on his hearers and upon the Canadian government and all the responsible parties that they should realize more fully that the empire to-day was facing the greatest crisis in her history and that muddling through somehow would not be sufficient this time. Canada must offer more recruits. "Germany, a trained nation of 65,000,000 people, under the control of one supreme will, is throwing itself with bravery and persistence against the forces of the allies," declared Mr. Rowell. "If human liberties are to be preserved we must put behind our righteous cause the power of trained, disciplined forces. The task of driving the Germans out of trenches on French and German soil requires more men than to defend those trenches."

"Men, men, more men," cried Mr. Rowell, quoting Kitchener. Canada was so far from the scene of conflict she scarcely realized the seriousness of the crisis. The spirit behind Germany made it absolutely necessary to defeat that nation if the rights of democracy were to persist on earth. Oliver Cromwell settled for all time that, among Anglo-Saxon peoples, the people should have the right to govern themselves. "We are fighting for our very existence," cried Mr. Rowell. "Young men of Canada, your country needs you, your country calls you, what will your response be?"

TERROR IN MEXICO.

Anarchy and Panic Follow Outrages of Zapata's Soldiers. Washington, Jan. 25. - A reign of terror exists in Mexico City as the result of the outrages of Villa and Zapata's soldiers, according to a despatch received at Carranza headquarters from Vera Cruz. Gen. Obregon, commanding the Carranza forces outside the capital, has been informed by secret agents, says the despatch, that the Zapatista regime has dismissed the police force and all employees in the various ministries. Anarchy, panic, and disorder are said to have resulted, while indigent by the wholesale are reported to have been heaped upon women of all classes in the city. The streets are described as deserted and no one, the despatch states, has been guaranteed protection by the authorities in charge. The Zapatistas at Mexico City are declared also to be considering a plan to repudiate nearly \$500,000 of paper money issued by Villa during Gutierrez's term as provisional president. It was alleged that Villa had captured two brothers, Antonio and Jose Garcia, holding them for \$500,000 ransom and ordering their execution when they told him they would be unable to pay.

ENGLAND THREATENED

So Oil Operations May Proceed in Mexico. Galveston, Texas, Jan. 25. - Threats by a British cruiser's commander to bombard Tampam caused Carranza to rescind his order for immediate cessation of oil operations in Mexico, according to passengers of the Wolvin liner City of Mexico, which arrived here from Vera Cruz and Tampico. It was supposed that British and American representations caused Carranza's change of mind. A. C. Mackay, Bendrew, is to take a position in the audit department of the provincial government. Self needs a lot of measure that it never receives.

CHILD GETS SICK CROSS, FEVERISH IF CONSTIPATED

"California Syrup of Figs" can't harm tender stomach or bowels. A laxative to-day saves a sick child to-morrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish, stomach sour. Look at the tongue, mother! If coated or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness. Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company."

SMOKERS ARE HARD HIT.

Smoking Prohibited in Pennsylvania Stores and Factories. Harrisburg, Pa., Jan. 25. - Smokers were hit by a regulation adopted Saturday by the Pennsylvania Industrial Board, which is designed to prevent fires. It follows: "Smoking is prohibited in every workroom or stockroom or any factory or workshop in this commonwealth in which readily combustible material is used, handled, or stored, and in other parts of factories where there is an equal fire hazard." Next week an order will be issued withdrawing the permit of children under fourteen years to work in tobacco factories. About 7,000 children are affected.

WILSON UNDER CENSURE.

Germany To Involve England and the United States. New York, Jan. 25. - That all England is in a critical attitude towards President Wilson because of his silence about events in Belgium and the bombardment of defenceless English towns, was the substance of statements made here to-day by Alfred Noyes, English poet, and Lloyd Osborne, a step-son of Robert Louis Stevenson. Osborne professed to see in the increasing irritation over British seizure of American ships and cargoes, a deliberate German plot to involve the two countries in grave difficulties. Mother of Spartan Courage. Montreal, Jan. 25. - Her husband and two brothers having been killed in the war, four other brothers having gone to the firing line, and her only other brother training with the London Territorials before going to the trenches, Mrs. Stewart G. Holliday left Montreal Saturday night for St. John, from where she will return to her old home in England. With her was little Peter, her three-year-old, fatherless boy. She said, as she took the train, that she had a nurse's certificate, and would leave little "Peter" with her parents and join one of the English hospitals as a nurse if she could.

Zepplin Lost At Sea?

Rotterdam, Jan. 25. - Fishermen arriving at Noordwijk reported that they saw an airship founder in the North Sea, far off the coast. It is believed the wrecked craft was one of the Zepplins supposed to have raided the English coast.
