NEW BUSINESS SYSTEM ROUTE MARCH TAKEN

HAS BEEN ADOPTED BY THE COUNTY COUNCIL.

A By-Law Passed Regarding Appropriations and Contracts—Cadet Corps Grant Asked for Sydenham High School.

The chief business transacted by the County Council at its Friday morning session was the passing of a by-law with regard to appropriations and contracts. Heretofore there has been no such by-law in existence.

The by-law passed provides that all expenditures must receive the sanction of either council or committee; that no committee shall spend more than \$500 without calling for tenders; that all tenders for work shall be accompanied by a marked cheque for five per cent. of the contract price stated in the tender; that all work or improvement shall be done on the report of the county engineer or some other superior officer of the corporation, showing the same to be necessary or expedient; that council may, by resolution, direct any particular work or undertaking done by day labor instead of contract; that no materials shall be ordered or work done by any official until an order has been issued in triplicate by the clerk; that the county officers shall make requisition on the clerk by December 31st each year for their requirements for next year of stationery and other supplies; that the Finance Committee shall present to council in June in each year a full exhibit of the financial affairs of the council at the termination of the preceding financial year, and an estimate of the amount required to be raised by assessment during the current year, and how the revenue required shall be raised.

This by-law was passed at the instance of Auditor A. H. Muir, who has been endeavoring to get Finance to adopt an up-to-date business system, like that of the city of Kingston.

Major G. H. Gillespie reported to the council that a Cadet Corps had been organized in Sydenham High School in November, 1914, and had already proven a marked success. He asked that the council render what financial assistance was needed to further the progress of the cadet movement in Frontenac. The major remarked that the county had a regiment of volunteers that was a credit to it, and yet Lieut.-Col. Ferguson, the commanding officer, had told him that the 47th had not received any financial assistance from the council. He hoped this would not be the case with the cadet movement.

On motion of Councillor Wensley, the matter of giving a grant to the Cadet Corps was referred to the Finance Committee.

The following deputations to Toronto were appointed, on motion of Councillors Parks and Foley:

Printing and Education—Councillors Spankie, Calvin, Halliday, Redden, McKnight.

Good Roads—Councillors Stinson, Franklin, Hawkey, Balls, Reid.

Colonization—Roads—Councillors Thompson, Foley, Parks, Gray, Wensley, Kennedy, Munroe.

The report of Road Superintendent Fair, submitted on Thursday afternoon, was adopted, on motion of Councillor Franklin, and application ordered made to the Ontario government for one-third of the amount expended, viz.: \$7,300.

Council adjourned to meet at three o'clock in the afternoon.

THE WHIG'S JUMBLE.

A General Review of Country District and Local News.

"Palm Olive Shampoo." Gibson's.

President Wilson vetoed the immigration bill because of the literary and other tests.

We rent pianos as low as \$2 per month. C. W. Lindsay, Limited, 121 Princess street.

William Barrett, senior judge of Bruce county, died at Walkerton, in his seventy-fourth year.

"Special hot water bottles" for the Red Cross Society are sold at Gibson's Red Cross Drug Store.

South Waterloo liberals, observing the party truce, decided not to oppose the election of F. Stewart Scott, conservative candidate to the federal bye-election next week.

"Castile soap," 25c. bars, at Gibson's.

W. J. Watson, ex-police magistrate of Oshawa, who has been in the Ontario printing department for two months, engaged on special work, will likely enter the service of the government library. He will act as assistant to Avern Pardo.

Leather Will Be Dearer

A leather representative in the city on Friday said that the price of leather was liable to go even higher. His firm had an order for thousands of dollars worth of leather to deliver to an Ottawa saddle-manufacturing firm, but could not deliver it as they were supplying only their old customer's actual needs. His firm had purchased a large quantity of leather in England before the war had broken out, but this was taken over by the British government which gave them twenty per cent. above the purchase price.

Weather Notes.

The Atlantic coast disturbance has passed quickly northward to Newfoundland, having caused moderate gales and a heavy snow fall over the greater part of the maritime provinces.

The western cold wave is still centered in Manitoba, but has spread eastward over Ontario and Quebec.

Belgian Editors Sentenced.

Amsterdam, Jan. 29.—Several Belgian newspaper editors have been sentenced to one and two months' imprisonment at the latest session of the German military court in Antwerp. The charges against them are not stated.

Canadian And Spanish Onions.

Made of pure gum rubber. The hot water bottles sold at Gibson's Red Cross Drug Store.

John D. Rockefeller, junior, had a conference with Colorado mine workers.

ROUTE MARCH TAKEN

TO BARRIEFIELD BY THE 21ST BATTALION

The Veterans Continue Their Weekly Drills at the Armouries—4th Hussar Officers For Overseas Service.

The 21st Battalion, on Thursday afternoon, took a short route march to Barriefield. The men were given a rest after a time, and in the interval foot races were held. Major McLean was time-keeper and Lieut.-Col. W. S. Hughes, starter. Officers, sergeants, corporals and buglers each had a race, and the impromptu programme proved very enjoyable. In the officers race Lieut. Flavell made the mark.

On Friday morning the right half battalion took a short march through the streets and then returned to their quarters. Both half battalions were given lectures by their officers. The cold wind that blows across the ranges has made it impossible to do any shooting in cold weather.

A few days ago it was reported that no officer of the 4th Hussars had been accepted for overseas service. Lieut. E. Baxter is with the first contingent and Lieut. N. Crothers is going overseas with the third contingent.

The school of cavalry that opened Wednesday is well attended. At 4 o'clock and 7.30 o'clock the classes are held.

Major Gilpin, V.S., is in the city as the representative of Sir Adam Beck, on the Militia Horse-Purchasing Commission.

No. 6 Field Company, Canadian Engineers, which is composed of students from Queen's University, in command of Capt. E. Malcolm, is quartered in the exhibition grounds at Ottawa. There are 900 engineers there. There has been some criticism of the medical arrangements for the engineers but investigation has shown that these are unimpaired. Some of the men in the hospital preferred semi-private rooms to the public wards, and paid the difference to obtain those rooms. The department is now paying the full amount, and the engineers are all allowed, when ill, to occupy semi-private rooms at no extra expense. The medical attendance, of course, is free. Col. Young, of Peterboro, is the medical officer in charge.

The veterans, on Thursday evening, held their regular drill in the armouries. Several young men from the country drove in, and took advantage of the arrangements that have been made. A medical officer is detailed for instruction in stretcher-bearing and a signalling officer is detailed to instruct in signalling. Drilling and shooting are also taught.

ANNUAL MEETINGS.

Presbyterians Had Congregational Meetings Last Night.

The annual meeting of St. Andrew's Church was held on Thursday evening. Messrs. W. F. Nickle, J. D. McLeod, C. C. Folger and A. W. McLean were re-elected as retiring managers. Rev. S. J. M. Compton presided at the meeting. J. McIntyre presented the report of the management committee and several other very satisfactory reports were read. After the business was concluded a social programme was presented.

Portsmouth Church.

The annual meeting of the Portsmouth Presbyterian Church was held Thursday night. There was a large attendance. The report of the various societies showed that the year had been a very prosperous one, although the congregation has suffered heavily during recent months by removals and deaths. Dr. MacClements was reappointed representative elder to the presbytery and satisfaction with the services of the minister was expressed.

First Congregational Church.

The annual meeting of the First Congregational church was held on Thursday evening. About eighty people sat down to supper served by the ladies. After supper, reports of the church's work for the year were given by officers of various departments. The treasurer's statement showed an increase in giving to current expenses of \$125 over last year. The total amount raised by the departments of the church was approximately \$2,000. Between \$500 and \$600 of this went to missions and objects outside the local church. The treasurer stated that all bills for the year had been paid, including coal for the remainder of the winter, and that a balance of \$106 had been left in the treasury. It was in every way the best financial statement presented for some years.

It was decided to pay off the small mortgage still remaining against the property, and a fair amount has already been pledged for this purpose. During the evening solos were sung by Leonard Boswell, Miss Myrtle King and Russell Berry. The gathering broke up with the singing of the Doxology.

Agricultural Fair Dates.

The dates for the various fairs to be held in the midland counties were selected as follows: Wexler, Sept. 2; Belleville, Sept. 6-7; Brighton, Sept. 9-10; West Peterboro, Sept. 16-18; Frankford, Sept. 16-17; Shannonville, Sept. 18; Marmora, Sept. 23-24; Pictou, Sept. 21-22; Stirling, Sept. 21-22; Niagara, Sept. 14-15; Campbellford, Sept. 29-30; St. Catharines, Sept. 29-30; Banroft, Sept. 30-Oct. 1; Castleton, Sept. 30-Oct. 1; Colborne, Oct. 4-5; Madoc, Oct. 6-7; Warkworth, Oct. 7-8; Odessa, Oct. 1; Newwood, Oct. 12-13; Ameliasburg, Oct. 1-2.

Made of pure gum rubber. The hot water bottles sold at Gibson's Red Cross Drug Store. John D. Rockefeller, junior, had a conference with Colorado mine workers.
