

To Overcome Winter Complexion Troubles

If the chill air causes your skin to dry and scale or become uncleanly red or spotted before you go to bed spread a thin layer of ordinary mercurochrome wax over your entire face. Remove next morning with warm water. This is the ideal complexion treatment for the winter girl. The wax greatly absorbs the dead particles of surface skin, so gradually there is no discomfort. This gives the underlying skin a chance to breathe and to show itself in a week or so the new and younger skin is wholly in evidence and you have a really matchless complexion. Naturally all its defects disappear with the discarded cuticle—as chaps, roughness, blotches, pimples, freckles, blackheads, facial eruptions of unvarnished wax, procurable at any drug store, is enough to renovate even the worst complexion.

Wrinkles need neither you nor more if you'll use this simple face wash. Powdered exfolite, 1 cc. dissolved in witch hazel, 1-2 pt. Just one application will affect even the deepest lines, and soon your skin will be smooth as a child's.

COLLEGIATES WINNERS

OF THE JUNIOR O. H. A. SERIES IN THIS DISTRICT.

Defeated Belleville 4 to 2 Friday Night—Senior Frontenac Defeated by Toronto Victorias 9 to 2.

The Collegiates won the honors in this Junior O. H. A. district by defeating the Belleville team on Friday night by a score of 4 to 2. Twenty minutes of overtime had to be played to decide the contest, and only in the last minute when two goals were scored was the honor brought to Kingston.

The game was one of the closest ever seen on Kingston ice, and certainly the best since this season. Both teams played their best. The ice was perfect, and the rink was crowded with fans. Among the crowd were about 250 Bellevilleites, who came down on a special train and brought with them the band from the 15th Regiment. This band furnished music on the slightest excuse.

During the first period the time-keeper for the Belleville interests became excited and had time called six minutes before the twenty minutes were up. After three minutes the teams went back on the ice. W. Burrows, of Belleville, relieved the excitable individual of his duties, and no more interruptions of a like nature took place.

From start to finish a very fast pace was kept up, although the last half was the faster. After eight minutes of play, Gratton made the first tally for the locals. The Collegiates were not back-checking very well, and the puck was in their district a great portion of the time before the forwards got it away to score. Three minutes afterwards Arnott fluked one in to Collegiates' net from a scrimmage about twenty feet away from Walsh.

Both sides came back determined to break the tie, and the honor went to George Stewart who received a pass near centre ice, and worked his way very cleverly past the Belleville defence for a score.

When evened matters again in another scrimmage. The pace grew fast and a better class of hockey was played. The goal was made just four minutes before full time. The students were checking back better than before.

Overtime Played.

The first period of overtime was hardly good hockey, as both sides were over-anxious to win and in each other to get the puck. After a few penalties, this kind of work was stopped and the players tried their best combinations. Time and again the students would come down the ice, and because Stewart seemed to carry horse-shoes up and down in his pockets, no score could be made. Stewart played excellently but the luck left him, and although he many times got the puck within a few feet of the net, he could not score nor was he able to pass to anyone else to score. "Curly" Paul received the honors of breaking the tie and winning the game by two tallies in the last minute of play. He shot the first one at the goal keeper and it touched his skate and went into the net. The second he made from about twenty feet, coaxing Nurse out of the nets to do it.

Ferguson was by far the best man on the ice on Friday night. He played a good forward game, and also used his weight to the best advantage. Stewart is a dandy little player. He used his head in close pinches and always did the right thing at the right time. Paul showed up well and is improving wonderfully with every game. His skating and stick work were very effective on Friday night. Toland and Gratton on the wings played splendid games. Both are fast men and play their positions in creditable manner. Carroll on the defence proved himself a hard proposition for the visitors and seemed to be able to outclass their forwards at their own game.

Of the two goal-keepers, the local man proved himself the better and was the centre of admiration for the way he guarded his nets. He kept the rubber out a great many times after the visitors had got past his defense. Nurse is a good many but lost his head in emergencies. White and Pimlock are both good players on the defense, the latter being particularly dangerous.

L. Arnott and Goyer are the pick of the Belleville forward line.

The line up: Collegiates: Walsh, goal; Ferguson and Gratton, defence; Paul, rover; Stewart, centre; Toland, right wing; Gratton, left wing. Belleville: Nurse, goal; Pimlock and White, defence; G. Arnott, rover; L. Arnott, centre; Whalen, right wing; Goyer, left wing.

Glenn Caldwell of Barrie was referee. The summary: First period: 1-K.C.I., Gratton 8 mins. 2-Belleville, Arnott 5 mins. Second period: 3-K.C.I., Stewart 6 mins. 4-Belleville, Whalen 16 mins. Third period: 5-K.C.I., Paul 4 mins. 6-K.C.I., Paul 4 mins.

Victorias, 9; Frontenac, 2.

A Toronto dispatch says: It was only a week ago that Kingston Frontenac gave Victorias Friday night at the Arena. The score was 9 to 2, and it indicates the play. Kingston never had a chance. Victorias always had the best of it. The first period score was 5 to 2; second, 7 to 1; and final, 9 to 2. This clinches the senior O.H.A. group for the locals, and they will surely carry the majority of the money in the final.

"Bouncer" Brouse was the best of the Kingston forwards, and Ferguson had lots of speed when he operated up in the final round. Victorias showed pretty combination throughout, timing their passes nicely. The teams: Victorias—Goal, McGillivray; defence, Gooch, Heffernan; rover,

Stevenson; centre, G. Meeking; right, H. Meeking; left, Aird. Frontenac—Goal, Cooke; defence, Stanton, Ferguson; rover, Brouse; centre, Millan; right, Reid; left, Derry. Referee—Oscar Bernhardt.

The summary: First period—1, Victorias, Aird, 3 mins; 2, Victorias, Heffernan, 3 mins.

Second period—4, Victorias, Aird, 2 mins; 5, Victorias, Aird, 3 mins; 6, Victorias, Gooch 10 mins; 7, Victorias, Aird, 1 min; 8, Kingston, Millan, 8 mins.

Third period—9, Victorias, G. Meeking, 5 mins; 10, Kingston, Brouse, 9 mins; 11, Victorias, G. Meeking, 2 mins.

Hockey Notes.

Cataraqui and Elginburg will clash in the county hockey league games on Saturday afternoon. Both senior and junior games are being played.

Though the score in Toronto was seven against the Frontenacs, it will not interfere with the prospects for a good game between the Vics. and James' senior squad here on the tenth of February.

THE SPORT REVIEW.

What Is Transpiring In Many Sporting Circles.

The Montreal Ski Club held their annual cross-country run to-day, this being the first of their events this season.

"Gunboat" Smith and Carl Morris, heavyweights, have signed articles to fight fifteen rounds in Joplin, Mo., February 22nd. It is announced.

The Ontario provincial treasury benefited to the extent of \$42,000 last year in licenses from six race courses in that province of Canada. Three in Toronto and three outside.

The Canadiens will be without the services of Newsy Lalonde in the game against the Shamrocks on Saturday night, as he has been suspended by Managing Director George Kennedy.

Three teams—Ivor Lawson and Eddie Root of Chicago and Boston; Oscar Egg and Francesco Verri, the Swiss-Italian entry, and Victor Linart and Mercel Dupty, the Franco-Belgian team—were singled out as favorites by the spectators last night when Mayor Harrison started the first six-day bicycle race held in Chicago in twenty years.

President Edward Barrow, of the International League, denies the statement sent out from New York to the effect that the International Baseball League will suspend operations this year owing to financial difficulties. President Barrow states that if the Syracuse deal does not go through, he has two other cities in view.

The N. H. A. scoring leaders are: Roberts, Wanderers, 21; Hyland, Wanderers, 16; Pitre, Canadiens, 16; C. Smith, Shamrocks, 16; O. Clegorn, Wanderers, 11; Baker, Wanderers, 11; Malone, Quebec, 11; Wilton, Toronto, 10; Crawford, Quebec, 10; Broadbent, Ottawas, 10.

Charles Lifton, who two years ago played in the Maritime League, is a new player for the Canadiens.

Up in Bertha they can see nothing to it but two O.H.A. championships—the intermediates and junior.

Maurice Cole and Lewis H. Saell, two book-makers, who were caught in the raid on the Jamestown race track last April were sent to jail for six months.

Varsity play their first intercollegiate game on Saturday when they take on the McGill team at the Arena.

Charles S. Dooin, former manager of the Philadelphia National League, has signed a two-year contract to coach for the Cincinnati club. The salary is said to be \$6,000 a year.

Old Mother Hubbard Went to the Support.

To get her poor doggie a bone, But when she got there, The cupboard was bare. So she traded the dog for a left-handed pitcher.

Sir Montague Allan was re-elected president of the Montreal Jockey club.

Walter Gunderson, an amateur ice skater, who represented the Illinois Athletic Club in a number of eastern meets announced to-day that he had become a professional boxer and would not compete again as an amateur.

Gaul's "Holy City."

Cantata, Queen street church, Monday evening, Feb. 1st. Silver collection.

A quiet wedding was solemnized at St. Joe's, on Jan. 28th when Miss Della, daughter of Mr. and Mrs. John Mulrooney, became the bride of Simon Cournoyea, Hungertford.

GET RID OF HUMORS AND AVOID DISEASE

Humors in the blood cause internal derangements that affect the whole system, as well as pimples, boils and other eruptions. They affect all the organs and functions, membranes and tissues, and are directly responsible for the readiness with which some people contract disease. For forty years Hood's Sarsaparilla has been more successful than any other medicine in expelling humors and removing their inward and outward effects. It is distinguished for its thoroughness in purifying the blood, which it enriches and invigorates. No other medicine acts like it, for no other medicine is like it. Get Hood's Sarsaparilla today. Insist on having Hood's.

THE WARDEN'S DINNER

A COUNTY EVENT AT PRINCE GEORGE HOTEL.

Reference Made to Death of Late D. D. Rogers—Major Donaldson, of Brockville, Brother of the Warden, Was Present.

Reeve J. A. Kennedy presided at the dinner given by Warden Donaldson at the Prince George hotel, on Friday night to the members of the County Council and officials and friends. Mayor Sutherland and City Clerk Saunders represented the city.

After a splendid dinner, and the toast to "The King," the chairman referred first to the gloom cast over the whole community in the sudden death of David D. Rogers. He referred to the warden as a modest, unassuming gentleman, of splendid ability and of whose integrity he would say the best that could be said of any man—his word was as good as his bond.

To the toast to "The Legislatures," Dr. J. W. Edwards, M.P., and A. M. Rankin, M.P.P., responded. Dr. Edwards gave a historical review of the many interesting things about Frontenac and then touched upon matters of much interest. He referred to the closing of several shelter stations on the K. & P. railway, a road mostly built by bonuses from the municipalities, and assured the County Council that he would cooperate with it in a vigorous protest. There are now seven hundred miles of rural mail routes in the county and about one-third of the people are so served.

Mr. Rankin referred to the betterment of the county roads, and said he was sorry that we could not do as much in this year of general extravagance. The legislature was taking advantage of the necessary detention of war prisoners in having them build in clearing land, thousands of acres of land which would thus be brought into use. Touching upon educational affairs, he said he was sorry more Frontenac farmers did not avail themselves of the privileges of education at their doors. At the School of Agriculture, there were only some seven pupils taking the course.

Dr. I. G. Bogart proposed the toast of "Education," to which Dr. W. Spankie and Inspector S. A. Truscott replied. The inspector said there were now but four Frontenac schools without libraries. He advised the council to pressure legislation permitting continuation schools. Frontenac was too large for but one school. Frontenac did not qualify enough teachers to care for its schools, over fifty per cent. being out-siders. He also asked that the council provide stationery for entrance examinations.

To the toast to "The City," Mayor Sutherland and Dr. Snada conveyed the good wishes of the city and offered to co-operate with the county council in anything of interest at any time.

To "The County Council," Reeves J. Foley and J. Stoney responded. The latter was referred to as the father of good roads in the county.

To "The Visitors," Mayor Donaldson, of Brockville, a brother of the Frontenac warden, made a neat speech, and said that Brockville was making good progress, even in war times. He said that all the towns along the river were face to face with the problem of good water and sewage disposal.

A toast to "The Press" was responded to by representatives of the local papers.

R. Hamilton also spoke as a visitor and a recent colleague of most of those present.

During the evening, Major G. H. Gillespie and Reeve James Halliday gave several appropriate songs and recitations. Warden Donaldson brought the event to a close by thanking the speakers for their kind words. He referred to the good feeling at council and the cooperation of the splendid officials. Frontenac county had no big problems and was in excellent shape financially. He reciprocated the expressions of good-will by the mayor, and said that if they could only get the forestalling and market tolls by-law repealed, there would be perfect harmony. He thanked the host for the services.

The singing of the National Anthem followed.

SEE FAMINE AHEAD.

German Conservation of Food Noted By British "Eye-Witness"

London, Jan. 30.—A recital of recent developments in the war by the official observer attached to British military headquarters, given out here to-day, includes a description of new projectiles employed by the Germans.

"In some parts of our front the Germans are firing a new type of high explosive shell, detonating with a cloud of thick white smoke," the report says. "The mine-thrower or also occasionally throws a very large grey bomb or aerial torpedo, three feet nine inches long and nearly ten inches wide. It weighs more than 200 pounds.

"The anticipations of the enemy as to the possible duration of the war," the observer continues, "are shown by the measures they are taking to prepare for any shortage in certain classes of food. In some towns orders have been issued that all kitchen refuse not required by the inhabitants to feed to their own animals shall be saved and handed over to the authorities. Efforts have been made also to gauge the public taste in the matter of preserved meats by selling salted beef, mutton and pork at cost price."

THE RUSSIAN ADVANCE.

It is Said the Forces Have Occupied Tabriz.

Paris, Jan. 30.—The Paris Matin, to-day, claimed to have received despatches that the Russian troops have occupied Tabriz, the capital of the Persian province of Azerbaijan.

Petrograd, Jan. 30.—Official despatches, to-day, placed the advance Russian army about eighteen miles north-west of Tabriz, which has 175,000 population and is of importance to Tehran.

PROBS.—Fine and very cold. Sunday, rising temperature and snow before night.
