WALDRON'S

1,721 HAVE ENLISTED

IN THIRD CONTINGENT FROM THIS DIVISION.

The Farmers Are Not Responding as Well as They Should—Major-Gen. Lessard to Visit Kingston.

The number of recruits who have been accepted for the third contingent of the overseas force in this division now reaches 1,721. The 11th Regiment has passed fifty-seven men and some more are yet to be examined. The 47th Regiment has passed thirty-four men.

The 38th Battalion of Ottawa has now 501 men and the 39th Battalion of Belleville has 800 men. The 5th Mounted Rifles, also of Ottawa, is now over strength, with 420 men. The two battalions of infantry, which have together 1,201 men, need about 700 more men to bring them up to strength.

The authorities are quite satisfied with the way the recruiting has been going on, especially in the western half of the division, although the district around Ottawa has not done quite as well.

It is not yet known when the mobilization will be but it is expected to be in about ten days when the buildings are fit to be used by the troops.

Major-General Lessard, inspector-general of the Eastern Canadian forces, will be in the city on Tuesday and Wednesday, and make an inspection of all the troops in the city. Arrangements are being made for a field-day for the 21st Battalion on Tuesday. The company commanders will receive orders early in the morning and then act on their own judgment as to the best way to perform the duties called for. There will likely be a plan of attack by one unit and the other half used to defend a position. The battalion transport will take supplies and the lunch will be cooked for the men and served on the field. The plans are supposed to be exactly what would happen to the battalion under active service conditions.

Lieut.-Col. W. G. Ketcheson, 49th Regiment, of Belleville, was in the city on Saturday.

If the Militia Council will pass the order, and it is expected that it will, the pay of permanent units will be increased forty cents a day, and thus brought up to the level that the overseas volunteers are receiving. It will be remembered that an order was issued to recruit 150 men for artillery work, the men to be sent overseas as drafts for the R.C.H.A. when they got to the front. The full number were not obtained, and then the order was issued that the men were to receive only sixty cents a day while here. As the men would not wait here for an indefinite period at that rate of pay, waiting to be sent to the front, the majority transferred to the 21st Infantry Battalion where they are now. It has been found impossible to recruit artillery men at the low rate of pay, and hence it is expected that the new order will pass unopposed without trouble, so that recruits may be obtained to fill up the ranks of the R.C.H.A. if it goes on the field.

Col. T. D. R. Hemming left at noon on Monday for Ottawa.

The health of the soldiers in the city is very good, there being only about forty-five cases altogether in the military hospital, and the two city hospitals. Considering that there are about 1,700 soldiers in the city, the number is very low. The main causes of confinement are colds, bronchitis and catarrh. There is one case of a prisoner of war in the military hospital, and he is getting along as well as can be expected.

Capt. G. G. Meunier, A.M.C., has been detached to the 8th Regiment, C.M.R., of Ottawa.

The usual divine service was conducted by the chaplain, Capt. the Rev. W. E. Kidd.

W. Murray has been taken on the strength of the 21st Battalion and appointed armourer sergeant, attached to headquarters staff.

The following detail will be added to the R. G. H. A. under the re-organization plan that have just appeared in general orders. The officers will be: One lieutenant-colonel (R. S. A.), a major (battery), a captain (battery), three lieutenants (battery), and the other R. S. A. officers. Two gunnery instructors, one adjutant, one quarter-master, one district officer, and one bandmaster. This makes a total of twelve officers, and there will also be two sergeant-major instructors, warrant officers. Fifteen R. S. A. and eight battery staff-sergeants and sergeant make a total of twenty-three N. C. O's. Twenty-two musicians are provided for in the thirty-two of the R. S. A. rank and file, and this total will be brought up to 129 by ninety-seven battery-men of the rank and file. The total number in the establishment is 174. The number of horses in the establishment is seventy-two. Of the rank and file, fifty additional will be included and maintained as a nucleus for overseas drafts during the period of the war. The recruiting will be commenced immediately.

Major C. C. Bennett is acting O. C. of the 21st in the absence of Lieut.-Col. W. S. Hughes.

The approval of the militia department for the acceptance of colors from the citizens of Kingston by the 21st Battalion and the 22nd Battery, has been received.

Charles Wood, Prescott, has been appointed to the inland revenue service at Prescott, vice C. E. Bissell, deceased.

DR. EDWARDS WILL BRING

Penitentiary Conditions Again Before House of Commons.

Dr. J. W. Edwards, M.P., is not through with his investigation into penitentiary matters by any means. When seen by the Whig on Monday morning, Dr. Edwards stated that he would bring the matter up again at the present session of the house.

Speaking further, Dr. Edwards said that he had no friends to put in at the head of the big prison. As to this part of the question, he did not care "a snap of his finger," as to who occupied the positions, but what he wanted to see was proper management, and he declared that under the present officials, the prison would never accomplish the good it was intended to do.

Dr. Edwards declared that there were judges sitting on the bench who would not sentence men to punishment such as they received after they entered the penitentiary.

The men in authority at the prison become callous after years of experience, and do not help the convict to reform, is the claim of Frotenac's member.

MAKING BIG ADVANCES.

Athens, Feb. 8.—According to advices received here, the Russians have captured the villages of Ulics, Komarnik, Cersetz and Swidnik, all just across the Dukla Pass, and south of it is the Carpathian mountain. The Austrians are reported to have been driven back beyond the Moldava River in Bukovina.

SYDENHAM STREET CHURCH GIVES \$950

To the Belgian Relief Fund—A Special Campaign Held on Sunday.

A patriotic campaign for the relief of the Belgians was carried out in Sydenham Street Methodist Church on Sunday at both services. H. W. Richardson gave short addresses and laid the matter clearly before the congregation. As a result, \$950 was raised, \$800 of it being taken up at the morning service. It is thought that by the end of the week \$1,000, the desired amount, will be raised. Several persons and organizations are yet to be heard from. The senior Epworth League intends handing over \$17.50, which has been raised in its department for this cause.

On Sunday, Major W. A. Mitchell, C.A.S., had a number of military men to take up the offering at each service. Rev. Alfred Brown preached at both services. Special music was rendered by the organist, Miss M. Shaw, who played both the Russian and Belgian national anthems. Corp. A. M. Stowser sang a solo, entitled, "Who's that Calling?"

"JEET" FANNON A HERO.

Rescued an English Lady and Received Gold Watch.

"Jeet" Fannon, a well known Kilt-wearer, who is connected with the Canadian Ammunition Corps, under the command of Lieut.-Col. A. E. Ross, has distinguished himself at Salisbury Plain. Mr. Fannon was sent with a message by Col. Ross to Bustard Inn and while on his way he came across a young lady, Barbara Smith, who had met with trouble while out horse-back riding. The young lady was the daughter of Sir James Smith, and her saddle became loosened and slipped around on the horse's body. Miss Smith had one foot in the stirrup, and clung onto the horse's mane while the animal dashed along at a terrific rate. Mr. Fannon saw the predicament of the young lady, and putting the spurs to his horse, overtook the other charger. Leaping ahead, he grasped the lady's horse by the reins, and in a short time brought it to a standstill. Miss Smith was unhurt, but badly frightened. For his bravery Mr. Fannon was given a gold watch by the lady's father.

FINAL EPISODE.

Last Pictures of "The Trey O'Hearts" Now Being Shown.

The final episode of this wonderful serial, which has pleased thousands, entitled, "The Last Trump," in three big parts, will be shown Monday and Tuesday at the Ideal Theatre. Whether you have seen all the serial or not, don't miss the closing scenes. They will sure please you.

William Canning, a highly esteemed resident of Belleville, died on Friday, after a very short illness. Mrs. Canning preceded him to the tomb in October last.
