BERLIN

Benefit by Lesson Taught Last Oc- the best stamp. London, Feb. 12 .- News has reached here that another of those fateful council of war has been held Dr. C. C. James Scolds Papers For in Berlin by Emperor William. It

is too late, for neither the Russian commander-in-chief nor the Anglo-

and further proceedings for another few weeks will go as Russia wills. War can only be won by unity of Dr. C. J. James' words at the pa purpose. The Germans, confident triotism and production meeting in their arrogant supremacy, despised this fundamental truth months ago, namely; when they slackened James said that those who stayed in their atempts to crush France in order to save Koenigsberg and clear the Russians out or East Prussia. There was just a chance of success in France in the early days, even though the French were supported by Britain's inadequate numbers There was never any chance of success in Russia with Britain for ally, if only for geographical reasons. The unity of the strategic plan was abandoned months ago by the Germans as regards the whole war on both fronts. Weeks ago the Germans abandoned the unity of plan 1914, but work their means to bet do not believe the Germans have any year to adopt better farming meth-possible surprises to spring upon ods. Farmers know these better political necessity which has broken up the unity of the German plans for this war, but political necessities are a factor in every war, and are only found inimical to the strategy of the losing side. The really great strategist makes allies of these political factors, which are always present in every war. Russian successes are in no small degree due to much food," concluded D. James.

Galicia The Key.

The grand duke from the outset of the war based the strategy of his scheme upon the importance in every sense of Galicia. Whether advan- German Women Just Released Con- Sheer Necessity Taught Boers Its De- What They Are And What They Can eing or retreating, marching or fighting, the grand duke never lost grip on that strategic scheme. It is now being put into execution in the Carpathians. The Germans sent thilher three army corps to stiffen the Austro-Hungarian main attacks, but the Germans, if they bore the brunt phatically contradicts German stories of the fighting, likewise suffered the worst defeat in the battle. North non-combatants in France, saying of the Tukholka Pass the Russians were distinctly inferior in numbers to the Germans. Unquestionably Russia has many more men under arms than Germany, but she cannot Cahors. She left the country dodge them about from front to front Germany with "sincere regret. as the German comamnders do. In the fighting line the Russians have no superiority in numbers, and in many a memorable battle they have German Schoolboys Make Sacrifice enemy with barbed wire. grand duke's numbers are mostly standing ready for use when the proper moment comes. In the actual fighting no more men are employed schoolboys to forego the sausa'e To-day, in the European war, or than are necessary to effect the pur- which they usually take to school of the most effective of all defenses pose of the moment, and these men for lunch and to eat only black the barbed wire entanglements, which are not wantonly wasted. But the bread, to show their devotion to the military collegians have adopted as ar Russians, unprovided with the close fatherland. network of strategic railways specially designed in every way for military purposes, must have numbers to hold all the points of their seven- ders have been received by Baldwin hundred-mile front. The Germans Locomotive Works from the French have hammered at every link of that government for 100 locomotives. It chain and have broken none. It is estimated that the contract will cost them three-quarters of a million amount to approximately \$1,000,men to learn what the Russians 000

ould do, and this unwelcome knowedge is all they gained in the past three months. It would have been cheaper to accept the lesson learned IN CALLING COUNCIL OF WAR IN during the first invasion of Poland in October, and thus avoided sacrificing the unity of their strategic Jermany - Underestimated Russia's scheme for the sake of learning what everyone else already knew, namely, that Russians are fighting men of
