

For Chapped, Blotchy, Rough or Coarse Skin

Most skins require constant grooming at this season to keep them from becoming unbecomingly red, blotchy, coarse, rough or harsh, or if such condition has developed, to overcome it. In such cases it is particularly inadvisable to keep piling on cosmetics which close the pores and make the complexion worse than ever. It is a lot more sensible to use ordinary mercerized wax which literally absorbs a spoiled complexion. Apply the wax like cold cream, before retiring; next morning, in washing it off, wash away again fine, flour-like particles of the wax-like cuticle. Repeat for a week or more and you'll have an entirely new skin—soft, white, spotless and beautiful as a child's. One ounce of mercerized wax procurable at any druggists, is all you'll need.

Bronchial Tonic

Cola Vin surely builds up the whole breathing apparatus and at the same time acts as a system tonic and appetizer. It is the best tasteless preparation of Cod Liver Oil and Hypophosphites made—an ideal winter tonic. Comes in large bottles.

THE GREATEST BATTLE

PREDICTS THAT IT IS COMING IN MAY. Vast Armies, Both On Offense, Will Meet in World's Most Stupendous Effort, Says Writer. Paris, Feb. 13.—"What a slaughter Europe is to see in May!" Frederick Palmer, who will accompany the allied armies when they begin their drive against the Germans, made the above remark today. He had just talked things over with several of the chiefs of the general staff and knew what the plans are. His opinion later was echoed in another way by General French, who said: "Great events are coming. They will come peace, but we will put sentiment aside and make peace on our own terms."

And from neutrals who have been in Germany it is learned that the same thing is being said over there. Both sides are holding their own during the winter months and preparing, preparing! The great armies of Europe therefore are to meet in the spring, and each will be on the offensive. It will be the most stupendous effort in the history of the world.

Battles so gory that those recorded so far in this war will fade into insignificance are certain. Like a great fireworks show where half the total supply is retained for the grand finale, so competent onlookers believe this war is destined soon to go out. It will be exhaustion and the demoralization of the last "cannon fodder" of participants. So when May comes—or spring to use a more elastic term—when the mud-stained troopers will come out of their holes in the ground and once more tread on the flower carpeted fields of France in a terrible bloody encounter that is to go down to history as the worst of all.

"Will it be decisive? Experts here say it must be."

Gananouque

Feb. 13.—The Agricultural conference in Turner's Assembly Hall, yesterday afternoon and evening drew out large crowds from the surrounding rural district. Patriotism and production were well threshed out by some of the best talent of the country. The conference was ostensibly a farmers' one and was under the auspices of the Dominion Department of Agriculture, in co-operation with the Ontario department. The duty and the opportunity of the Canadian farmer in connection with the present war along the line of production of crops was amply handled at the afternoon session by John Fisher, assistant agriculturalist of the Commission of Conservation, Ottawa, and from the standpoint of live stock by F. R. Mallory, B.S.A., of Frankford, a practical farmer and breeder of Holstein cattle. Both these addresses were of great interest, and were listened to with attention by the gathering. At the evening session, in addition to these, J. Lockie Wilson, of the Toronto Agricultural Society, gave an excellent address. Mayor Ferguson J. O'Connor occupied the chair.

The Mission Band of Grace Church held a holiday party in the lecture room of the church from five to seven o'clock last evening, and had a very enjoyable time. Mrs. J. Arthur Jackson and Miss Maud Green were in charge of the affair. The Gananouque branch of the Brotherhood of Metal Workers on Iron and Tin held an excellent supper in the Sons of England Hall last evening. Quite a large gathering enjoyed the euchre in the rooms of the Gananouque Business College, last evening. The proceeds were in aid of St. John's Church. Quite a goodly number from town went out to St. Lawrence Church tea meeting, on Thursday evening. The programme was furnished by talent from Kingston. Harmony Lodge, No. 15, Daughters of Rebekah, held an enjoyable sleigh ride on Thursday evening. The oyster supper at the home of Mr. and Mrs. W. J. Bradley, of Eden Grove, drew out four large sleigh-loads from Gananouque on Wednesday evening.

Our New Taxation

Canada's heritage of wealth and her heritage of industry, courage, and determination can meet the requirements disclosed by the Finance minister and turn the calamities of war and even the temporary results of a season of extravagance to good account. A deficit of \$80,000,000 on capital, special, and ordinary expenditure, and an outlay of \$50,000,000 on war, have been met in large measure by borrowing \$60,000,000 from the imperial government till March, by issuing \$15,000,000 treasury bills maturing in June, selling 1940-60 stock netting about \$5,000,000, issuing \$15,000,000 dominion notes under the legislation of last session and \$10,000,000 still to be legalized, and by obtaining a bank credit of \$5,000,000. For next year our cash requirements, including material collections, will be \$300,000,000, of which \$100,000,000 will be for war, while our revenue on the present basis would be about \$120,000,000. Of the balance we will borrow \$100,000,000, which will bring our yearly interest charge up from \$16,000,000 to \$21,000,000. Clearly the necessity for new and additional taxation must immediately be faced.

Not A Good Substitute

She entered the grocer's with a jar of marmalade in her hand and lire in her eye. "Look here," she said to the proprietor, "I bought this stuff because the card in your window says it's an excellent substitute for butter. Well, it's a grand substitute, I must say. I tried to fry a bit of fish with it this morning and the taste was as awful as I had to throw the fish all away."

WAR BULLETINS

The British admiralty announced Friday afternoon that thirty-four British aeroplanes made successful raids on German positions in Bruges, Zebrugge and Ostend, and did considerable damage.

Berlin official despatches say that twenty-six thousand Russians with several guns have been captured in their retreat from East Prussia.

In a brilliant charge on Friday the French captured several German trenches in the Vosges mountains.

The Toronto Globe has another contradictory cable that the Canadian contingent, with the exception of ten thousand men, has landed safely in France.

The new British heavy gun surpasses the Krupp guns in every way.

Several German submarines and bases were destroyed when British aeroplanes raiders attacked them on Friday.

A Berlin despatch says that Germany proclaimed the freedom and independence of Poland and Silesia.

The Horse That Draws Your Coat

By Helen M. Richardson. It is just a common horse that through the street day after day, toils with the coal you burn. Willing am I that you should feel the glow Of cheerful warmth within your cosy home;— Ay, more than willing, glad to be of use, Doing my work in my own humble way.

Yet, prithee, friends, I fain would ask of you To spare me from the winter's ice and snow, And yet we minister unto your needs When streets are not frost-bound, nor is the way so fraught with danger that each forward step imperils life. I cannot choose my way.

And oft an unkind driver urges me Beyond the limit of my will and power. Up hills a human would not dare to tread. I must needs pass. For a man I am deemed by my sturdy strength to make the load.

Even though a broken limb should break the load? When you sit within the home, we've made. So full of comfort by our willing aid, My mate and I, grant us the pledge we ask: My bins well filled before return again.

The winter snow with icy sleet and rain. This is our plea,—ponder it well, I pray. A horse can ask you in no other way.

Worth Remembering

To remove paint from dress fabric place a white blotter underneath the spot and rub with benzine. Salt on the fingers when cleaning raw or fish, will prevent slipping and a little vinegar on the hands will prevent odor.

When making an apple pie add a few drops of lemon juice to the apples and the apples will keep the color, while flavor is improved. Crackers with grated cheese put in the oven and browned, are good served with a salad.

Pictures for the guest room should be of general interest, and not family portraits. If eggs are placed in hot water a few minutes before breaking, the whites will separate from the yolk very easily. They should be cooled before starting to whip the whites.

Fur garments will keep moths away from woolens. A good way to clean mirrors is to wipe them with a pad dipped in whiting and warm water. Then dry with a soft cloth and polish with a piece of chamois skin.

Pineapple juice mixed with honey is good for children suffering with sore throat. Wine stains which have dried on the tablecloth or napkin should be touched with a few drops of whiskey before the linen is sent to the laundry.

Safety First. We are now offering attractive municipal debentures of Ontario and the western provinces yielding 5 1/2 per cent. Full particulars on application. Howard S. Folger, broker, 47 Clarence street.

Lieut.-Col. Thomas Scott who died in Winnipeg was born at Lanark in 1841 he founded the Perth Expositor, which he edited and published in the conservative interest until 1873.

OLD-TIME REMEDY MAKES PURE BLOOD

Hood's Sarsaparilla has been and still is the people's medicine because of its reliable character and its wonderful success in purifying, enriching and revitalizing the blood and relieving the common diseases and ailments—scrofula, catarrh, rheumatism, dyspepsia, loss of appetite, that tired feeling, general debility. Hood's Sarsaparilla purifies and enriches the blood, and in so doing renders the human system the greatest service possible. This medicine has been tested for years. It is perfectly pure, clean and absolutely safe, as well as of peculiar and unequalled medicinal merit. Get Hood's, and get it now from any drug store.

FRIDAY NIGHT HOCKEY

THREE CITY LEAGUE GAMES PLAYED AT COVERED RINK. Lindsay Defeated Collegiate in Lindsay, 7 to 0.—Queen's II, Tied With McGill II in Montreal, But Won Round.

The City Hockey League was again in evidence at the covered rink on Friday night. Three matches were pulled off. The first between K.C.I. and Regiopolis in the junior series, resulted 3 to 1 in favor of K.C.I. The second, Portsmouth vs. Maple Leafs, in the senior series, ended 1 to 0 in Portsmouth's favor. After ten minutes overtime had been played, the third, Victorias vs. Maple Leafs, resulted 3 to 0 in favor of Victorias.

The three games were all fast ones. Deep interest was manifested over the senior match between Portsmouth and Maple Leafs. For an hour these two aggregations battled without obtaining any score, and it was only upon the part of E. Ryan that Portsmouth landed the deciding tally. This goal was obtained in the first period of overtime, playing five minutes each way. The line up: Portsmouth—Goal, Dempsey; defence, McGuire, E. McCannan; rover, Forsythe; centre, H. McCannan; wings, E. Ryan and M. Kennedy.

Maple Leafs—Goal, Holdman; defence, C. Young, F. Gunn; rover, Yellowley; centre, Little; wings, H. Toland and Corrigan. Referee, T. Ferguson.

The match between K.C.I. and Regiopolis, which resulted 5 to 1 for the former, was a good exhibition of hockey. Although the collegians won out, considerable credit must be bestowed upon Regiopolis because they were considerably handicapped through lack of sufficient practice. As it was they gave K.C.I. a hot run for it. Abernethy and Nickle were two very swift and agile players for the collegians, the former obtaining two goals and the latter one. "Jack" Evans and "A" Truse tallied the remaining two goals for K.C.I. while Madden was the lucky shot for Regiopolis. N. Truse refereed. The line up: K.C.I.—Goal, Carr; defence, Abernethy, Nickle, J. Evans; rover, A. Truse; wings, J. Cook and G. Cruse. Regiopolis—Goal, Hurlley; defence, J. Maguire, B. Blakey; rover, Madden; centre, Waters; wings, M. McGuire, Lynch.

The last match of the night was played between Victorias and Maple Leafs, ending in the score of 5 to 3 in Victorias' favor. A. Cook was referee and he had considerable difficulty to do to keep the players from playing rough. The victors, however, proved themselves quite superior to Maple Leafs. The latter have lots of good material and will show much better after a little more practice. The line up: Victorias—Goal, Kelly; defence, Decker, S. Hall; rover, J. Reid; centre, S. Smith; wings, E. Roy, J. Somerville.

Maple Leafs—Goal, Turcotte; defence, Gallagher, Angrove; rover, J. Ross; centre, J. Newell; wings, Murray, Derjagin.

A Lindsay despatch says: Lindsay Juniors defeated the fast Kingston Collegiate seven here Friday night by a score of 7 to 0. Ice heavy, prevented any fast combination play. Lindsay's stonewall defence kept the visitors well out, and they put any brilliant rushes. The line up: Lindsay—Goal, O'Loughlin; right defence, Haugh; left defence, Flaherty; rover, C. Carew; centre, McTroy; right wing, Sandercock; left wing, A. Carew.

Kingston—Goal, Walsh; right defence, Carroll; left defence, Ferguson; rover, Paul; centre, Stewart; left wing, Toland; left wing, Gratton. Referee—H. Jacobi.

Queen's II Win On Round. A Montreal despatch says: Queen's II, tied with McGill II Friday evening by a 1 to 1 score, but won on the round and will play Toronto University for the championship. Queen's played a good defence on the soft ice. Work and "wash" did the scoring. The line up: Queen's II—Goal, goal; defence, McGreggor, defence, Boyd, Edwards, Wright and Elliott, forwards.

McGill II—Clark, goal; McKenney and Keich, defence; McCullough, Ritchie, Work and Ross, forwards. Referee—W. Hughes.

No Curling Games. There were no scheduled curling games played on Friday night. H. Sutherland and A. A. Turcott's links win by default from J. M. Elliott's and L. J. Williams' links, respectively.

MUST BRING OWN BREAD

Task Confronting Patrons Of Berlin Restaurants. Berlin, Feb. 12.—via London, Feb. 13.—The guests of Berlin restaurants after February 22nd must either bring pocketful of rolls or a bread ticket with them. Otherwise, no bread will be obtainable. This is the solution arranged to-day by the Berlin authorities for the one really difficult problem in the scheme for placing Berlin residents on a two-bread ration. Arrangements for the issue of bread tickets to family households were easily made, and the authorities settled the problem for hotels and boarding houses by authorizing the issue of day tickets for every guest registered. The executive committee of the Municipal League will meet to-day to recommend the introduction of two-kilogram bread quota on the same basis as that enforced in Berlin. According to the Labor Messenger, a state regulation of another essential of German life is impending. The Bundestag is considering a law limiting the consumption of meat to 60 per cent. of the present quantity permitted to be used and reducing the beef production correspondingly. The beef thus saved will be available

PROBS.—Fair and cold to-day; winds, snow, turning to sleet.

"Made In Canada" Sale Closes Tonight. Rare opportunities await the discriminating buyer. Sheetings, Pillow Cottons, White and Grey Cotton, Nightgowns, Kimonos, Waists, Prints, Ladies' Underwear, etc., etc., all Canadian made—at less than actual cost!
