HOCKEY AND CURLING

THE COLLEGIATES AGAIN WON FROM QUEEN'S III.

And Will Meet Varsity III—Kingston Curlers Won the Western District of the C. O. C. L.

Kingston still has a chance and a splendid one at that to be the home of a championship hockey team this season. The Collegiates defeated Queen's III on Monday night by a score of 5 to 0, winning the round by 7 to 2. The Collegiate team played a remarkably strong and steady game and should stand an even chance with Varsity for the junior intercollegiate championship.

Monday night's game was a good exhibition of hockey although the combination attempted was not effective, the back-checking being so strenuous that the puck was usually lost. The ice was in good condition and a fast pace was kept up although the junior students had the advantage most of the time, putting up an excellent defense game.

There was a great deal of slashing and heavy body-checking indulged in by both teams, but the stick-handling for the winners could not be equalled by the tri-color team.

The game opened with a great burst of speed, but in a short time the combination settled down to work and except in the second period for about five minutes the same pace was put up. The university team immediately went on the offensive, but in one of its rushes lost the puck, and on a wing shot, H. Toland made the first tally. The game was very close from then until the end of that period, both goal-keepers being kept busy, but they did their work well.

In the second period, the body-checking was even rougher than before and more combinations were attempted. In a scrimmage near the nets, Cooke made the second of the five scores, and five minutes later the Stewart brothers, James and George playing combination, made the third.

Each of the Stewart brothers scored in the final period, and made the game sure. In the last two minutes of play Walsh came out of the nets and carried the puck half-way down the ice, but was chased back again by a rush of the Queen's forwards.

McQuay had his knee injured and had to be carried off the ice in the second period.

The Collegiates never played a better game, and although they did not check-back as heavily as the Queen's team, they did far better forward-work, both individually and together.

C. Stewart was probably the steadiest worker on the ice, and held his clever little opponent well in check. Toland and Stewart, on the wings, were great assistants, passing to him and doing very effective work against their opponents. On the defense, Ferguson and Carroll played their positions in a creditable manner. C. Toland played his regular game, and kept his opponent close to the boards, very seldom letting him get away. H. Cooke is an excellent man on individual rushes, and did good work on Monday night when used.

The two goal-keepers, Walsh and Taylor, shared equal honors, and both played an excellent game, keeping the rubber numerous times when the players were through the defense.

Stinson, the ex-Frontenac player, was the star for the tri-color team. He was a little wide on his shooting. Kroll was the better of the two wing men, Cattanech having a desire to "start something" when the puck was taken from him. He was in two scraps that caused the game to be stopped for a time. McQuay, unaided, carried off in the second period, played a strong game. On the defense, Mills and McCallum both played well, but this defense was not as strong as the Collegiates. Mills is rather spectacular, and McCallum's fault is in carrying the puck too far before shooting.

The line-up: Collegiates—Walsh, goal; Ferguson and Carroll, defense; C. Toland, rover; G. Stewart, centre; H. Toland and J. Stewart, wings; H. Cooke, replaced.

Queen's III—Taylor, goal; Mills and McCallum, defense; McQuay, rover; Stinson, centre; Cattanech and Keill, wings; Carson and Countryman, replaced.

"Reg." Crawford, Frontenacs, refereed satisfactorily.

The City Hockey League executive expects to bring the various groups comprising it to their respective semi-finals this week. K.C.I. has come out on top in its group against Regiopolis, and Iroquois seniors have put Bankers out of the running by giving the former its semi-finals in group "B". It now only remains for Victorias, Maple Leafs and Portsmouth to finish out group "A" of the senior series. Already Portsmouth has won both games which it has played, and there is every likelihood this aggregation will be in the finals with Iroquois of group "B".

In the junior series both Victorias and Portsmouth Beavers stand equally as good a chance by winning their group, but whatever aggregation does win it will not have much chance against K.C.I. juniors, with whom it will have to conclude the finals. K.C.I. belonged to group "B" and this grouping has played all through a better style of hockey than that played by group "A". If a triple header can be secured at the covered rink it will decide the semi-finals of the league.

Kingston Curlers Won
Kingston senior curlers won the western district of the C.O.C.L. tankard series defeating Napanee on Monday afternoon. Brockville was to have come here on Monday night to play the first of the finals, but for some reason did not appear. The rinks in the afternoon games were: Kingston Napanee, W. R. Stills, H. Daly, A. H. Warwick, H. Daly, H. D. Bibby, J. Derry, M. P. Reid, C. Mayne, (skip)—15. (skip)—14.

W. H. Montgomery, G. H. Refferstern, E. C. Gilderleeve, W. Daly, J. A. McRae, Dr. Howard, J. P. Macdonald, Dr. Leonard, (skip)—20. (skip)—15.

Club Curling Game.
Only one scheduled curling match was played on Monday. H. Wallace's rink defeating J. B. Walker's rink by a score of 22 to 8. The latter rink was skipped by H. E. Hague. E. L. Rice, N. Robinson, W. J. B. White and R. J. McKelvey challenged any curling team of the club to a game, the loser to purchase 100 pounds of sugar for the Mowat Memorial Hospital. The challenge has been accepted by F. Hamrood, H. McCartney, J. McCartney and F. C. Jackson, and the game will be played on Friday night.

Queen's vs. Frontenacs
For the city championship, Queen's will play the senior Frontenacs on Friday night. This should be an excellent drawing card as the two teams are very evenly matched.

Queen's to Enter O.H.A.
Queen's hockey club has decided to enter the senior and junior series of the O.H.A. next winter, as well as the intercollegiate, following the lead of Toronto University, which has had teams in both unions for several years. Queen's finds that it has not enough games for its players.

PORTSMOUTH COUNCIL.
Councillor John Marks Advocates Tags For the Village Dogs.

Councillor John Marks, Portsmouth, is of the opinion that all the dogs in the village should be given a tag to wear while the owner has paid the usual tax. He says that is the only way to tell the dogs whose tax has been paid, and for this reason, at the regular meeting of the Portsmouth Council on Monday night, he moved that tags be secured for the dogs. While the members felt that the idea was a good one, they deferred action until the next meeting.

Councillor James Halliday presided at the meeting, and all the members were present. John Mills and James Shanahan were appointed assessors for 1915. This year the council is appointing two assessors instead of one.

Petition of W.C.T.U.
At an executive meeting of the Woman's Christian Temperance Union, held on Monday night, the secretary was requested to forward the following resolution to the Hon. Robert Borden, prime minister of Canada: Resolved, that we hereby petition for the immediate suspension of the manufacture of all malt and spirituous liquors during the war, not alone for the conservation of our rightful use as food, but in order that want, degradation and suffering produced thereby may be reduced to the minimum. All local church boards and other kindred organizations are requested to do the same without delay.

A Runaway Penitentiary Team.
On Monday afternoon shortly before four o'clock, a runaway team of horses dashed along Albert street and smashed the memorial fountain placed in front of J. R. C. Dobbs' residence, corner of Albert and Earl streets. The team was attached to a wagon belonging to the penitentiary, and was driven by two guards. The animals became frightened and dashed along Earl street, where they became unmanageable. The guards jumped off, and as they did for when a collision came the wagon was smashed into pieces. Only the front wheels remained attached to the horses, which made their way back to the penitentiary.

Settlers Moving In.
Great interest is being indicated in farming lands in the Nechako Valley, around Vanderhoof. Grand Trunk Pacific tractors from the east are bringing in new families almost daily. There are millions of acres of good land available for pre-emption in Central British Columbia, near the Grand Trunk Pacific line, according to figures recently announced by the Hon. W. J. Bowser, attorney-general of British Columbia.

Threats Land Him In Fort.
Phelix Somers, the German arrested in connection with a scheme involving the wrecking by explosives of the new dry dock at Malsonneuve, Tuesday, and who by orders of the criminal court, was turned over to the military authorities, is now in safe incarceration at Fort Henry. 2

Kingston Historical Society.
Prof. Mavor, of Toronto University, will give a lecture this evening in Convocation Hall, at 8 o'clock, on "Russia and Her Part in the Present War."

Life is a game in which one man's push is pitted against another man's pull.

MORE SICK ADMITTED

TO GENERAL HOSPITAL LAST MONTH THAN EVER BEFORE.

The New Empire Wing Was Taxed—The Death Rate, However, Was No Larger Than Usual.

The Board of Governors of Kingston General Hospital met Monday afternoon. The report of the medical superintendent was received with a great deal of satisfaction. The number of patients admitted in February was the largest during any one month in the history of the hospital. This makes very significant a clause in the report of the visiting governors concerning the new Empire wing, which reads as follows:

"The new Empire wing has been well filled with patients almost every day during the month of February. This fact proves the wisdom and foresight of your Board of Governors in pushing forward to completion this latest addition to the hospital. When we remember the years of work and anxiety spent on this new building, which only a few months ago looked as if it might be years before the thirty beautiful additional rooms would be occupied, and now find every room taken and our accommodation almost taxed in the very first year of its opening, it is certainly gratifying. The new wing has certainly proved a great blessing and benefit to the sick and suffering of our city and surrounding country."

Notwithstanding the large number of patients, a number of whom were very severely sick, the death rate was no larger than usual, in fact smaller than some months when the number admitted had been much less.

The question of the exercises connected with the graduating of nurses of the class 1914 was discussed, and left in the hands of the committee of management to make arrangements.

R. Waldron, Sr., and W. H. Macnee were appointed visiting governors for the present month.

The governors present were: A. F. Chown (chairman), R. E. Kent, Prof. D. H. Marshall, B. W. Robertson, T. F. Harrison, F. G. Lockett and R. Uglow.

ARRANGEMENT REACHED
With Regard to Shortage of Grain in Ship Cargoes.

When grain is being shipped from Port Arthur or Fort William to the eastern limit of the lakes, it has been customary to charge the boat owners with the account of grain lost en route. These shortages are practically inevitable, and the arrangement was not felt to be a just one. A meeting was held in Detroit the latter part of last year, and an arrangement was drawn up and signed, but later objected to by some of the parties.

On Monday, F. King and H. W. Richardson were members of a delegation that waited on Hon. G. E. Foster, and a final agreement was customary to charge the boat owners with the account of grain lost en route. These shortages are practically inevitable, and the arrangement was not felt to be a just one. A meeting was held in Detroit the latter part of last year, and an arrangement was drawn up and signed, but later objected to by some of the parties.

MARRIED IN BROCKVILLE.
The Groom Was a Kingston Man, J. D. Calvin.

Brockville Recorder.

At noon on Monday there was quietly celebrated the marriage between Miss Anne Begue Reynolds, younger daughter of Judge and Mrs. Reynolds, and Johnathan David Calvin, B.A., B.Sc., son of H. A. Calvin, Garden Island and Kingston. The ceremony was performed by "Venerable Archdeacon Dobbs, M.A." The bride wore her travelling suit of cadet blue gabardine cloth trimmed with same color, with hat to match. She was attended by Miss Eleanor Reynolds, her cousin; Miss Milda Calvin, sister of the groom, and Miss Frances Smart, also a cousin of bride. The groom who wore the uniform of his regiment, the Canadian Engineers, was attended by his brother, R. M. Calvin of the same corps. During the signing of the register Miss Frances Smart sang "Oh Perfect Love." E. S. Reynolds and Mr. H. A. Calvin, Jr., acted as ushers.

The following relatives from a distance were present: Mr. and Mrs. H. A. Calvin, Kingston, and C. C. Calvin; Mrs. Walter Boyd, Major Donald Hector McLean, Mrs. A. W. Mackay, Miss Jean Bellhune, Mr. and Mrs. G. Bogue Smart and Lieut. Douglas Smart, Ottawa; Mrs. James A. Smart, Lachine; Miss Grace Malloch, Hamilton; Mrs. B. W. Parker, Lachine.

Mr. and Mrs. Calvin left for the east and after a short trip will return to Ottawa to await the departure of the groom to the war with the second contingent.

Presence Will Be Missed.
The flag on Louise school was hoisted to-day out of respect for the late Harry Kay, a bright little pupil of the second class of that school. Harry was a great favorite with his teachers and classmates. His jolly little presence will be missed by all.

Mrs. Gertrude Amelia Leavitt, widow of the late David Leavitt, passed away in Toronto on Saturday evening, in her fifty-third year. The late Mrs. Leavitt was born in Bloomfield, Prince Edward county. On Thursday the remains will be taken to Picton, and interment followed at Glenwood cemetery.
