Grow Vegetables.

Kingston, March 8,-(To the Editor): In the issue of the Whig of the 6th inst., I note the Lampman's reference to me as getting my, band of vegetable followers together to

protest against the citizens going into vegetable growing.

I am pleased to inform you that I publicly put myself on record at recent meeting, under the Production Movement auspices, that I personally favored the citizens undertaking the growing of vegetables, my contention being the more vegetables are raised the more tastes will be created for them, consequently there would larger demands and larger sales us raising vegetables in a commercial

There are many vacant spots of land in the city which would greatly add to its beauty if a crop of vegetables was growing on them place of burdocks, etc. 1 am giving you my personal view on matter, and I feel satisfied I jority of vegetable growers around our city. My advice to the citizens is to get busy and grow vegetables, particularly potatoes, as I feet tisfied, with conditions as they the crops most in demand. I would least \$1 a bushel next year.

To assert my seriousness in this matter, I wish to state that any citizen applying to me, I shall only be too glad to assist in arranging and managing his vegetable garden for 1915. I also feel assured that good valued citizen, E. K. Purdy, florist, Brock street, would also assist those contemplating beautifying their home grounds with flowers. In conclusion, I beg to advise those going in for flowers and vegetables that they get a prize list of the Kingston Industrial Exhibition and compete for those valuable prizes offered.-R. J. BUSHELL.

EIGHTEEN DEATHS IN WEEK. Cataraqui and St. Mary's Vaults Are

The death rate in Kingston was very large for the week commencing February 28th and ending on March 7th. During this interval of time eighteen teaths were registered at the city clerk's office, while for the same duration of time thera was not a birth in the city.

The vaults at both cemeteries are now crowded almost to overflowing. and fine weather is awaited in order to relieve the dead storehouser. One filled and the second one is well nearing the same condition. St. Mary's cemetery vault has now none

TWO HOCKEY MATCHES PLAYED ON MONDAY.

W. P. Wilgar Made Captain of Queen's Engineering Corps-Members of Queen's Staff on Active Ser-

An enthusiastic crowd turned out to see the deciding game in the Inter-Faculty hockey championship series. Arts started favorites but it was soon evident that in the scence men they have much more able opponents than the medicals proved hemselves to be. Science scored the first goal, but Arts soon evened up. Arts were down on the Science goal but poor work in front of the nets prevented a score. The Science men made better use of their opportunities and finally succeeded in winning

a hard game by five goals to two. The Y.M.C.A. and Missionary Association executives clashed in hockey match Monday afternoon to decide which could play best. The brand served was "punk" in the extreme. The only sign of combination at all was by Milliken and Paterson for the Y.M. In the first two periods the Y.M. led by five goals. The missionaries, however, improved in the last period, and manager to score three goals, while the Y.J. failed to tally. The final score 5 goals to 3 in favor of the Y.M.

The Arts court was held on Monday evening, when a number of men will be tried for minor offences.
