

HIS HEALTH IN A TERRIBLE STATE

"Fruit-a-tives" Healed His Kidneys and Cured Him

HAGERVILLE, ONT., Aug. 26th 1913.
"About two years ago, I found my health in a very bad state. My kidneys were not doing their work and I was all run down in condition. I felt the need of some good remedy, and having seen 'Fruit-a-tives' advertised, I decided to try them. Their effect, I found more than satisfactory.

Their action was mild and the result all that could be expected.
My kidneys resumed their normal action after I had taken upwards of a dozen boxes, and I regained my old-time vitality. Today, I am enjoying the best health I have ever had."

B. A. KELLY

GERMANS HAVE SHOT BOLT IN THE EASTERN FIGHT

Russian Troops Have Shown Their Superiority.

TEUTONS TOO WEARY

FOR THE MARCHING THE CONDITIONS DEMANDED

Poor Material Of Germany's Reinforcements Revealed In The Number of Surroundings And Their Lack Of Courage To Endure Hardships.
Petrograd, March 10.—In the north and in the south the Russians are now establishing ascendancy. They have driven the right wing of General Eschhorn's army, which recently attempted to cross the Niemen above Grodno, back toward the wide marshy clearing outside the Augustow forests, never permitting the German rear-guard to halt. The Russian advance here reaches a remarkable pace considering the nature of the ground.

At Ossowetz fortress the Russian artillery silenced two German heavy machine gun batteries, and they continue shelling the Lyck road to keep back the German reinforcements.

The number of Germans surrendering, especially among the fresh conscripts, far exceeds anything experienced in the earlier stages of the war. "Oh, war," groaned the Germans, with gestures of weary despair. From them it has been learned that four corps were involved in the defeat at Praznysz. Two were newly formed, one from the Guards reserve corps and one from the Silesian Landwehr corps. When the prisoners reached the railway they collapsed and slept in heaps upon the wet platform.

Hindenberg's New Move.

General von Hindenberg is again striving to distract attention from this tragic end of his north-eastern campaign by directing sharp infantry attacks on a six-mile front above the left bank of the Pilica in the direction of the Aawa road. A sharp battle in this district of Central Poland has now lasted three days. It evidently aims at preventing the Russian outer lines in the region south-west of Warsaw from sparing forces to go elsewhere, as there are indications that the Germans fear a new strong offensive on the Nida and the Donajec against the armies protecting Cracow.

A continuous procession of prisoners is pouring into Kieff from Eastern Galicia. One consignment of four thousand was taken without a shot being fired. They belonged to an infantry division and were scouting out the road for Hungary. They have been three days without food when encountered by the commissariat transport. They were detained and had just distributed food when the Russians appeared. The Austrians immediately sent delegates with a white flag and asked to be permitted to take their marching kit; then they would go quietly. The Russians agreed.

Some Bavarian soldiers are among the Austrian prisoners brought to Kieff from Czernowitz. Twelve thousand prisoners from Eastern Galicia have already started for Siberia. The German staff is still striving to avert a final collapse of Austria's campaign. It has sent a fresh army of new German conscripts, mostly aged about 18, into Northern Hungary. With the remainder of the Austrians they are moving in great numbers on the Galician slopes of the mountains and in the broken hills between the sources of the San and the Dniester. Their right wing was severely cut up on Saturday in attempting to cross the Dniester eastward.

BOOT TEST BEING MADE

At Halifax and Kingston When War Broke Out.

(Special to the Whig.)
Ottawa, March 10.—Col. MacDonald, director of clothing and supplies, resumed his place in the witness stand at the boot enquiry this morning. He stated that while the same pattern boot had been in use for many years, a recommendation was made by Col. Brown on April 27th, 1914, that chrome tanned leather be used instead of oak tanned. Fifty pairs of ankle boots were manufactured of this leather for use by the permanent forces at Halifax and Kingston. Tests were being conducted, but they were not completed when the war broke out. It had also been recommended that the British army pattern be used, but the recommendation was rejected on the ground that it was too heavy for Canadian use.

SAYS HE WAS ROBBED

VISITOR TOLD A STRANGE STORY TO THE POLICE

Left Hotel With Two Men Tuesday Night and in Morning Found Himself Lying Near a Bridge—Was Minus \$50 and Railway Ticket.

In a dazed condition, a man giving the name of James McDonald, who said he was a farmer, living near Bowmanville, went to the police station at ten o'clock on Wednesday morning, and stated that he had been robbed of \$50 and his railway ticket. He said he had been out all night, but that where he had spent the time he could not say. All he remembered was leaving his hotel about ten o'clock on Tuesday night, with a couple of men. He admitted having had a few drinks, but not enough to put him under. He gave every appearance of having been "doped."

"When I came to my senses it was morning and I was lying near a bridge," said McDonald. He could not describe the bridge or tell what part of the city he had been in. He said he could see a bridge, but questioned closely he did not appear to know anything that had occurred after he left the hotel on Tuesday night.

McDonald had a lump on the top of his head as if he had suffered a fall or had been assaulted, and his clothing was torn. Owing to the fact that he was unable to give a good account of himself the police were given quite a handicap, but are making an investigation.

FOUGHT HARD TO KEEP HIS JOB

Indiana Man All Run Down—Had No Strength—No Energy Left—Blood Poor—How Vinol Helped Him.

Shelbyville, Ind.—"I was all run-down, had no energy, my blood was so poor I felt badly all the time and my face was covered with pimples. I am a clerk in the hotel and had to put up an awful fight to keep at work.

"I tried Beef, Iron and Wine, and other remedies without benefit. I learned of how Vinol had helped others, and decided to try it. After taking the first bottle I noticed a great improvement in my condition. I continued taking it and now I am rid of all my troubles and cannot say anything too good for Vinol."—ROY F. BIRD, Shelbyville, Ind.

For all run-down, weak, debilitated conditions of men and women, nothing equals Vinol, our delicious cod liver and iron tonic without oil.
Vinol is a constitutional remedy. It creates an appetite, aids digestion, makes pure, healthy blood. In this natural manner it builds up strength and vitality.
Try a bottle with the understanding you can get your money back if Vinol does not help you.

When You Wash Your Hair Don't Use Soap

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.
The best thing to use is just plain milled coconut oil for this is pure and entirely greaseless. It's very cheap, and beats soap or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.
Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly and is soft, fresh-looking, bright, fluffy, wavy and easy to handle. Besides it loosens and takes out every particle of dust, dirt and dandruff.
