

BELL TELEPHONE CO.

AWARDED DAMAGES IN SUIT AGAINST FALLON BROS. Court Upheld Claim for \$734.83, for Damage Caused by Dredge Lifting Cable Near Cataragui Bridge in August, 1914.

The fact that there were no criminal cases on the docket of the sittings of the Supreme Court of Ontario, which opened on Tuesday afternoon before Justice Brice, speaks well for the county of Frontenac. Three non-jury cases occupied the attention of the court, and one of these was settled out of court.

The Joy of Good Health Is Now Experienced

Nervousness, Dizzy Spells and Sleeplessness Are Now a Thing of the Past.

This is a cheerful letter from Mrs. Peacock, and it should bring joy to the heart of many a reader of this paper. Dizzy spells and sleeplessness are symptoms of exhausted nerves, and are the bug-bear of many women, who do not know just what treatment to use.

You can read Mrs. Peacock's letter and take courage, for she has proven that Dr. Chase's Nerve Food is a complete cure for these troubles.

husband is conductor on the Wabash Railway, states: "I was quite run down in health, was very nervous, did not sleep well, and had frequent dizzy spells. Believing this to be the result of an exhausted nervous system I began using Dr. Chase's Nerve Food, and can say that this medicine did me a world of good. It entirely freed me of the symptoms stated above, built up my health generally, so that to-day I feel that I am quite well again."

SHOOTING AT RANGES

Men of the 21st are becoming proficient. The Machine Gun Section is also doing excellent work—the signalling section is very efficient.

These fine days are excellent for the shooting on the ranges and all day long there is a constant "ping" of bullets and the sound of the officers' voices correcting the sights and giving pointers to make the men better shots.

The machine-gun section, under Lieut. Raymond, is getting quite expert in handling their deadly instruments. When a bullet leaves the gun every tenth of a second, or to be more exact, 450 times every minute, the barrel of the gun gets very hot, and there is quite a risk in quickly changing one barrel for another.

Another Case Heard. Another case on the docket was that of Simmons Bros. vs. Charles H. Powell and Thomas W. Sands. The plaintiffs' claim is for an injunction, restraining the defendants, their servants, workmen, agents and tenants, from excavating, building, or using part of lot No. 297, on Princess street, owned by the defendant, Powell, and not built upon, in such a way as to interfere or restrict the right of the plaintiff, owners of part of the said lot.

The plaintiffs base their claim on the fact that the property has not been built upon for over twenty years, and that a building such as proposed would injure their business, in that they would not be able to drive in and out of the premises.

Mr. Powell and Mr. Sands entered into an agreement for the erection of an addition to Sands' cigar store and pool room, at a cost of \$650. This addition would allow for four extra pool tables, and it was claimed that by the stopping of the proposed work he was losing \$10 a day on the four tables.

The building was to have been finished for Christmas Day, and early in December the work was stopped. Mr. Powell also claimed damages for the loss he sustained as a result of building operations being stopped.

Justice Britton reserved his decision.

Officers and men of overseas and home defense forces will be interested in the new series of military books advertised by the College Book Store in this issue. See page two.

Six men have already applied to go overseas as officers in answer to the call sent out by Major J. Hamilton, A. D. of S. and T., on Tuesday. Two were sent to Ottawa on Tuesday night and the others will be sent on Wednesday night. The men being accepted must be experts in their work.

Lieut. V. Crothers leaves on Thursday for Ottawa to go overseas with the 8th Regiment, C. M. R.

In the militia Y. M. C. A. Hall an interesting programme was put on by the choir of Princess Street Methodist Church on Tuesday evening.

The following took part: Misses S. Parrott, A. Timmerman, Eva Mack, Agnes Brebner, and Messrs. D. Adams and W. Mack. The programme was thoroughly enjoyed by a large crowd of soldiers.

On Wednesday night, Rev. R. J. Dunlop, Japan, who is visiting with friends in the city, will give an address to the soldiers on the conditions in that country. On Thursday evening a concert will be given by the choir of the First Congregational Church.

First Lessons in War, by Spencer Wilkinson, Chichester, professor of Military History, England, is the title of a book which has already had a circulation of two million in the United Kingdom. It is filled with information of the most important to officers and men of the new armies, and will be found most interesting to those who, without being soldiers, are following the course of the war. Cloth, 35c. per copy, at College Book Store.

JAMES ATKINS WRITES That He is Enjoying Life in the Trenches.

James Atkins, Portsmouth, who is with the first Canadian contingent, has sent a very interesting letter to his parents, which reads in part as follows: "I have been in the trenches twice and consider myself quite an old soldier. At first I was kept busy dodging bullets, but after a few hours I did not seem to mind it much, in fact I would rather be there than in the billets. It is more exciting, I light the cigarettes, and, believe me, they did not last long. I had to loosen up with the others."

"The night before I went into the trenches I received five letters. I can tell you there is not any news other than I am enjoying good health."

The wind in England blows from the southwest in 112 days during the year.

Battersea Defeated Eglburg. Battersea defeated Eglburg by the score of 4 to 3 in an exciting hockey match played at the covered rink on Tuesday night. The score at all time was 2 to 2, and it was necessary to play twenty minutes overtime to decide the game.

The first part of the game was in Battersea's favor, Patterson scoring in ten minutes and Jackson in sixteen minutes for the victors, George Vair and E. Coulter evaded matters up in the second period by placing necessary to play twenty minutes overtime to decide the game.

This game was the return match between these two contestants to decide the championship of the southern portion of the county, and Battersea now plays off with Wolfe Island which defeated Verona. The teams: Battersea—Goal, A. Turner; defence, H. Smith, G. Patterson; rover, D. Williams; centre, B. Hartley; wings, H. Moore, W. Jackson.

Eglburg—Goal, A. Pringle; defence, H. Porter, B. Vair; rover, A. Kaiser; centre, E. Coulter; wings, G. Vair, G. Shewell. Official—J. Smythe and S. Toland.

British silver coins are made from an amalgam of 27 parts pure silver with three parts of copper.

QUIT MEAT IF YOUR KIDNEYS ACT BADLY. Take Tablespoonful of Salts if Back Hurts or Bladder Bothers. We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble. The kidneys do their utmost to free the blood of this irritating acid, but they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system. When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning, and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders. Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active. Agent, Geo. W. Mahood. It is estimated that if the oceans evaporated they would yield about 4,500,000 cubic miles of salt.

THE BRITISH WHEIG KINGSTON, ONT. Loose Leaf Supplies. BINDERS TO FIT ANY SHEETS SHEETS TO FIT ANY BINDERS. COAL. The kind you are looking for is the kind we sell. Scranton Coal. Is good Coal and we guarantee prompt delivery. BOOTH & CO. Foot of West St.

One will please, six will cure. Sold by all druggists or mailed in plain package, 1/3 post paid. New pamphlet mailed free. THE WOOD MEDICINE CO., TORONTO, ONT. (Inventor Wood's)

Let Your Feet Breathe. The pores in your feet are the largest and most active in your body—But if you wear improper shoes they become covered with dead skin and callous places and cannot breathe as nature intended. This condition is impossible if you wear a Dr. A. Reed Cushion Shoe. The built-in cushion sole absolutely prevents drawing and hugging of the uppers—the friction that forms callouses and eventually corns is entirely eliminated. Try on a pair and prove these facts to your own satisfaction. Allan M. Reid, 111 Princess St., Kingston.

GAS! GAS! INDIGESTION, SOURNESS, SICK STOMACH—PAPE'S DIAEPSIN. Here's relief! In five minutes your upset stomach feels fine. If you feel bloated after eating, or you believe it is the food which fills you; if what little you eat lies like a lump of lead on your stomach; if there is difficulty in breathing after eating, eructations of sour, undigested food and acid, heartburn, brash or a belching of gas, you need Pape's Diaepsin to stop food fermentation and indigestion. It neutralizes excessive acid, stomach poison; absorbs that misery-making gas and stops fermentation which sours your entire meal and causes Dyspepsia, Sick Headache, Bloating, Constipation, Cramping, etc. Your real and only trouble is that which you eat does not digest, but quickly ferments and sours, producing almost any unhealthy condition. A case of Pape's Diaepsin will cost fifty cents at any pharmacy here, and will convince any stomach sufferer in five minutes that Fermentation and Sour Stomach is causing the misery of Indigestion. No matter if you call your trouble Catarrh of the Stomach, Nervousness or Constipation, or by any other name—always remember that relief is waiting at any drug store the moment you decide to begin its use. Pape's Diaepsin will regulate an out-of-order stomach within five minutes, and digest promptly, without any fuss or discomfort, all of any kind of food you eat.
