British Soldiers Take Ditties With Them—"Annie Laurie" Favorite as in Days of Crimean Engagements—French Like "Marseillaise."

The London Idea. The British soldiers who are fighting on the Continent have taken their songs with them.

National songs, songs of patriotism and hymns are also sung by the forces.

The French and Belgian soldiers have a warm spot in their hearts for the "The Regiment of Sambre and Meuse."

Second in his heart is the "Carmagnole," which the French troops brought back from Piedmont.

Madam Veto has given her word, Madam Veto has given her word, To put all Paris to the sword.

Then dance the Carmagnole, Then dance the Carmagnole, While the brave cannon do sound.

In the neighborhood of Klauhan you will hear the Japanese "Drill" song.

Soldiers' Attention! Right turn! one, two, three!

Orders obey, if you a soldier brave would be.

Soldiers, keep step in marching! one, two, three!

Russians have always been accustomed to appoint leaders for the regimental singing.

It is ridiculous as this refrain may appear to us now, it served as a rally call to the Russian soldiers.

Hi! foolish Turks! With your red caps like beets.

WISE AND OTHERWISE

If a man didn't make an occasional mistake his friends would have no kicks coming.

A Thought For To-day. It is probable that nearly all who think of conduct at all, think of it too much.

Thought And Action. We build from within, outward, but the outward growth also sends down its roots within.

Compel yourself to act as if you were, whatever your feeling, and your conduct will have its effect in strengthening your spirit.

Do you desire to be temperate and kind in your judgment of others. Make your speech of that order, and a like habit of thought will gradually become yours.

Twitching of the Nerves Broken-down System

Now Entirely Cured—Never Used Any Medicine With Such Benefit as Dr. Chase's Nerve Food.

Headaches, sleeplessness and nervousness are often very disagreeable, but when your nervous system gets into such a condition that the nerves twitch and jerk, and you have peculiar nervous sensations come over you there is cause for grave alarm.

Everybody dreads the thought of paralysis or locomotor ataxia. Nothing is worse to look forward to than helplessness. Sometimes it is helplessness of body, and at other times the mind is affected, which is far worse.

The writer of this letter did not know what to expect, but fortunately began the use of Dr. Chase's Nerve Food in time to head off danger, and

writes that she was entirely cured of the old trouble. The last paragraph proves that the cure was lasting.

"I was injured some years ago, and that left me with a broken-down nervous system. I could not sleep, and suffered from twitching of the nerves and disagreeable nervous sensations.

"I then began using Dr. Chase's Nerve Food, and can say that I never used any medicine that did me so much good; in fact, I am entirely cured of my old trouble. The Nerve Food not only strengthened the nerves, but also built up my system in every way."

Under more recent date Mrs. McKellar writes confirming her cure, and states that she has had inquiries from many people who had heard of the great benefits she obtained from Dr. Chase's Nerve Food.

D. D. D. in Hospitals Standard Skin Remedy

How many hospital patients have been soothed of their frightful itching, of the scorching pain of skin diseases, by the famous D. D. D. Prescription for eczema, a soothing fluid, washed in by a nurse's hand!

A SUPERVISING NURSE (name of nurse and institute on application), writes regarding a patient: "The disease had eaten her eyebrows away. Her nose and lips had become disfigured. Since the use of D. D. D. her eyebrows are growing, her nose and face have assumed their natural expression."

Doctors, too, use D. D. D. in private practice. DR. GEO. T. RICH, ARDSON frankly writes: "D. D. D. is superior to anything I have ever

found. Soft and soothing, yet a powerful agent."

To do the work, D. D. D. Prescription must be applied according to directions given in the pamphlet around every bottle.

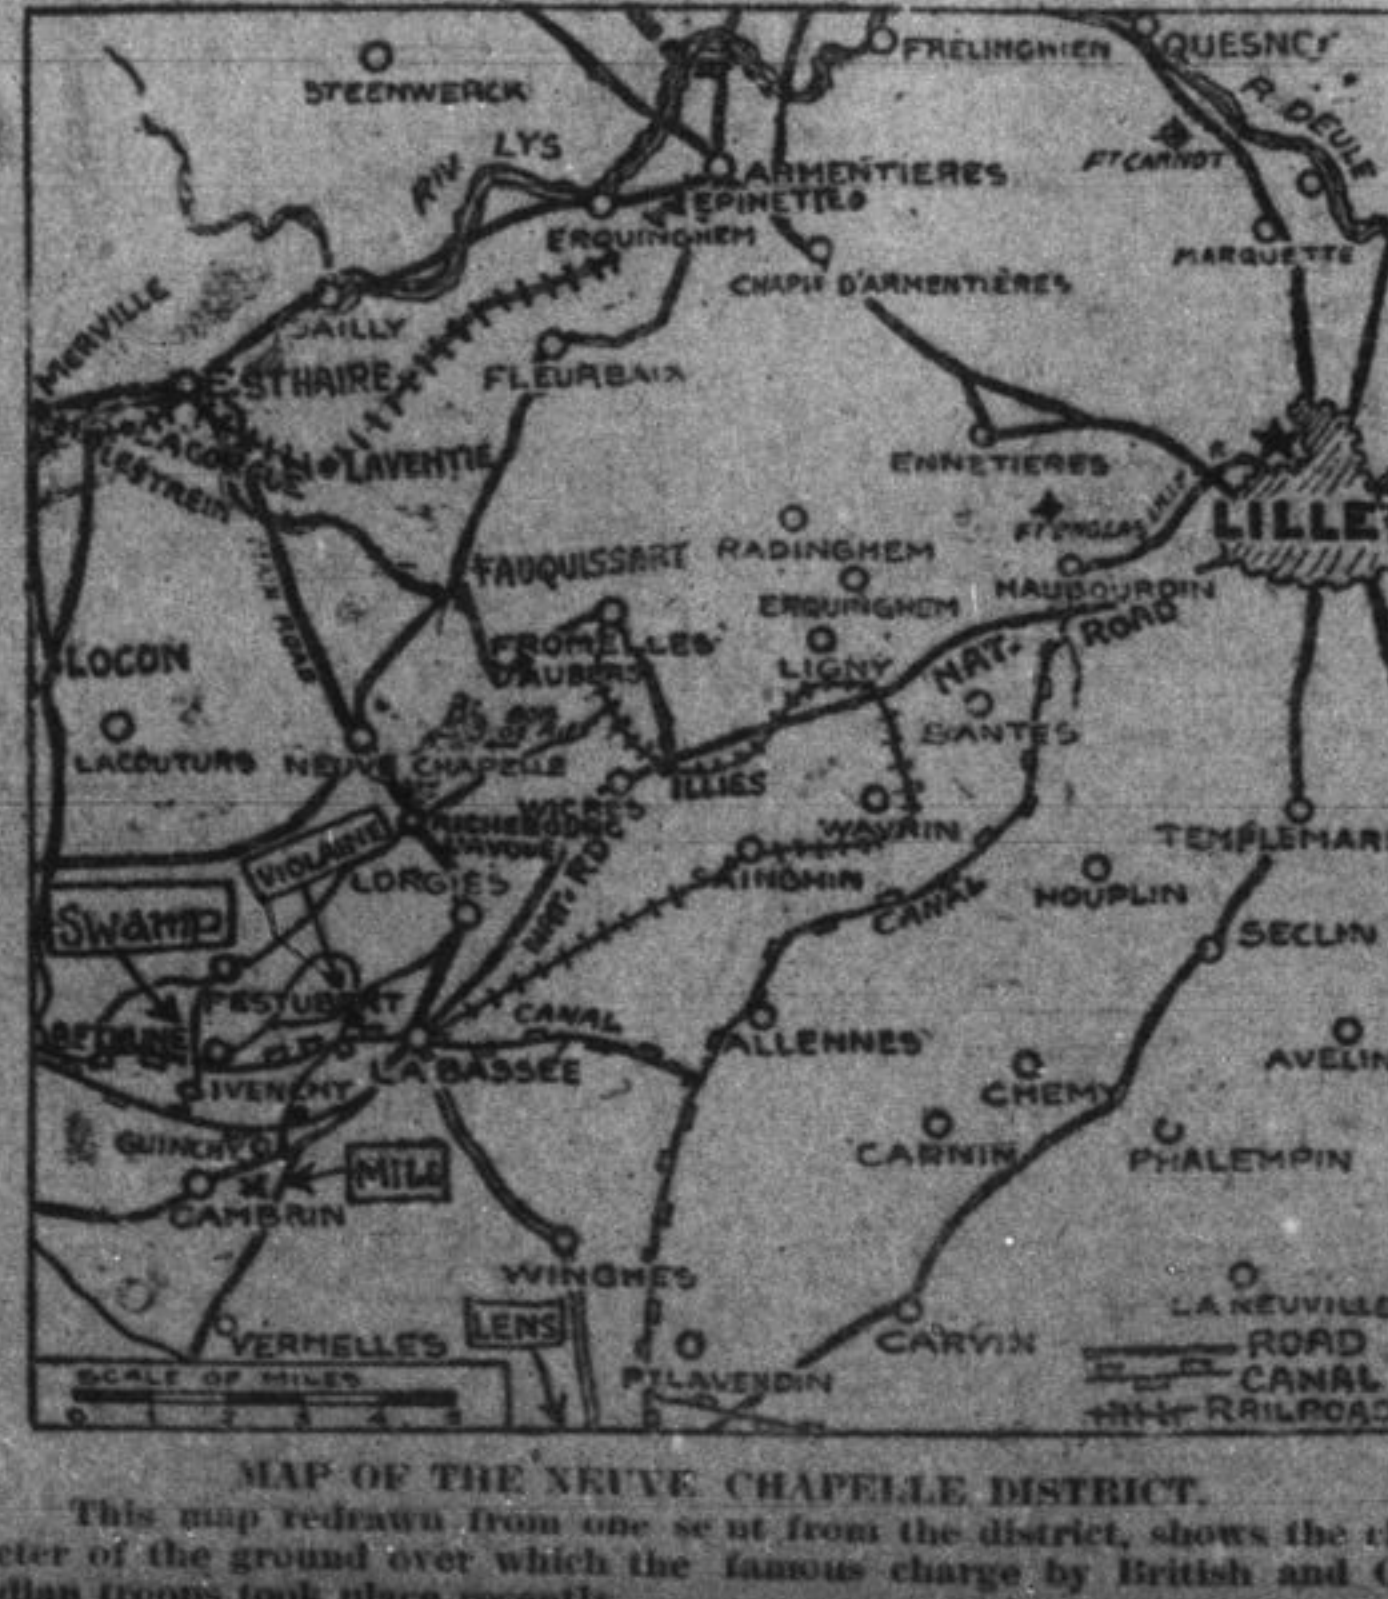

And it certainly takes away the itch at once—the moment the liquid is applied.

All druggists of standing have the famous specific at 25c, and \$1 a bottle.

But we are so confident of the merits of this prescription that we will refund the purchase price of the first full size bottle if it fails to reach your case. You alone are to judge.

Appreciation.

Do you ever stop to think how full this world is of things to love, if your heart is just big enough to let them in?

We love to live for the beauty of the things surrounding us and the joy we take in being among them.

And it is my belief that the way to make folks love us is for us to be able to appreciate what they can do.—Gene Stratton Porter.
