

VOICE OF THE PULPIT

REV. DR. S. D. CHOWN TOLD OF MISSIONARY WORK

On the Pacific Coast—Rev. Alexander Macmillan, Toronto, Preached in St. Andrew's Church.

Rev. S. D. Chown, general superintendent of the Methodist Church in Canada, gave a very interesting sermon on the mission work in the western part of Canada on Sunday evening in Sydenham Street Church. He showed the wonderful amount of work that is being accomplished by the workers among the foreign element in the out-lying parts of the Dominion.

The Methodist Church has in Winnipeg, a large theatre building which is used for evangelistic services and as a means of opening a way for the bringing the children of the foreigners to the church and to a better understanding of their relationship to the nation's life. As a rule the foreigner knows little about the conditions here except that he will have absolute freedom from political oppression. He does not realize that he is also given a control in the business of the Dominion by his vote as in a great many cases he had no such right in the country from which he comes. In this theatre in Winnipeg, men of different nationalities are given the privilege of speaking their minds and expressing their views on current subjects.

The Galicians form a large percentage of the population of the west and these people need a great deal of help to teach them to become Canadians. The great need is schools so that the coming generations may be given a start in life that will make their ambitions for better things.

Up the Pacific coast, 300 miles from Vancouver, is a place called Fort Simpson where the speaker said a great amount of good had been done by the Methodist Church in educating the Indian in the proper duties of citizenship and keeping the him from degenerating into a lower moral plane. The great problem that both the Indians in British Columbia is the settlers coming in and claiming land that should rightfully be theirs. A great deal of trouble has been avoided by dip-

lomatic work by the missionaries, who explained their case to the right authorities so that action might be taken to give the Indians their rights.

There is a little steamer named the "Thomas Crosby" which has probably been the most helpful of any one thing in the work that the missionaries are doing along the 7000 miles of coast of British Columbia. This little steamer visits the light-houses regularly and carries articles of clothing, presents and literature to the light houses, and also those living along the coast. The steamer was tied up for six months last year because of lack of subscriptions to pay the \$500 a month expenses.

St. Andrew's Church.

The congregation of St. Andrew's church had the pleasure of hearing two splendid sermons delivered on Sunday by Rev. Alexander Macmillan, M.A., Toronto. His sermon at the morning session was based upon Jacob's dream.

The preacher said that Jacob had seen God and benefited by it, which was greater than all the riches the world could bestow. No matter how humble, we always like to think upon the place of our birth, whether it was a thatched-roof cottage with white-washed walls. Jacob in his dream witnessed the angels of God ascending and descending and although his pillow was only a stone, having beheld this heavenly vision, imagined that his lowly dwelling was the House of God and opened into the gate of heaven.

"This life must not be a desert dream to us," said the speaker, "and no matter how poor our house might be furnished, if it is enriched spiritually, it is as the palace beautiful."

Inducted As Canon.

At St. George's cathedral, on Sunday morning, Rev. W. F. Fitzgerald was inducted as an honorary canon of the cathedral. Dean Starr officiated at the induction and referred to the work of Canon Fitzgerald since he came to Canada, stating that the Irish church had furnished many pioneer missionaries to the Canadian field. He referred to the fact that Canon Fitzgerald had first been stationed in the Province of Quebec, afterwards at Lyndhurst, and later vicar at St. Paul's, Kingston. Can-

on Fitzgerald preached the sermon, taking as his text the 50th Psalm.

At Chalmers Church. Preaching in Chalmers church on Sunday evening from the text, "That in all things ye might have the pre-eminence" (Colossians 1-18). Rev. Dr. Macgillivray said:

"It is hard enough to keep the world from going to hell with Christ; without Him it would be impossible."

"In putting Christ first, the consistent Salvation Army converts lead. They rebuke and shame the rest of us."

"The people who are happiest are those who put Christ first in everything."

Dr. HARTY EXPRESSES THANKS.

Marty Walsh's Condition Shows Some Improvement.

Dr. J. J. Hartly, of Kingston, one of the trustees of the Marty Walsh Benefit fund has written the Ottawa Citizen Sporting Editor, expressing the thanks of Marty, and his friends for the generous response Ottawans have made to the appeal for subscriptions to enable the writer to care for the Ottawans to regain his health. James T. Sutherland, of Kingston, another trustee, is co-operating with Dr. Hartly and they too are meeting with success. Dr. Hartly has received the welcome information that Marty's condition shows considerable improvement, according to the physician in charge at the Gravehurst Sanitarium. It is the most hopeful symptom that he has shown for some time and he is now in much better shape than when admitted to the institution last month.

THE GENERAL ASSEMBLY.

To Deal With New Hymnal and Church Union.

Foremost among the matters to engage the interest of the Presbyterian general assembly in Kingston in June, will be the subject of hymn book revision. The report of the Committee on Church Praise, which embodies the returns from the different presbyteries, will be submitted by Rev. Alexander Macmillan who preached in Kingston on Sunday. As shadowed by the opposition shown to any radical change by the different presbyteries, which have already voted on the tentative lists of additions and omissions it is admitted that a strong controversy on this point is inevitable.

The opposition to the proposed changes in the Book of Praise is largely due to the fact that many favorite hymns have been reported, as being omitted.

The much threshed-out question of Church Union will again come to the fore. The results from the vote of the various presbyteries will be considered, and in all probability a new basis of union will be drawn up and submitted to the Assembly, and later, if approved, will be sent down again to the Presbyteries.

It's A Long Way To Tipperary.

There were good-sized audiences at the Grand Saturday afternoon and evening, for the production of "It's A Long Way To Tipperary," a war play of the present, with the settings in Tipperary and France. The cast was a good one. Inspiring Irish and patriotic songs and quartettes were rendered by Joseph Dillon, Frank Clarke, Bernard Fritze and Pierre Young.

Whole Family Of Soldiers.

Solandt, assistant pastor of Knox Presbyterian church; Edward Brown Dr. S. G. Bland and David Laird. Dr. Gandier gave a short address following the banquet on "The Moral Progress of the Race and the War."

Bay Of Quinte Service.

So unprofitable is the passenger traffic on the Bay of Quinte railway, a C.N.R. road, that the Railway Commission in a judgment just delivered says the request of the Deseronto Board of Trade for a more convenient service on the Bay of Quinte cannot be granted. The Board orders, however, that the present service must not be reduced. The railway officials have proven to the commission that the passenger traffic earnings were "a low as eight cents per mile, while the actual cost of maintaining the service is eighty cents per train mile.

KINGSTONIAN WOUNDED

PRIVATE WILLIAM RAMSAY WAS HIT BY A BULLET.

He Lived With His Parents at 48 Division Street—Was a Member of the 14th Regiment.

On Sunday, Mr. and Mrs. John Ramsay, 48 Division street, received word that their son, William Ramsay, had been slightly wounded at the front.

Private Ramsay was a member of the 14th P.W.G.R. and was attached to the company under the command of Capt. George Richardson. He was struck by a bullet on March 15th. No further particulars were received, but it is believed that the wound is not of a serious nature.

Private Ramsay is a native of Scotland, but had been a resident of Kingston for three or four years. Before going overseas, he was a plumber's apprentice with McKelvey & Birch. He is about sixteen years of age, and is the third member of the 14th Regiment to be reported wounded, the other two being Corp. "Jack" Hannaford and Pte. James Atkins.

Another Kingston Man Wounded.

William F. Havery, who appeared in the list of those wounded on Saturday, was formerly in the employ of the Kingston Shipbuilding company, and worked there for two years. He joined the 14th Regiment last spring and served under Capt. George Richardson. His next of kin is in England.

Reported Wounded.

Although no official report had been received on Monday morning, a report coming from Toronto, stated that Robert Warmington, son of George Warmington, plumber at McKelvey & Birch's, and a member of the 4th Regiment, had been wounded.

Cards have been received from Eden Warren, son of W. H. Warren, of McKelvey & Birch's store, in which he says he is well, and is at the present time in charge of one of the horses belonging to an officer. He went with the 14th Regiment Overseas Contingent.

IN SPORTING CIRCLES.

Horace J. Gaul, Ottawa Lacrosse and Hockey Player Wounded.

The Renfrew Hockey Club, annexed the championship of the Upper Ottawa Hockey Association at Almonte by defeating the first Annaprior septemy by the score of 3 to 0.

In refusing to finish the recent hockey match at Ottawa with the Buckingham team, the Brockville club claim that under existing conditions they took only advisable step. Several members of the team state that Judge of play Phillips told them that the disputed goal should not be allowed Buckingham, and he advised that if Referee Butterworth allowed it they ought to discontinue the game. Under strictly neutral officials the Brockville home brews, who have eleven straight wins to their credit, will play Buckingham for any wager.

Gradually wearing his opponent down through superior infighting and weight, "Joe" Jeanette, the New York heavyweight, earned the decision over Cleve Hawkins, the colored Montreal heavyweight, before the fans of the Canadian Athletic Club in Montreal Saturday night. The bout went the full ten rounds. Hawkins weighed 170 pounds and Jeanette 195.

Horace J. Gaul, whose name appeared in the casualty list as seriously wounded, is an Ottawa man, well known throughout Canada as a lacrosse and hockey player. He was several years outside home for the Capitals and played hockey on the Ottawa, Pittsburgh, Halleybury, Renfrew, and Teesumuch teams, as well as in the Maritime League. Gaul went to the front with the 90th Regiment, Winnipeg.

Weather Notes.

Pressure is comparatively low over the eastern half of the continent and highest in the Pacific states. Snow flurries have been more or less general from the lower lake region to the maritime provinces. Very fine weather prevails in the west.

The C.P.R. from Kingston to Renfrew is in first class condition and is so much improved in service and equipment that travellers hardly recognize it as the old K. & P.R.R. line.

A Great Blessing to be Freed of Indigestion

For Years He Suffered After Almost Every Meal—Attributes Complete Cure to Use of Dr. Chase's Kidney-Liver Pills.

The experience of many people who suffer from indigestion is like that of the writer of this letter. Stomach ailments may bring some relief, but chronic indigestion is almost invariably the result of derangement of the liver, kidneys and bowels, and cannot be actually cured until these organs are set right.

and kidney disease. It is much better to be on the safe side and prevent such ailments by the timely use of Dr. Chase's Kidney-Liver Pills.

Mr. J. D. S. Barrett, Nelson, B.C., and formerly of Twillingate, Nfld. writes:—"For several years I was a great sufferer from indigestion. The least bit of food caused me considerable trouble, and often I could scarcely eat a meal a day. The many remedies I tried proved futile until I began the use of Dr. Chase's Kidney-Liver Pills, and after using about eight boxes I was completely cured."

With the liver sluggish there is constipation, and the food ferments in the bowels instead of being digested. This is the source of pain and suffering, and the cause of such dreaded diseases as appendicitis, peritonitis

"Since that time I have not been troubled with indigestion which I consider a great blessing. I feel grateful for this cure, and shall gladly answer any inquiries from persons suffering as I did."
