In conversation with the civilian one day the Lethbridge man, being then in the 21st Battalion, said that he was born in Germany, and was raised in Holland. The Johnson-Willard Fight Postponed Until April 5th. The Toronto Baseball Club gets Dawson Graham, the first baseman, from Cincinnati Nationals.

After many weeks of negotiations it has been decided that Guelph gets the Canadian Baseball League franchise that was in Erie last year.

The Johnson fight has been postponed from Easter Sunday until Monday, April 5th at 2:30 p.m. The postponement is due to a request made by President Menocal of Cuba. In a letter to the fight promoters he says that great objection has arisen in Cuba and the United States to the fight taking place on Easter Sunday, a holy day, and he requests that the event be postponed until the day following. A meeting of the principals and promoters was at once held, and the request of President Menocal was acceded to.

St. Andrews By-The-Sea. Few of the visitors to St. Andrews realize that the district has a historic association. Champlain landed near the present site of St. Andrews in 1604, when he came from France with a Patent Royal of all the territory in America between the 40 and 46 degrees of latitude. When the independence of the United States was established, the U.E.L. came across the border and settled at St. Andrews, and there are still houses standing in the town which were brought by them from Maine. There is quite a contrast between the latter and the spacious new Algonquin which has just been rebuilt by the C.P.R.

Deceased held a unique record, having worked for Wilson Bros. for forty-nine years without a break. The funeral will take place on Tuesday afternoon.

Rev. Dr. Howard took the boy Scouts for a tramp into the country to-day. They camped in a bush and made maple sugar, and incidentally learned a little woodcraft and simple cooking. An enjoyable day was spent.

Knowing the Small Boy

The small boy has some very definite ideas about his own wearing apparel.

Frequently he and his parents have their points of difference, but in the main the boy's ideas are sound.

Do you know that there are clothiers who have studied boy-nature so that they know a boy almost as well as he does himself.

They have built boy's clothing founded on such knowledge.

They make and sell what might be called scientifically correct clothing for boys.

AT CONVOCATION HALL

Rev. George Duncan, Montreal, Was the Sunday Preacher.

Rev. George Duncan, B.D., St. Andrew's Church, Montreal, preached the university sermon in Convocation Hall on Sunday morning. His text was Matthew xvi., 26: "What will a man give in exchange for his soul?" The speaker began by deprecating the idea that Christianity is on its defence, any more than music or anything else requiring a special faculty in man, and he said: "Religion need not entrench itself behind a church, or a book, or anything else—for it was more than any of these—the result of the response of man's spiritual faculty to an infinite power outside of himself."

The preacher contended that the materialism, the machinery, the science and so forth, of to-day were not necessarily hostile to religion, and that Christianity should rather regard them as something to be interpreted and incorporated, that as something to be opposed and denounced. But if these things were suffered to take hold of a man and left unspiritualized, the question became pertinent, "What have you taken in exchange for your soul?"

The duty of men then, in his understanding, was to see God's purpose working in their own lives, and in the modern world around them, and to govern their lives accordingly.

Arthur Don, a Chinese pupil at the College Institute, states that he has not applied for purposes to enlist for overseas service. He is too young.

The death of Jeffrey Hall Brook, Winnipeg, occurred in Los Angeles. He was one of the foremost insurance men in Canada.
