To Establish Dry Canteens For Militia

"Dry canteens" for every military unit in Canada are to be established by the Department of Militia forthwith. Official notice was received here on Saturday afternoon from Major-Gen. Hughes.

The notice stated that it was an advance copy of a general order which would be issued by the department. It announced that a dry canteen would be established for each unit of the Canadian Expeditionary Force, and also for each unit of the active militia during the period of training.

These canteens are to be organized, administered and carried on under the supervision and the direction of the officer commanding each unit and a committee appointed by him. The canteens are to be inspected daily.

The canteens are to be maintained solely for the use and benefit of the units, and are not on any account to be sublet or handed over to any other person or persons, and are to be managed by a member of the unit.

Garrison, regimental or corps regulations for such canteen, also the times for opening and closing the same, will be published in regimental or corps orders.

Gave No Recommendation
J. Purroy Mitchell, mayor of New York, has received a letter from an Episcopalian minister of Barrie, Ont., says a New York despatch, asking him to find a suitable wife for him. Among the recommendations was an alleged one from the Bishop of Ontario. The bishop denies having written any letter recommending any person to the Mayor of New York as a suitable husband.

"I know absolutely nothing about it," said Bishop Mills. "I never wrote any such letter, and I think the whole thing may have been started as an April Fool Day joke. So far as I am concerned there is nothing in it."

Beautiful New Stock To Choose.
Prevost, Brock street, has this year an extra fine assortment of tweeds, chevots and serges for his order clothing department. His ready-made clothing and gent's furnishing departments are well assorted with new goods.

Drunk's Day In Court.
Monday was drunk's day in the police court, no less than five tipplers coming before the magistrates as the result of week-end celebrations. Two while in their cups got mixed up in a fight and they were charged extra, one being fined \$5 and costs and the other \$3 and costs. A fine of \$1 and costs was imposed on two others, and another was taxed \$2 and costs.

LIEUT.-COL. H. R. DUFF INVESTIGATED AT BELLEVILLE

With Regard to Spinal Meningitis Outbreak—Recruiting For Overseas Service Not So Brisk Owing to Lack of Information.

Lieut.-Col. H. R. Duff, A.D.M.S., was in Belleville on Saturday and conducted an investigation into the outbreak of spinal meningitis. It was found that beside the one man who died, there are three other cases. The 38th Battalion is being examined for "carriers" and these will be segregated if any are found. There are some defects in the buildings, but these can in many ways be held responsible they are of a minor character.

The origin of the disease in the camp has not been ascertained, but it is understood that it must have been brought to Belleville by a "carrier" from a hospital or some other camp where the disease has previously broken out.

The Varsity students who arrived in the city on Wednesday are now comfortably quartered in the Richardson building and have become part of the new organization, 26th Battery, of the 7th Brigade, C.E.F. The rooms are well filled with beds and so the halls are being used. Of the men examined, five were rejected, owing to varicose veins, and operations will be necessary.

Four N.C.O.'s have been chosen from the Varsity men, No. 1 section, Sergt. Atkinson (fourth year medical), Acting Corp. R. L. Hughes (fourth year arts); No. 2 section, Acting Sergt. H. Webster (S.P.S.); Acting Corp. S. Robertson (fourth year medical). These men, with the remaining N.C.O.'s, will likely take the R.S.A. course, which opens in about three weeks.

The members of the R.C.H.A. attended their church on Sunday on account of it being Easter. No church parade was held. The band played in St. George's Cathedral on Sunday morning.

New sweaters will be ordered for the men in "C" Battery who play on the baseball and football teams.

Lieut. E. B. Reddy, 39th Battery, Montreal, is attached to "C" Battery, R.C.H.A.

E. Dyson has been appointed master-tailor of "C" Battery, R.C.H.A. He comes highly recommended, having been master-tailor of the Worcestershire Regiment before coming to Canada.

Lieut. Chevie, B.G., returned on Sunday from an extensive inspection trip through Western Canada.

Prof. L. W. Mulloy and Lieut. Col. W. S. Hughes will speak at the Veterans' meeting, to-night.

Monday was a holiday for the artillery men, only those who were on fatigue duty being engaged.

Capt. the Rev. W. E. Kidd, conducted divine service for the 21st Battalion in the Armouries on Sunday afternoon. After the service a short route march was made through the city.

No. 2 company, 21st Battalion, has now a mascot that promises to take away some of "Buster's" popularity. A snow-white goat has been taken on the strength, and when in Artillery Park on Monday morning all the children in the neighborhood were crowded around him.

Major Elmitt, 21st Battalion, is in Ottawa on duty.

The recruiting for overseas service has not been quite as brisk this week as before, possibly because the men do not know which battalion they will be attached to. When orders are issued for a new battalion the response is expected to be even better than ever. At present overseas volunteers are drilling at their regimental headquarters, waiting either for a vacancy in some organized unit or a new battalion to be formed.

W. Wallace, Brock Street Gospel Hall, conducted the service in the militia Y.M.C.A. Hall, on Sunday evening, addressing the soldiers on their duties to their country, in keeping in good physical condition by being temperate and form good habits.

All of the privates for No. 3 Stationary Hospital (Queen's) have been chosen. Two surgeons, one dentist and nurses have yet to be chosen.

Lieut. G. E. Kidd, A.M.C., has been gazetted a captain.

T. E. Moffat has been gazetted a lieutenant in the 49th Regiment.

A Provisional Medical School opened at the Armouries on Monday.

Many of the recruits for No. 3 Stationary Hospital (Queen's), are spending the holiday with their friends, and the regular drills are being carried out. Confirmation of the list of officers has not yet been announced.

In Marine Circles.
The schooner Abbie H. Andrews cleared on Monday morning for Oswego to load coal. She is the second coal carrier to make a trip out of this port.

The harbor is entirely free of ice now. Along the water front there is much activity at the present time. Vessels are being fitted out and given trial spins in the harbor.

We Never Advise Glasses.

AT THE GRAND.

Splendid Matinee And Night On Wednesday.

"Bringing up Father," a new cartoon play from the pictures, conceived by George McManus and produced by that veteran producer, Mr. Gus Hill, comes to the Grand on Wednesday, April 7th, matinee and night. It must be sure of success, otherwise Gus Hill would not have selected it.

Mr. Hill sends a car load of magnificent scenery, properties and beautiful light effects. Another car load of human scenery, consisting of 45 clever singers, dancers and comedians, not forgetting as pretty a bunch of "little Squabs" as ever kicked a pretty foot in a lime light.

"September Morn" Coming
The attraction at the Grand Opera House on Thursday, April 8th will be the musical comedy "September Morn" with all its tuneful, catchy songs, girls of the pretty kind, who can sing, and a cast of musical comedy artists far above the average including recognized stars as Frank Minor, Lou Kelso, Maude Polter, William Cameron, Arline Bolling, Kathryn Bowen, Clarence Nordstrom, Edgar Murray and forty helpers, mostly girls.

ARRIVED IN ENGLAND.
A cablegram from London on Monday morning announced the arrival there of the Army Service men who left Halifax on the S. S. Mississauga on Saturday, March 27th. In the party were Sergt. Harris, Sergt. MacLellan, Elwood Nicholson and other Kingstonsians. They made a quick passage.

Marvellous Accuracy.
The electrically balanced scales that weigh the fresh young leaves for Salada Tea are accurate to minute precision. If you are in the habit of buying tea in bulk you will have noticed the variance in weights. Remember just a teaspoonful makes two cups. Full weight of clean fresh tea inside the wrapper is what you get when buying "SALADA."

Power Plant For Parham.
Several reports have been made on the cost of installing an electric power plant on Eagle Creek near Parham and it is quite probable that in the near future a contract will be let for the necessary machinery. The creek is capable of producing enough power to supply power to a great part of that district.

Had Leg Fractured
Early Monday afternoon a man named Pradette suffered a fall on a local coal schooner, and was taken to the general hospital in St. S. Corbett's ambulance. It was feared that his leg had been fractured. Dr. A. W. Richardson was called to attend him.

Collegiate "At Home."
Invitations are now being issued for the "At Home" being given on Friday evening by the Athletic Committee of the Collegiate. This is the second event of its kind and promises to even surpass last year's.

Weather Notes.
Shallow depressions cover Michigan, Manitoba and the middle Pacific states, while pressure is highest over the south Atlantic states. Showers have occurred in many portions of the west and rain and sleet are now occurring over the Great Lakes.

Charged With Theft.
E. Conboy, Sharbot Lake, who is listed at Tote de Pont barracks, is charged with stealing an overcoat from William Parker, Verona, on March 25th. He was arrested Monday morning and taken to Verona to answer the charge.

An Unexpected Shipment.
Of Seville bitter oranges received to-day at Carnovsky's.

Isaac Jackson, who died at Toronto, was a brother of Thomas Jackson of East Wellington.

QUEEN'S STATIONARY HOSPITAL, NO. 5.

It is necessary to appeal to all who are interested in the Queen's Hospital for financial assistance. The equipment supplied by the Government is as generous as can be expected but no provision is made for many things now regarded as absolutely necessary in a modern hospital and laboratory. The Medical Faculty will do its share, both as a Faculty and individually, but much more will be required. The fund for which appeal is now made is not for the benefit of the personnel of the hospital unit but directly for the sick and wounded, to provide the best possible facilities and equipment for the hospital and laboratory and for extra comforts for the men who will be cared for.

Those of us who stay at home have now an opportunity of contributing directly in aid of the wounded; towards the mitigation of suffering and restoration to health of those who are fighting our battles.

Contributions may be sent to Dr. Williamson, Secretary of the Faculty, who will act as Treasurer of the fund. All expenditures will be made by the Officer Commanding the Unit, in consultation with his staff, and statements will be made public of all such expenditures.

J. C. CONNELL,
Dean, Medical Faculty.
