RWALDON'S

IN MILITARY CIRCLES R. H. TOYE IS HOME

SITUATION AT LINDSAY LOOKS WORSE THAN EVER. SHIP JUST BEHIND HIM WAS TORPEDOED.

Lieut. A. W. Winnett To Go As Dentist With Queen's Stationary Hospital—Dr. Morley Branscombe Gives 39th Battalion a Dog.

The Lindsay military situation is beginning to look worse than ever says the Peterboro Examiner. Not only have the authorities crowded seven hundred men into Lindsay for an inadequate training, but apparently they have been so anxious to get a crowd of men there that the medical examination has not been all it should have been, and the result is that the Government has been paying \$1.85 a day for men who are now declared to be medically unfit. No less than eighty-seven of the recruits sent to Belleville have been rejected by the medical officers at Belleville. There is indignation in Lindsay, where apparently they think they are a law unto themselves.

"Watch," the big yellow dog which accompanied "A" Company, 39th Regiment, when it left Picton for Belleville, on Monday, was presented to the boys by Dr. Morley Branscombe, formerly of Kingston. "Watch" is a good natured mascot and may be depended on to be eternally on guard.

Capt. J. F. Sparks, A.M.C., has been detailed as medical officer in charge of the military hospital, vice S. J. Keys, A.M.C., who has been detailed medical officer at Fort Henry for the prisoners of war, and also the 14th Regiment.

Lieut. R. B. Richardson has been detailed as medical officer to "C" Battery, R.C.H.A.

Capt. H. R. Wilson, A.D.A.A. and Q.M.G., is on a trip inspecting the companies of the 59th Regiment at Alexandria and district.

Lieut. Col. A. G. F. Macdonald is a president of a board of officers with Capt. J. A. Gillis and G. A. MacNachtan, all of the 5th Regiment, which will assemble at Cornwall for the purpose of investigating and reporting upon the accidental shooting of an Indian girl at the international bridge, Cornwall.

The 7th Overseas Brigade is now up to full strength. The 25th Battery and Ammunition Column, Ottawa, have together 272 men and the 26th Battery has 145 men.

The 21st Battalion left on Wednesday morning for a route-march through the country north of the city.

Lieut. A. P. Miller and Lieut. H. W. Cooper, 21st Battalion, have been promoted to captains.

Six officers of the 21st Battalion have been granted field officers' certificates.

Sergt. A. D. Brown, Corpl. S. Coulson and Pte. L. Tucker, 14th Regiment, have been granted machine-gun certificates.

Pte. W. H. Herman, 14th Regiment, has been transferred to the 59th Battalion.

Ptes. W. P. McQueen, W. Whittaker and Gibbons have been accepted as recruits for the 39th Battalion.

Lieut. A. W. Winnett, 14th Regiment, will go overseas as dentist with No. 5 Stationary Hospital (Queen's).

"C" Battery commenced its mounted parades on Wednesday.

Every gunner or driver in "C" Battery has an equal chance to become a non-com. Likely men have been chosen and have been filling the positions to date, and on Wednesday a class was started in which the men will be given lectures and afterwards examined. If they do not pass the examinations other men will be chosen.

Some applications are being received for the fourth Royal School of Artillery course, which opens on April 29th. It is not expected that the fourth course will be quite as largely attended as the former courses. Lieut. Ross, P.A.S.S.C., returned from Ottawa on Wednesday morning.

Major J. Hamilton, A.D. of S and T, anticipates no trouble in recruiting men for the Veterinary Corps which is being mobilized at St. Jean, Que. A number of men have made application for such positions before the order was issued and he expects a rush of recruits.

The Army Service Corps is not taking volunteers but the names of suitable men are taken and filed.

The recruiting for the 38th Battalion among Queen's students is going along briskly and a large number are expected to go overseas with this unit.

Rev. Mr. Ratsky, Ottawa, preached to the prisoners at Fort Henry on Tuesday afternoon. He preaches to them about once each week.

Sale Of A Steamer.
Capt. H. F. Randall has purchased the steamship John Randall from his father, Capt. John Randall, and will this summer engage in the coal trade between Smith's Falls and Fairhaven. Capt. John Randall will go to Ottawa, to take charge of the steamer Buena Vista, which will be engaged in carrying sand for the Silica Brick company, Ottawa.

Honors For Queen's Professors.
Prof. J. L. Morison has just been advised that he has been made Doctor of Literature (D.Litt.), of Glasgow University.

Prof. A. L. Clark has just received word that he has been elected a Fellow of the Royal School of Canada.

Read The Black Box.

Every Person in England Relies on Kitchener—Labor Strikes Cause Trouble At the Docks.

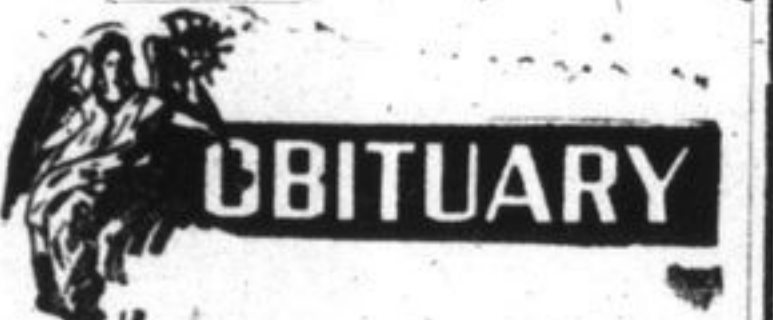

R. H. Toye arrived in the city at noon on Wednesday after spending the last six weeks on a trip to England where he met his brother, whom he has not seen in forty-one years. His trip over on the steamship Scandinavian was uneventful, although he learned in press reports after he arrived that a steamer only forty minutes behind the Scandinavian had been torpedoed and sunk, although all on board had been saved.

The passenger list was heavy, and the people do not seem afraid of torpedo attacks, although, of course, they are continually talking of them. The passenger service in England is still excellent, and Mr. Toye had no trouble while travelling.

When asked what the people over there thought of the war, Mr. Toye said that "Kitchener" was always the answer. Every person depends on him and repeats the assertion credited to him that the war will commence in May.

The only real trouble in England is the strikes, and he saw ships loaded with perishable fruit wait for at least three days before being unloaded. The cargo was then worthless.

Mr. Toye returned on the steamship Metagami, arriving in Halifax on Sunday. On Tuesday he stopped over in St. John's, and found five inches of snow on the ground there.

The Late H. C. Woodruff
On Easter Sunday, April 4th, after four days illness of pneumonia Burnie Clinton Woodruff, eldest son of Mr. and Mrs. William Woodruff, 105 King street west, passed away at the Hotel Dieu.

The deceased was twenty-one years and eleven months of age, and was beloved by all who knew him. The remains were taken to his late home, and on Tuesday at 9 a.m. were transferred by S. S. Corbett, undertaker, to Harrowsmith, where the funeral took place at 1 p.m. from the home of his grandmother's residence, Mrs. Alexander Charleton. Deceased will be greatly missed by all his friends.

The Late Henry Eysell.
The very sad news was received in the city of the death of Henry Eysell, Kansas City, wholesale druggist, who died on Tuesday afternoon. He was the father of Dr. H. O. Eysell, Port Neches, Texas, whose wife was formerly Miss May Hinckley, Kingston. Deceased is well-known in Kingston, spent several summers at Thousand Island Park, and had made arrangements to spend this summer at the Park with his family.

Late Mrs. James Trueman.
At the Kingston General Hospital on Tuesday evening, at 6.30 o'clock, there passed away Scelia Powell, wife of James Trueman, 87 Barrack street.

The deceased was born at Hythe, Kent, Eng., thirty-six years ago, and was the daughter of William Powell, who survives. She came to Canada two years ago. In religion Mrs. Trueman was an Anglican, a member of St. George's cathedral. The survivors, besides the deceased's father who lives in England, are a husband, one son and one daughter, James and Georgina, residing at home.

On Thursday afternoon at two o'clock service will be held at the late residence, at which Dean Starr will officiate. The remains will be placed in Catawagui vault.

CLAIMS FOR DAMAGES

For the Cutting of Timber On a Farm.

Wednesday morning, at the non-jury sittings of the County Court, before Judge Madden, the case of Minerva Ellen Hayes vs. George Boomhower, was heard. Both parties reside at Arden, and the plaintiff is making a claim for \$250 damages against the defendant for cutting timber and wood belonging to plaintiffs. The defendant claims he had a right to cut such timber. The case was not concluded when court adjourned at noon. W. S. Herrington, Napanee, appeared for the plaintiff and T. J. Rigney for the defendant.

The case of John Bennett vs. the Township of Pittsburg over a tax demand, has been withdrawn.

Think It Over.

There are three good reasons why you should see the "Black Box," Oppenheim's latest story. First, because it is by Oppenheim, the acknowledged master of them all in detective and mystery stories. Second, it was directed by America's greatest producer of film plays, Otis Turner. Third, every resource that could be suggested by genius or that could be procured with money has been drawn upon to make this the most fascinating serial ever offered. We say to you with all seriousness, miss the "Black Box" and you will have missed the best film ever offered to the public of Kingston. At the Ideal Theatre next Monday and Tuesday.

Sympathy From The King.

On Wednesday morning, Mrs. George West, 277 Montreal street, widow of Gunner West, who lost his life in England as the result of a motor bus accident, received from the Governor-General a note of sympathy in the following words: "The King commands me to assure you of the true sympathy of His Majesty and the Queen in your sorrow." (Signed) Kitchener.
