

WANTS COUNCIL

To Inaugurate Daylight Saving Scheme in Kingston.

ALD. NEWMAN TO MOVE

THAT OUR CLOCKS BE PUT ON AN HOUR.

From May 1st to November 1st - Paved Roadways To Be Finished Early Wednesday Morning As An Experiment.

The City Council session on Monday evening was finished before the Port gun boomed the hour of 9:30. The Mayor and Aldermen of 1915 are more in love with their beds than of sitting in the council chamber till morning, as the council members of last year got into the habit of doing.

The feature of last evening's deliberations came at the close when Ald. Newman, of the Progressives, gave notice that at next meeting of Council he would move that on May 1st Kingston clocks be turned on one hour so that from that date until November 1st an additional hour of daylight might be enjoyed and made use of. Ald. Newman wanted all the aldermen to think over his proposition and come to the next meeting inflated with information and ready to carry his resolution.

Another "feature" came just before adjournment, when Ald. O'Connor, on behalf of the Fire Committee, tendered an invitation to the Council to be present at the Y.M.C.A. building on Wednesday morning at the early hour of five to witness a flushing test which his committee and the Board of Works were going to make. It was proposed to clean Princess street to King and King to Brock by means of hoses. Ald. Graham hoped that the Mayor would be on hand for the test and the City Clerk too.

In attendance at the meeting were Mayor Sutherland and Aids. Bews, Couper, Graham, Gillespie, Kent, Little, McCann, Newman, Nickle, Peters, O'Connor, Richardson, Wright, White and Wornath.

These communications were referred to committees: Hydro-Electric Railway Association regarding hydro electric railway programme.

City Treasurer regarding the dog by-law.

City Engineer recommending that Calvin Jackson be appointed Chimney Viewer.

Isaac Allan asking that surface water on Victoria street from Earl to Durham, be drained off; that an open

drain at the Corner of Durham and Victoria streets be closed; that a drain on Earl street from Victoria to Macdonald street and on Macdonald from Earl to Durham be constructed.

Finance Report.

These recommendations of the Finance Committee were adopted: That the Mayor and City Solicitor be authorized to take charge of the city's interests in the negotiations in regard to the lands in this municipality which are held by license of occupation and to have any travelling expenses paid.

That whereas the Public Utilities Commission has sent a communication to this Corporation certifying that the sum of \$775 is required for gas main extension on Collingwood and Jenkin streets, and that the necessary revenue is guaranteed, that the City Solicitor be instructed to prepare a by-law to construct this work in order to borrow the necessary funds.

That the illness of the Assessment Commissioner, W. S. Gordon, and his wife is very much regretted. That Mr. Gordon be given a leave of absence for two months and be granted an honorarium of \$200, and that the Finance Committee be authorized to arrange for carrying on his work during his absence.

That all fixed salaries and grants placed in the budget be paid.

That the following accounts be paid:

Board of Works:—Pay list to March 25th, \$165.31; Pay list April 1st, \$93.04; The Bell Telephone Co., rent, \$16.75; The Boeckh Bros. Co., broom, 88c; A. Maclean, salt, 70c; The Pedlar People, Limited, culvert, \$73.25; Standard Printing and Publishing Co., advertisement, \$5.25.

Parks:—Pay list to March 25th, \$12; Pay list to April 1st, \$12.

Police:—Bell Telephone Co., rent, \$13.50; Jas. Reid, use of ambulance, \$4; Standard Printing and Publishing Co., supplies, \$3.

War Expenses:—Pay list to March 31st, \$97.07.

Garbage:—S. Elliott, collecting to April 2nd, \$18.00.

Industrial Schools:—Alexandra Industrial School, board, \$27; St. John's Industrial School, board, \$18.80; Victoria Industrial School, board, \$108.

Registry Office:—J. P. Gildersleeve, preparing book, \$65; Light Department, service, \$2.80.

Printing:—The Jackson Press supplies, \$6.35; Standard Printing and Publishing Co., supplies, \$15.

Contingencies:—H. N. Abern, machine case, \$6.50; Bell Telephone Co., rent, \$27.80; Canadian Pacific Ry. Co., Telegraph messages, \$8; City Registrar, registration, \$6.65; C. Diamond, cab hire, \$1.50; Dominion Express Co., express, 35c; Jas. Eason, removing dead animals, \$5; Great North Western Telegraph Co., messages, 54c.

Fire and Light:—S. Anglin & Co., supplies, \$3.93; M. Ashby, uniforms, caps, \$28; Bell Telephone Co., service, \$20; W. Bennett, repairs, \$20.69; A. Chown & Co., supplies, \$11.67; C. Donoghue, bran and oats, \$95.25; Fireman's Herald, subscription, \$3; Halliday Electric Co., supplies, 95c; Laturney Carriage Works, supplies and repairs, \$15.70; Lockett's Shoe

Store, rubber boots, \$6.50; James Reid, supplies, \$5.75; F. W. Shepperd, supplies, \$4; Simmons Bros., supplies and biscuits, \$83.11; Shailes & Taugher, shoes, \$4.55; Taylor & Hamilton, supplies, \$9.27; T. Vanhorn, shoes, \$3.76; J. Walsh coal, \$37.50; T. N. Woolworth, supplies, \$1.20; Morris Yampolsky, uniform clothing, \$228.90; John Kelly, shoes, \$28.4; Light Department, service, \$29.50.

Other Business.

The Board of Works report appointing Calvin Jackson chimney viewer, awarding tenders for supplies and instructing the City Clerk to advertise for the use of a horse and vehicle for the Work's Department was adopted.

By-laws were passed confirming an agreement between the Corporation of the City of Kingston and the Kingston Shipbuilding Company and other industries regarding railway switch on Ontario street; authorizing the construction of concrete walks and to amend the Egress by-law regarding moving picture houses to hereafter be established.

On motion of Ald. Newman and McCann, it was decided that the Immigration office in the City Buildings be under lock and key outside the regular office hours.

Ald. Nickle said he understood that hardly any of the meat vendors were complying with the by-law. He asked that the license inspector look into the matter.

WAS INVALIDED HOME.

Michael Black, James Street, Had Both Legs Broken.

Michael Black, son of James Black 21 James street, who went over with the first Canadian overseas contingent has been invalided home. He arrived in the city last week.

He left Kingston with the Fifth Field Battery in command of Major Britton, Gananoque. Two weeks after that battery arrived at Salisbury Plains, Black had the misfortune to figure in an accident which resulted in him having both of his legs broken. One of the bones in the leg was broken in two places. He is in company with a number of the men of the battery was on the large gun when it suddenly toppled over and fell on his legs.

When the accident happened, Black was immediately taken to the Tidworth hospital where he remained for some weeks. After he had recovered somewhat he was billeted in a count's home where he remained for some time. While at this English home he was billeted with nine or ten other British soldiers who had been wounded while fighting in the trenches in France.

The family with whom Black was billeted took a great liking to the Kingston soldier on account of him being a Canadian.

When he on Princess street Mr. Black was walking with a cane. His leg still gives him pain.

MARINE MATTERS.

Boat Officers Are Named By Ogdensburg Company.

The Ogdensburg Coal & Towing Company has announced its fleet assignments as follows: Steamer A. McVittie, Captain James Goodheart; Chief Engineer Hugh Goodheart; steamer Nicaragua, Captain Alexander McDonald; Chief Engineer Samuel Fenison; steamer Avon, Captain John Gallagher; Chief Engineer C. H. Little.

Eng. William L. Proctor, Captain P. J. McGrath, Chief Engineer R. J. Wood; tug Myro, Captain William McKenna; Chief Engineer P. F. McKenna; barge Twin Sisters, Captain J. Mallett; barge Menominee, Captain Stephen Bertrand; barge Ireland, Captain Treflex Brunette; barge Whitbeck, Captain A. Demers; barge F. E. Carney, Captain Henry Myers.

The Scow Released.

The Pyke Forwarding Company did not have to wait long before it was enabled to release the derrick scow that drifted ashore on Monday morning, having broken away from the tug Ray Station. Captain Pyke decided to let the scow remain on the flat rock where it had drifted near Macdonald Park until the wind abated. Early Monday night the wind swung about to the north and blew off-shore. Four tugs were then got into action and the scow was pulled off with little difficulty and no damage.

Movements Of Vessels.

The Schooner Ford River cleared for Erie on Monday night to load coal for Kingston.

The crew of the barge Dunmore of the Montreal Towing Company have arrived in the city.

The sloop Maggie L., arrived in port with a cargo of hay and oats from Wolfe Island.

The crew of the steamer Island Wanderer has arrived in port.

The steamer Windsor went into the Kingston Shipbuilding drydock on Tuesday morning for repairs.

Help For The Belgians.

The pupils of the Crystal Spring School (No. 2 Kingston) have contributed forty shillings towards the Shilling Fund for the Relief of Belgian Children. As the Montreal Star has made very generous offer of adding one shilling to every shilling subscribed by the schools, this will make a total of eighty shillings in all. This school has an average of about twelve. If all other schools are as generous in their donations per pupil, a handsome sum may be realized, which may aid in alleviating the terrible sufferings of the unfortunate children of Belgium.

New Moving Picture House.

Kingston is to have a new moving picture house shortly on Princess street, and to enable its erection the City Council last evening passed a by-law permitting a picture show house to be operated so long as it had exits on one street and a lane or passageway ten feet wide, sufficiently lighted. The by-law which was amended provided that no new moving picture house could be established at any other place except at a corner of two streets.

THE MAYOR REFUSED

TO GIVE DETAILS TO THE CITY COUNCIL.

With Regard To a Police Commission Matter—Ald. Nickle Again Scored the Commission For Its Doings.

The shortcomings of the Kingston Police Commission were again dwelt upon by Ald. Nickle towards the conclusion of the City Council meeting last evening. That aldermen reminded the mayor that at the Council's previous meeting he had asked for a report as to whether a police constabulary had been suspended for going into a merchant's place of business one night with a clerk of the store and helping himself to some of the merchant's goods. Had the mayor or any report to give the Council? "All I can say," replied the Mayor, "is that the matter referred to by Ald. Nickle did not occur during my tenure of office."

That is not a sufficient answer," Ald. Nickle declared. "I asked you as our representative on the Police Commission to secure certain information for us, and I think the Council is entitled to get it from you."

"I think Ald. Nickle knows as well as I do that the Police Commission is not bound to make public its doings. The policeman to whom Ald. Nickle refers was disciplined. That's all I can say."

"Then you admit you have a dishonest man on the police force," retorted Ald. Nickle, who added: "I know the reason they will not touch him."

Ald. Gillespie informed the Mayor that the police had told him they had not the means of securing a conviction of automobile or motor-cycle drivers who were exceeding the speed limit, try as they might.

"That is something that should be discussed with the Police Commission," replied the Mayor.

His Worship further stated that some time ago he had suggested that Council appoint a committee of three to take up with the Police Commission various questions at issue. He was sure the Commission would be glad to give all possible information.

"I asked the chairman of the Commission to meet a committee of the City Council and he said 'No,'" declared Ald. Nickle.

Ald. Gillespie contended that the Council had the right to ask that the by-laws of the city be enforced when the enforcing was in the hand of the police.

Ald. Newman here bobbed up with his slight waving of motion, and the Police Commission was forgotten.

VAUDEVILLE AT THE GRAND.

A Specialty Good Bill is Being Presented.

At the vaudeville entertainment at the Grand last evening a very elaborate programme was produced, introducing three different vaudeville acts by different companies. John Orren's imitation of owls, musical instruments and the Hawaiian guitar, was very clever. Arding and Arding gave a fine musical comedy act. Miss Arding sang "The Sunshine of Your Smile," an English song, "Don't Wake Me Up," and "I'm Dreaming."

The two played selections on the pendulum of clock, musical tea service, musical shirt front and collar. Mille Arminata and Burke performed aerial stunts of the most thrilling nature. Mille Arminata is the perfect woman gymnast, and J. F. Burke a clever aerial comedian. They both won vigorous applause.

FAULTY CONCRETE WALKS

Cement On the Curbing Has Crumbled Owing to Bad Material.

"It's rather a joke to call some of the walks put down here permanent," said Ald. Richardson when the City Council was passing a by-law construction by-law last evening. Ald. Richardson pointed out that at the corners the curb of many walks had crumbled away and one could run a walking stick into the material. Good cement should not permit of this.

Ald. Wright explained that the fault lay with the material put into the surfacing. When he was in the City Engineer's office some years ago trouble was experienced with the concrete. The contractor would supply fine stone crushed from very poor strippings in the quarry, and the City Engineer Craig endeavored to put a stop to the practice. Ald. Wright said that the crumbling of the concrete was no doubt the result of mud and foreign matter in the stone mixed with the cement. Now the poor strippings in quarry were gone and a better grade of stone was being secured.

Ald. Graham, chairman of the Board of Works, said he would guarantee that no poor cement walks would be put down this year.

ABOUT 600 SHEETS GIVEN

At a Shower For the Queen's Stationary Hospital.

The Daughters of the Empire held a sheet shower in the City Hall on Monday afternoon from 3 until 5:30 o'clock, and as a result of it about six hundred sheets were received for Queen's Stationary Hospital. Miss Eleanor Macdonell was in charge and a good showing of the members turned out to make the event a success. Mrs. J. B. Carruthers, Mrs. James Hamilton, Mrs. W. H. Macnee and Mrs. T. G. Smith, the regents of the various chapters, served at the tea table. Splendid music was rendered by the R.C.H.A. band from 3:30 to 4:30 o'clock. A programme was also held in connection with the affair. It included a piano solo by Miss Alice Goodwin, and vocal solos by Miss Ardell Elder, Miss Hanson (Montreal) and Mrs. S. J. M. Caption.

Capt. J. Cherry, York street, and crew of the steamer Ralph T. Holcomb, left on Monday for Cardinal to fit out that steamer for the coming season. This is the fifth season that the steamer Holcomb has been in charge of Capt. Cherry.

\$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh of the Bladder. Catarrh of the Bladder is the only positive cure now known to the medical fraternity, Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally and acts directly on the blood and mucous surfaces of the system, thereby destroying the foundation of disease, and then by its strength and curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Delightful 25-day cruises to the Antilles. For tickets apply to CANADIAN PACIFIC LINES LIMITED, MONTREAL, or any ticket agent.

GRAY HAIR BECOMES DARK, THICK, GLOSSY

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle for about 50c. Everybody uses this old, famous recipe, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger. Agent, Geo. W. Mahood.
