A QUESTION OF MEN. Canadian Government has received a jolt in St. John, N.B., and because the quality of its members has undergone a decline.

Britain's committee for the production of war material is non-political. Every branch of the public service is represented on it. Liberals and Conservatives serve upon it without the fear of friction.

THE SENATE ALL RIGHT. The cry, that the Federal Government is hindered in any way, in the performance of its duty to the war, is not correct.

EDITORIAL NOTES. The Montreal Mail, in its extreme partisanship, can hardly expect the Liberal leader to accept as gospel these findings of a political commission who reports the leader himself guilty of something of which Sir Wilfrid never heard.

FINISH THE PURGING. The public life of Canada is in great need of a cleansing, and the political parties should continue their truce long enough to bring this about.

Major-General Hughes will go on the stump and tell what he knows about buying war supplies. He will have with him as special exhibits samples of the boots, hosiery, hospital dressings, and other things, upon which the Government was completely done up.

Which List. (Guelph Mercury.) When you speak of a person, being on the list now it's well to specify whether you mean the Indian list or the Tory patronage list at Ottawa.

They're All at It. (Ottawa Journal.) John Ward, the British 'Navy' M.P., who jumped into fame about a year ago with his celebrated Commons attack on the King, has accepted the captaincy of a 'Navvies' Battalion, formed for the purpose of trench-digging at the front.

KINGSTON EVENTS 25 YEARS AGO

Several medical graduates are after the position of hospital overseer of the penitentiary. This morning Mrs. Kelly, aged seventy-six years, walked from her home in the Township of Pittsburgh to the city, a distance of sixteen miles, purchased twenty-five pounds of seed and returned to her home.

The Whig has been in receipt of numerous enquiries as to the amount of postage necessary to pay on news letters sent in to this office. The following facts will please be observed by our country correspondents: All sealed letters must bear 3c in postage.

What To Look For. Ella Wheeler Wilcox. Don't look for flaws as you go through life. And of you happen to find them, it is wise and kind to be somewhat blind, and look for virtue behind them.

WISE AND OTHERWISE

The fellow who tells a girl he loves the ground she walks on isn't the only fellow who wants the earth. Eloquence may be a good thing, but it doesn't go far enough. It merely teaches us how to speak, not when.

HEAVY MEAT EATERS HAVE SLOW KIDNEYS

Eat Less Meat If You Feel Backache Or Have Bladder Trouble. No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well known authority. Meat forms uric acid, which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick.

The Intelligencer, of Belleville, has it that Charles E. Slater, without tender, made boots for the Laurier Government. It means George E. Slater. Charles E. Slater, the slick one, the commercial traveller, whose name found a place on the patronage list and whose tender went in at the last minute, is a pet of the Borden Government.

Rippling Rhymes by Walt Mason. The glad birds are chanting their anthems and glees, and farmers are planting their squashes and peas. There's nothing embitters the heart in the Spring, and all human critters should chorale and sing; Dame Nature is wreathing with verdure the hills, the air we are breathing is better than pills.
