DIVIDING THE SPOILS OF WAR IN NEAR EAST

Agreement Reached For Russia to Occupy Constantinople.

DUMA PARTY LEADER

MAKES THIS STATEMENT IN AN INTERVIEW.

Sees Greece and Italy in—Former Likely to Receive Smyrna With Other Domain; Italy, Trent, Trieste, Pola, and Share in Asia Minor.

Rome, April 18, via Paris, April 19.—The Sunday Messenger publishes a long interview had in Petrograd by its correspondent with Prof. Paul N. Milukoff, leader of the Constitutional Democratic Party in the Russian Duma.

The Russian programme, Prof. Milukoff said, already had been concluded between Great Britain, France and Russia. He was not sure whether this agreement included the islands of Tenedos and Imbros, which, according to the conference of London in 1913, it was decided should belong to the power in possession of the straits.

End Of Turkey. M. Milukoff expressed the firm be-

lief that the present war would be the end of Turkey and would result in the dismemberment of Austria. Greece, he said, perhaps would have Smyrna, with the little hinterland inhabited by the Greeks, and, besides, the coast of Asia Minor facing Mitylene and Chios.

The principle of nationality, M. Milukoff continued, would be strictly enforced at the end of the war concerning Austria. Thus, he said, Serbia would have Bosnia and Herzegovina, with the Dalmatian coast south of Narona River.

M. Milukoff said he thought Bulgaria would be the same amount of money as the loan she had contracted in Germany, Russia, he declared, had offered to Bulgaria part of Macedonia, which, according to the Serbian treaty of 1912, was assigned to the Serbs.

The Bulgarians, according to M. Milukoff, had asked in addition, for the districts of Uskup and Kumanovo. The agreement between Bulgaria and Roumania, he said, was perfect on the basis of the protocol signed in Petrograd, under which Roumania will return to Bulgaria the territory taken after the second Balkan War.

THE SPORT REVIEW

Edouard Fabre, Montreal who won the Boston Marathon on Monday afternoon, is well-known by Kingstonians, and also is well acquainted with Kingston, probably too much so, as his race here on the King's birthday last year caused his suspension as an amateur from August to the end of last year.

Duffy did not run in the Boston event this year but Hamilton was represented by an Indian, Jamieson. Several Canadians were among the seventy-five who started.

General Huerta, the former Mexican dictator, was a spectator at the Federal League game at Newark Sunday.

"Ty" Cobb scored three of the Tiger's runs in the game with the White Sox on Sunday, and, in addition, saved his team from defeat by a perfect throw to the plate, which cut off the run which would have tied the score.

Crane, at short for the Philadelphia Athletics, looks like a good substitute to fill in when "Jack" Barry is out of the game, according to report. He handles himself well and is fast in covering the ground on balls hit on both sides of him.

"Johnny" Harvey, of New York, will box 12 rounds with "Freddie" Welsh, world's lightweight champion April 23th at Columbus, Ohio.

McGraw hasn't decided whether to keep Indian Jim Thorpe in right field as a regular or to supplant him with Robertson. Thorpe fields well and is a whirlwind in getting over the ground, it he lands on the ball it travels like a 10-inch shell, but he is inclined to go after a curve on the outside of the plate.

With the leaders less than 100 miles from the finish line at Nome, the 412-mile all-Alaska sweepstake dog team race has developed into a contest of skill between Leonard Seppala and A. A. "Scotty" Allan and of endurance between Seppala's sixteen Siberian wolves and the Allan-Darling team of 16 Malamutes.

Vancouver and New Westminster are again in line to play for the Pacific coast championship and the Minto Cup, emblematic of the world's lacrosse championship.

"Jack" Tait, the well-known Toronto foot-runner, was presented with a costly wrist watch by his house-mates in the Balm Beach Harriers,

and Hee. Phillips, also distinguished of the cinders, will be made a presentation by the boxing club, of which he is instructor. Tait and Phillips are members of the 26th Battery.

Frank Truesdale, infielder of the New York Americans, has been sent to the Montreal club of the International League. He will join the Royals immediately. Truesdale comes to New York in mid-season last year from the Buffalo Internationals. He proved a good fielder, but an indifferent batter.

850 mares were nominated in the \$21,000 Kentucky Futurity for foals of 1915, entries to which closed April 1st according to an announcement by the Kentucky Trotting Horse Breeders' Association here today.

Walnut Hall Farm of the late L. V. Harkness here, heads the list with 82 mares nominated. The Patchen Wilkes stock farm of Kentucky comes second with 80, and the Allen Farm of Pittsfield, Mass., is third with 39. The Hudson River Stock of Poughkeepsie, N.Y., is fourth with 22 while C. K. G. Billings' Curles Neck Farm in Virginia is fifth with 20.

Nationals have officially resigned from the Dominion Lacrosse Association and the first steps to reorganize the National Lacrosse Union, with Nationals, M. A. A., Shamrocks and Cornwall as one section, will likely be taken this week. With the Nationals dropping out, the Dominion Lacrosse Association now becomes dissolved, for neither the Irish Canadians nor the Tecumsehs will have teams in the field this year.

The annual meeting of the Western Ontario Cricket League was held in Galt yesterday. The league this year will be comprised of clubs from Guelph, Galt, Twin City, Paris and Stratford. Last year the league adopted a rule to play eight balls to the over, but yesterday it was decided to return to the M.C.C. rules and play six balls to the over. A new residence rule was also adopted, which allows teams a radius of ten miles from which to draw their players.

The International Olympic Committee will meet some time during the present year in the Federal palace at Bern. The exact date for the meeting has not yet been determined. The committee has chosen the medals to be offered for the Pentathlon to be competed for at the San Francisco Exposition the end of August.

The championship tournament of the National Bowling Association in New York came to a close late Saturday after the following titles had been decided: All-around, Thomas J. Scannell, of the New York Athletic Club, 1,935, an average of 215 for nine games; singles, George Newman, New York; 675; Two-men, Arthur Walter and Joseph A. Smith, Rutherford, N.J., 1,232; Five-man, Aurania Bowling Club, New York, 2,993.

"Home-run" Frank Baker third baseman and star batter of the Philadelphia Athletics, who had an-

nounced his retirement from baseball a few months ago, is ready to capitulate, and may be seen in action within a few days.

Baker was a grand stand spectator at the game between the Athletics and Red Sox. After the contest the slugger sought an interview, with Connie Mack.

Neither would divulge what had transpired during the conference, but it is believed Baker has withdrawn his demand for more salary and is ready to get into the game.

Floyd A. MacFarland, General Manager of the Cycle Racing Association in Newark, N. J., and one of the most widely known bicycle riders in the country, received a fractured skull and other injuries about head which caused his death in an altercation with David Lantingberg, a confectionery dealer in the Val-drome here late Saturday. Lantingberg was arrested charged with murder. Several bicycle riders were pedalling about the track in practice for races and a number of their friends were watching them.

Four thousand dollars has been offered as purses and prizes for the annual Grand Circuit races to be held in connection with the New York State Fair here next September. Of this sum \$24,000 is reserved for six early closing events, entries for which will close on May 10th.

The events will be headed by the Empire State \$10,000 Stake for 2.12 trotters. Others are the 2.11 pace for \$5,000; 2.24 trot for three-year-olds, \$2,000; 2.20 trot for green horses, \$2,000; 2.08 trot, \$3,000, for the 2.07 pace, \$2,000.

Harry S. Newelly, secretary of racing, has announced that each race will be decided by the three heat—every heat a race—plan.

President J. J. McCaffery of the Toronto Baseball Club, announced yesterday that Pitcher Bill "Bull" Wagner, who came to the Leafs from Brooklyn, and who won thirteen and lost seven games last year, had been released to the Newark club.

President McCaffery also received a wire from Manager Clymer stating that he was sending Third Basemen Isaacs and Outfielder Hunt home. It is likely that both these players will be sent to the Canadian League. Ottawa would like to secure Isaacs, while Manager Knotty Lee of Guelph is after Hunt.

A number of friends and President McCaffery will leave Toronto next Saturday night enroute to Richmond for the opening next week. The team will likely break camp at Durham on Sunday, and arrive at Richmond Monday.

Manager Clymer is very anxious to secure two more first-class heaters, and by opening day he will likely get one of them at least.

HONVED REGIMENT'S REVENGE.

Horrible Method Of Getting Back at Russians.

London, April 20.—The Morning Post publishes in the notes of a Hungarian lady, just returned to England from Germany and Austria-Hungary, a story of the revenge of a Hungarian regiment because the Russians disturbed the Holy Christmas celebration. The story was related by the colonel of the regiment as follows:

"We were happy and singing, waiting for midnight, when the Russians, at 11:30 o'clock, delivered a furious attack upon the village we held. We suffered terrible losses that holy Christmas night. When the Russian Christmas came the village was held by them. Some of our men with the idea of revenging themselves, caught hundreds of cats, dogs, goats, and a few wild bulls. They tied a bunch of straw on the backs of the cats and dogs, and between the horns of the goats and bulls, soaked the straw in petroleum, lit it and drove the animals caterwauling, roaring and howling into the village where the Russians were peacefully singing chants on Christmas night. "At the same time, they were firing volleys into the village, and these living torches, rushing about in the dark streets with a noise impossible to describe, made the superstitious soldier lose their heads."

IN FRENCH TRENCHES.

Col. Carrick Says There Is Not Much Hardship At Front.

Ottawa, April 20.—An interesting cablegram was received by one of the senior officers in the Headquarters Staff here from Col. Carrick, M. P., one of the Canadian "Eyes in the Sky" in France. The cablegram is dated April 17th, and runs as follows: "France (via London).—With General Turner and Colonel Garnet Hughes, Meighen and Leckie, I spent yesterday and last night in the French trenches with the French soldiers in Belgium. The trenches were only fifty yards from the enemy's, and an incessant rifle fire continued all night, quite frequently hitting the tops of the parapets. With flares, rockets, rifle and artillery fire, accompanied occasionally by musical strains from bagpipes, the front at times presents quite an animated scene. The trenches and dug-outs are in good shape, and with fair weather there is not now much hardship in trench life. In fact, some of our men enjoy immensely trench life and experiences."

The General Turner mentioned is Brigadier-General Turner, V.C., of Quebec. Colonel Garnet Hughes is the son of General Hughes, and with the Highland Brigade. Colonel Meighen is Colonel Frank Meighen of Montreal, and Colonel Leckie is from Vancouver.

B. R. Hepburn, M.P., was nominated as Federal candidate by Prince Edward County Conservatives.
