

Simple Way To End Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid argon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger-tips. By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

THE SPORT REVIEW

President Murphy of the N. L. U. is determined to resign from his position, and A. L. Caron of the Nationals will probably be his successor. The N. L. U. will meet in Montreal on Saturday, to prepare for the season, and to admit the Nationals, and any other club or clubs which the officers see fit to accept. One complete ball team was released to the Guelph Canadian League club Tuesday night by President McCaffery of the Toronto Internationals. Nine players will be sent to the Royal City when the team there opens its training season. Franklin Baker, home-run monarch, has hardened to the call of baseball. From authentic sources it was learned yesterday that the slug-

EDOUARD FABRE Montreal man who won the annual Boston Marathon on April 19th.

Arthur Jamieson the Indian runner, who was supposed to start in the race at Boston but didn't, has got himself into a heap of trouble, Jamieson collected money from several Hamilton people for the purpose of defraying the expenses of his trip to Beantown. By a vote of 72 to 30, the Minnesota House of Representatives re-passed the Mosler-Lennon bill, legalizing ten-round, no-decision boxing matches in Minneapolis, St. Paul and Duluth, after concurring in the two amendments made in the Senate yesterday. One of the amendments accepted would prohibit more than twelve bouts in any one of the three cities in one year. After many years of effort, it now looks as if a lacrosse league, will be formed in northern Alberta this season. Edmonton stands prepared to enter a team, while Red Deer is also taking kindly to the idea. This goes to show the effect of the lacrosse boom, in spite of the falling off of interest in other lines of sport.

Struck in the temple by a batted ball during the Point Pleasant and Freehold High School game at Freehold, N.J., John A. Daroch, Jr., a Freehold freshman, died. The blow burst a blood vessel in the boy's head. Jack Johnson, the former heavyweight pugilist, and his wife has sailed for Spain on the steamer Maria Cristina from Havana. From Spain Johnson intends to proceed to England. Although he has no passport Johnson says he expects to experience no trouble. He says he will return to Havana in June and open a gymnasium. The executive of the newly-formed Owen Sound Athletic Association is boasting the idea of a northern baseball league. It is proposed to bring into the organization for the first year probably a dozen or fifteen teams, to be divided into three or four districts and to play regular schedules and later play an elimination series on the same principle as a hockey league or a lacrosse league. Frank Patrick, the Vancouver hockey magnate and president of the Pacific Coast Hockey League, is authoritatively for the statement that Seattle will positively be a member of the big professional circuit next season. The league now is composed of Vancouver, Victoria and Portland and the inclusion of Seattle will round out a strong four-team circuit and insure plenty of competition. The National Baseball League schedule for the coming season requires the club clubs to travel 8,593 miles. The western clubs will cover more mileage than the eastern teams. Pittsburgh leads with 12,595 miles, and the New York Giants have the least travelling to do, their total for the season being put at 8,

LOOKS FOR END SOON

CANADIAN TROOPER CONVINCED TRENCH FIGHTING OVER SOON Will Shortly Be On the Move—Saxon Troops Refuse to Fire on Canadians Serving in Trenches. London, April 22.—A Canadian trooper at the front writing to friends in London, expresses the opinion which is shared by the majority of his pals, that the end of summer will see the end of the war, and that the trench war will see the end of the war, and that the trench war will see the end of the war. "There has been little doing during the past few weeks," he writes, "but I fancy that we shall shortly be on the move. I have seen quite a few American Red Cross cars lately, and it is interesting and instructive to see signs on them such as 'From Friends in Boston, U. S. A.' Blood is thicker than water, and no doubt you have heard that the Saxon refuse to fire on our boys in the trench. I am filled with amazement and admiration for the British Tommy. I thought that I knew him pretty well, but I did not. He is really wonderful and it is a privilege and honor to do one's bit by his side. What he suffered during the winter is beyond description. Let us hope that the nation will not forget him after the war."

Edouard Fabre, the Montreal, winner of Boston Marathon race, was honored by the Bostonians. Fabre was a guest at several of the clubs, where he was forced to make speeches. He proved modest in his remarks and gave great credit to Onahan and others for their performances. Fabre said he attributed his victory to faithful training and perfect condition. He met Jess Willard at a local hall and the two champions were cheered by the crowd. Willard saw the finish of the race and congratulated the Canadian. The Intercollegiate Rugby Rules Commission met at Kingston, with the following delegates present: Varsity, H. C. Griffith, Dr. W. B. Hendry; Queen's, E. O. Sliter, Prof. Baker; R.M.C., Dr. Macauley; McGill, St. Clair McEwen. In view of the general disturbances abroad the commission decided to keep the rules as they are—at least until the war is over. St. Clair McEwen, who is now located in Toronto, was elected president, and E. O. Sliter secretary. They were delegated to attend the meeting of the Canadian Rugby Union Rules Commission, which is to meet shortly, but with no power to bind the Intercollegiate to anything that may be done.

WAR BULLETINS. French despatches from the front Wednesday night said that the Allies made satisfactory progress. Details were cut out by the censor. Lloyd-George admitted in the British Commons Wednesday night that there were more than a half million British troops in France today. It was also stated that more shells were used at the battle of Neuve Chapelle than during the whole Boer war. Admitting the probability of a rupture between Austria and Italy, Prince von Buelow said at Rome that it would be the duty of Germany to stand by Austria to the end. It is reported that at the opening session of the Hungarian chamber it refused to vote military credits. The United States reply to the German Ambassador's note is the sharpest since the war began. WILL GET REFUND. Travellers Not Using All Rail Tickets Benefit By Order. Ottawa, April 22.—Hereafter the travelling public who do not use railway tickets or portions of tickets will be able to get back their money from the railway companies without having to wait from two to three months to a year for it. The Railway Commission issued an order yesterday compelling Canadian railway companies to pay the refund on all tickets within thirty days from the time of application in cases where one line only is affected, and within sixty days when interlines are affected. The order was granted after the Board had heard arguments from counsel for the companies as to why there should not be prompt payment. Chairman Drayton during the course of the discussion declared that he had waited two years, and was still waiting, for a refund from the C.P.R. on the return half of a ticket between Toronto and Ottawa. He was promised that this two-year-old application would now be looked after. Over 2,500,000 people have already visited the big fair at San Francisco. BE FULL OF JOY! TAKE CASCARETS. Feel fine! Remove the winter's liver and bowel poison while you sleep. Spend 10 cents! Don't stay sick, bilious, headachy and constipated.

Napanee

April 22.—In the Police Court yesterday, before E. L. Lapun, J.P., E. Sheppard was fined \$5 and \$7 costs for assaulting his wife. High Constable VanKoughnet was called to Thorp last evening and brought back a foreigner, apparently a Russian, who had been giving the residents some trouble. He could not speak English. He is known to the local police, having given them a lot of trouble last summer. His custom when hungry is to go into the house nearest to hand and help himself, and often times he has to be forcibly ejected. Bruce Davis was taken to the Kingston hospital yesterday, suffering from appendicitis. Miss Nora Herrington left yesterday for Quebec. She will serve on the nursing staff of Queen's University Hospital at the front. Fenwick Solmes and T. Dickens made a trip to Kingston to see "Matt and Jeff." A local automobilist was assessed \$5 in Deseronto yesterday for running his car without the rear light the other night. E. W. Vanbusen, who has carried on a harness and saddlery business here for a number of years, is leaving to reside in Toronto. His son, William, will take charge of the business. Work on the new armories has been resumed and very soon a number of men will be at work on the building. J. John, a vagrant, was remanded for a week in the Police Court yesterday, this being his fourth appearance on that charge. Thursday afternoon Edgar Miller, a young man who is working for C. Romberg, started from the barn with a team and wagon, when the horses ran away. The wagon struck the corner of the barn, throwing Miller out. He was shaken up badly but no bones were broken. The team got outside the pump at the well in the barnyard and one of the horses broke the covering and was badly cut. The police had a call to the west end of the town last night to investigate a story of a hold-up. They could find no trace of the alleged highwaymen. NEED NOT PAY For Drinks Bought on Sunday, Says Judge. Chicago, April 22.—Two men who were arrested after they refused to pay for drinks which they bought in a saloon Sunday, were discharged by Judge William H. Gemmill in the Municipal court here. "You do not have to pay for drinks you get in saloons in Chicago on Sunday," declared the judge. "If the saloons are open they are open in violation of the law."

More "Dry" Municipalities. Aberdeen, S.D., April 22.—The liquor question figures in the municipal elections in almost every city and town in the state. Few changes were made according to returns thus far received. Madison, Leola, Mitchell, Sisseton and Faulkton changed to "dry" by small pluralities. Yankton and Aberdeen are among the larger cities which voted to remain in the "wet" column.
