WALDRON'S

NO SPECIAL PARADES KHAKI CLAD STUDENTS HUSBAND AND WIFE

OF MILITARY TO BE HELD ON KING'S BIRTHDAY.

Wednesday Afternoon Added as Half-Holiday to the Men of the 21st Battalion.

The war will have a quieting effect on military functions on the King's birthday. An order issued today reads that although flags may be flown on all military buildings on the King's birthday there are to be no special parades, dinners or ceremonies as a celebration. This is the express wish of His Majesty King George V.

Wednesday and Saturday afternoons will be half-holidays for the 21st Battalion in future. To-morrow afternoon there will be baseball and football games as well as the shooting matches on the ranges.

The 21st Battalion parades to Barricade on Tuesday, dinner being taken on the field. Part of the battalion used the ranges and the remainder were engaged in field work.

Major Gray, 21st Battalion, is on the sick-list.

The garrison Assault-at-Arms will be in Ontario Hall on May 7th if the arrangements can be made.

Sixty officers and forty N.C.O.'s have arrived in the city for the fourth Royal School of Artillery course at Tete de Pont barracks. No lectures were given on Monday as the students were busy looking up quarters for the six weeks they will be here. This is the largest class that has yet been held and it is necessary to divide it into four sections, two of officers and two of N.C.O.'s.

The 26th Battery has received two twelve-pounder guns for instructional work. To date the men have been given instructions in the gun-drills, using dummy guns, but now the more advanced artillery work can be taken up.

The horses of the battery were changed on Monday and now twenty-four horses of the best type are being used.

All of the N.C.O.'s of the 26th Battery are attending the R.S.A. to qualify.

A number of the men of No. 5 F.C.C.E. went over to Barricade on Tuesday morning and prepared the camp, putting up tents, etc., for the students of the Field Surveyor's course that opens on Thursday. The camp ground is in the same place as last year.

It is understood that Queen's Engineers will be in camp at Barricade all summer doing the engineering work for the overseas troops in training there. At present the Engineers are engaged for nine hours a day in building bridges and other structures on the college grounds.

Authorization was received from the Militia Department at Ottawa on Monday for the raising of a double company of men from the McGill O.T.C. and other universities to act as re-enforcements for the Princess Patricia's Light Infantry. Capt. P. Molson and Capt. G. Macdonald, Montreal have received the authority and recruiting will commence at Queen's and other universities as well as McGill at once.

AN ORPHANAGE IN NEED.

House of Providence Orphans' Guild Seeking Revenue.

Contributed. A large meeting of the Orphans' Guild was held at the House of Providence on the 14th inst., the object being to discuss and devise means of increasing the revenue of the orphanage at St. Mary's of the Lake. For the past six years the members of the Guild have labored most energetically and successfully in aiding the institution, but the increased cost of living coupled with a large increase in the number of children to be provided for, make greater efforts imperative.

It may be interesting to many to know just how the institution is supported. There are at present sixty-two boys and forty-five girls in the orphanage, making a total of 107 children. For sixteen of these children, five dollars a month is received; for fourteen of them, sums ranging from sixty-five cents to three dollars and seventy-five cents, a month have been paid. For the remaining seventy-seven children, the institution receives no remuneration (excepting the Legislative grant) for their care, and many of these have to be supplied with clothing. The grant from the Legislature mentioned above is two cents a day for each child. The City of Kingston, through its Council, has never given any aid to this institution, although there are forty children belonging to the city in the orphanage.

It will be readily seen that the sources of revenue are absolutely inadequate to meet the expenditures of the orphanage, and the great burden of its support falls on the House of Providence, an institution taxed to its limit in supporting the great number of inmates now within its walls. Just now, the burden imposed upon the House of Providence seems to be beyond the possibility of being borne, and only the firm trust in God's holy Providence serves to sustain the courage of those in charge.

At a second meeting of the Guild, which was largely attended, it was decided to hold a garden party on the House of Providence grounds early in June.

The annual election of officers also took place at this meeting with the results: President, Miss Agnes Doonan; first vice-president, Miss Agnes Walsh; second vice-president, Mrs. James Norris; recording secretary, Mrs. Edward Gallivan; treasurer, Mrs. H. C. McDonald.

"Flower seeds." Gibson's.

WILL RECEIVE DEGREES AT QUEEN'S UNIVERSITY

For the First Time in Many Years No Honorary Degrees Will be Given—Sir Sandford Fleming Will Preside.

For the first time in the history of Queen's University, graduates in military uniform will receive their degrees at Convocation on Wednesday afternoon, and the occasion will be a notable one in the history of the institution.

The degrees will be conferred by the aged chancellor, Sir Sandford Fleming, Principal Gordon and members of the staff will be present.

The programme for Convocation is an unusual one, in that no honorary degrees will be conferred. This is the first time in many years that such has been the case. The programme will only consist of the conferring of the different degrees on the graduates.

It is expected that there will be a large number present to witness the ceremonies.

Death Of An Indian.

After a hard struggle for life at the Hotel Dieu on Tuesday morning, Joseph Mitchell, an Indian, passed away. Last fall he had to undergo an operation to have large growths taken from his neck. This operation apparently seemed to be successful and the Indian returned to his home at Ardoch. On April 19th, he was admitted to hospital again. It was necessary towards the last to strap the unfortunate patient in bed. The deceased was a native of Ardoch and although he was gigantic in stature, he was only in the seventh year of age. A widow survives. The remains will be transferred to his home village for interment.

The Late James German.

At the township of Camden, on Tuesday, April 20th, James German departed this life at the age of sixty-six years. For several years previous to his demise nature kept demanding its pound of flesh until heart trouble developed and carried him to that bourne from which no traveller returns. Mr. German was of a kind and genial disposition, always ready to do unto others as he would have them do unto him. For the last forty years of his life his highest ambition was to serve his Heavenly Master. On Sept. 4th, 1885, Mr. German led Miss Martha Vannest to the altar, and from their union there was one son, Allan, and one daughter, Laura, who survive to mourn the loss of a kind and indulgent father. The funeral took place at Cobden, and a large cortege that followed his remains to their last resting place betokened the high esteem in which Mr. German was held by neighbors and friends. The funeral service was conducted by Rev. Mr. Wilson, pastor of the Methodist church, when he selected, the very appropriate passage of the sacred word, Isaiah 64:6. "And we all do fade as a leaf." Mr. German and family are extended sincere sympathy.

The Late Mrs. Liston.

After an illness of only a week Mrs. Johanna Liston, widow of the late Patrick Liston, passed to rest at her late residence, 78 Quebec street, Monday noon. The deceased was born in the County of Limerick, Ireland, and eight years ago came to Canada in 1834, taking up residence at Storrington. The past eight years of her life were spent in Kingston, where she made many friends.

In religion Mrs. Liston was a devout Roman Catholic, and member of St. Mary's cathedral. She was also connected with the League of the Sacred Heart.

The survivors are four sons and two daughters: William, Thomas, and Patrick Liston, of this city; James Liston, Latimer; Mrs. James McDonnell, Latimer, and Miss Margaret Liston, at home.

On Wednesday morning at nine o'clock the funeral will be conducted at St. Mary's cathedral, where a solemn requiem mass will be sung by Rev. Father A. J. Hanley. The remains will be placed in St. Mary's vault.

HOSPITAL LADIES DROP IDEA

Of Collecting Waste Paper As Means of Revenue.

The Women's Aid Society of Kingston Hospital met on Monday afternoon.

The ladies have carefully considered the question of collecting waste paper and have finally decided to drop the matter altogether as it was felt that the amount that might be realized would not be sufficient to compensate for the work and cost of collecting the paper.

The date for Tag Day has not been decided upon.

Mrs. W. H. Spelling and Mrs. Day were appointed visiting ladies for the month.

County Court Sitings.

At an adjourned sitting of the non-jury County Court the suit of F. B. McCurdy vs. A. C. Knapp was decided in favor of the Plaintiff, judgment in full for \$125 being given. The case arose out of a cotton deal in which the defendant claimed he did not give any authority to the plaintiffs to buy. Judge Madden presided.

At Washington, on Monday Mrs. Lucy Laughlin, sister of Mrs. William H. Taft and widow of the late Thomas K. Laughlin, was quietly married to Senator Lippitt.

Biliousness HOOD'S PILLS

APPEARED IN COURT ON VAGRANCY CHARGE.

Hubby Sent to Jail For Month and Wife Remanded For a Day—Young Man Smashed Window When He Was Drunk.

Vagrancy was the charge against Arthur Fuller and his wife in the police court on Tuesday morning. The couple have been before the court on several occasions and just recently a couple of their children were taken from them as they were regarded as unfit to care for them.

Monday night at 11 o'clock the couple went to Victoria Park and evidently prepared to spend the night there. Constables Jenkins and Nicholson rounded them up and brought them to the police station. On arrival at the station, Mrs. Fuller declared that she never drank but that her husband took a "nip" once in a while but always had control of himself. Just as he made this remark Constable Nicholson, who was searching Fuller, pulled out a big flask of whiskey from one of his pockets.

Several complaints have been made about the couple. Fuller claims that he is willing to work but that he could not get anything to do. "I was at the Hosiery Mill looking for a job yesterday," he said, "but I found that sixteen men had applications in ahead of me."

However, it does not look as if Arthur is very fond of work. The magistrate did not think so at any rate, so he sent him to jail for a month. Perhaps his stay there will put him in trim for some real hard work when he gets his freedom. Mrs. Fuller was remanded for a day.

While under the influence of liquor on Monday night Arthur Robinson misbehaved himself. He went to a home on Colborne street, and although not invited, he attempted to gain an entrance and when the door was shut in his face he put his fist through a pane of glass. The police were notified. This occurred about 10 o'clock, and a short time later Robinson was located on Patrick street by Constable Jenkins. The latter took Robinson to the house where the row occurred, and a lady identified him as the man who had smashed the window. Then he was locked up. The magistrate imposed a fine of \$1 and costs or ten days. Another drunk was dismissed.

Allied Troops Have Landed On Saros Galt

(Special to the Whig.) Athens, April 27.—Advices from Salonika say that the Allied troops have landed at various points on the Gulf of Saros and that the bombardment of the Dardanelles fortifications continues both from the Gulf of Saros and inside the Straits.
