CADETS OF THE R.M.C.

ARE AT GLENBURNE, RECEIVING ARTILLERY INSTRUCTION

They Will Remain Over Night—The 26th Battery is Making Good Progress in Its Work.

The cadets of the Royal Military College are receiving more practical instruction this year than before, as many are going direct to the front as officers. On Wednesday afternoon those who will try for Commission in the overseas force left for Glenburnie where tactics as similar to those at the front will be shown to them. One complete sub-section consisting of gun and wagon from "C" Battery were used for the purpose. Sergt. Murphy and Corp. Marshall of the battery went along in charge of six drivers. The cadets will supply the remainder of the men necessary and the rest of the class will use their own mounts. Near Glenburnie the loaded platoon will be opened and followed out. The party will sleep out Wednesday night and return to the City Thursday morning.

The 26th Battery is being instructed in gunnery and equitation and the men are progressing rapidly. The guns are kept in the shed on Bagot street near Artillery Park and every morning the batterymen parade there.

The N.C.O.'s taking the R.S.A. course are the most intelligent who yet come here for the purpose, in the opinion of the instructors. A very large percentage of them are university men from Montreal, Toronto and Ottawa, the Toronto men being in the 26th Battery here.

The fourth R.S.A. course finishes on June 5th.

Lieut. F. A. Smythe, 14th Regiment, seconded to the 35th Battalion, has been chosen as one of the officers who will go overseas immediately in charge of a company from that battalion. The following list of officers have been forwarded to the Department for formal acceptance: Capt. A. C. Ross, "B" Company; Lieut. A. G. Fraser, "A" Company; Lieut. Betchel, "B" Company; Lieut. F. A. Smythe, "C" Company; and Lieut. A. G. Parson, "C" Company. Considering that practically all of the other officers of the 35th Battalion are Ottawa men, and Lieut.-Col. Edwards is also of the Ottawa regiment, it speaks well for Lieut. Smythe's ability as an officer to be chosen for such a responsible position.

Pte. S. E. Bates has been accepted by the 14th Regiment for overseas service.

The administration building at Barrfield camp is expected to be finished by Thursday. The Army Service Corps building will be extended to allow for the handling of the extensive supplies. It has been suggested that May 15th be the date for the opening, but the formal official sanction has not yet been received.

At present there are forty-four members of No. 5 F.C.C.E. in camp at Barrfield and with the closing of the college this number will be reduced. Authority has been received to have twenty-five men of this company at the camp and these with the permanent staff under Major Burritt will look after the engineering work. An auxiliary pipe-line will be laid to Macdonald's Cove for use as an emergency supply to the wells.

Lieut.-Col. J. R. Munroe and Major S. R. Roth, 8th Regiment, C.M.R., on Wednesday afternoon made an inspection of the camp grounds, accompanied by Major Burritt.

The Royal Military College examinations are being conducted this week and will finish Saturday.

The School Cadets of St. Mary's School went out for a short march on Wednesday morning.

SEEKING MACHINISTS

To Make Shells in The Kingston Locomotive Works.

Word has been received that a representative of the British Government is coming to Canada to engage machinists to work on the manufacture of ammunition. However, it is believed that his mission will be a futile one. Orders enough have been placed in Canada recently by the British Government Shell Commission and by the Russian Government to keep every skilled machinist in the Dominion busy for months.

At present the Canadian Locomotive Company, Kingston, is seeking skilled machinists all over Ontario for the big shell contract it has been given.

William Swaine, piano tuner. Orders received at McAuley's. Phone 564.

MOVEMENTS OF VESSELS REPORTED ALONG THE WATERFRONT.

Schooner St. Louis cleared from Booth's wharf for Oswego.

Schooner Bertha Calkins cleared for Oswego.

Schooner Julia B. Merrill is at Anglin's wharf with coal from Oswego.

Steamer St. Joseph arrived at Swift's wharf with coal from Oswego.

Barge Thrush is being loaded with bagged oats at Richardson's elevator. This is the sixth barge to be loaded so far this season. Several grain vessels from Fort William will discharge at this elevator.

The gasoline ferry Yenne, Gananoque, was in port to undergo inspection.

M. T. Co's Bulletin: Steamer Fairmount cleared from Port Colborne and will pass down early on Thursday with grain for Montreal; tug Emerson is due to arrive to-day with the barges Augustus and Winnipeg light from Montreal, and will clear with the same two barges to load grain at Port Colborne; tug Bronson due to arrive to-night with two light barges from Montreal.

There are twenty plates to be replaced on the steamer Glenmount which will require an expenditure of \$14,000 or \$15,000. The Glenmount is the boat that recently ran aground near Round Island below Clayton.

A Montreal despatch says: "Action for \$1,500 damages against the steamship Rosemount, of Kingston, has been entered in the Admiralty Court by Beidling Paul Cortteill, Limited. The amount is claimed for the flooding of a cellar when the vessel broke through the St. Gabriel locks on May 3rd.

The Richelieu and Ontario Navigation Company's steamer Belleville made her first start on Wednesday morning. The steamer arrived at Swift's wharf about five o'clock and cleared for Montreal at seven o'clock. For the present this steamer will run on the Toronto-Montreal route.

A large number of employees have been taken on by the Kingston Shipbuilding Company to remove the damaged plates on the steamer Glenmount which is now in the dock. The bottom of the dock is covered with lines of hose used for conveying the compressed air for extracting the rivets. Work is to be hurried on this steamer as she will soon be needed on the Atlantic trade.

Steamer Rideau Queen arrived in port from Smith's Falls on Tuesday evening and cleared on Wednesday morning for the latter place.

Steamers Calgarin and Bickerdike, down 4.30 o'clock Tuesday afternoon, bound for Montreal.

Steamer Kenora down at two o'clock Wednesday morning.

Steamer Port Dalhousie down three o'clock Wednesday morning.

Steamer Saskatoon up on Wednesday morning.

SAYS ITALY WILL FIGHT.

"Italy is going to fight and in a very short time," declared Michael Amodeo to the Whig. Mr. Amodeo has had several letters from friends in his native country and by these he had been informed of the warlike spirit that prevails throughout the length and breadth of Italy. The latter nation, Mrs. Amodeo says, is ready to strike hard when the time comes. His last letter states that May 12th is expected to be the date when war will be declared against Germany and Austria. This same letter also stated that 600,000 troops have been placed aboard transports and are to steam away at a moment's notice. Some two or three million more soldiers are ready to proceed by land against the Austrian front.

Church services.

St. George's Cathedral—The Very Rev. Dean Starr, M.A., D.D., 78 Wellington street, rector. Ascension Day, Thursday, May 13th. Holy Communion at 7.30 and 10 a.m. Evening prayer and sermon by the Dean at 8 p.m.

Would you let a cobbler mend your clothes?

Certainly not, then be sure your eyes are examined by a registered Ophthalmist and Optician.

Lenses need to be ground most carefully to relieve eye-strain, and you are assured a thorough examination and accurate glasses from

J.S. Asselstine, D.O.S.

Registered Ophthalmist and Optician.

MASONS MADE MERRY IN THE DANGER ZONE

THERE WERE 135 HERE FROM NEW YORK STATE.

A Fine Banquet Was Enjoyed In Ontario Hall After The Third Degree Had Been Exemplified By The Visitors.

At four o'clock on Tuesday afternoon, the steamer Riverside brought to the city 135 members of different Masonic lodges of New York State, Alexandria Bay, Ogdenburg, Rome and Watertown being well represented. District Deputy R.W. Bro. Livermore accompanied the party. The Rome Masonic band led the parade to the City Hall, where Mayor Sutherland gave a brief address of welcome and extended the privileges of the city to the visitors.

The Masons then proceeded to the Market Square, where forty-five automobiles were waiting to take the visitors for a ride around the city. The route was up Princess street to the Bath Road, to Forty-foot Road and through the Rockwood Hospital grounds, along King street to St. Lawrence avenue, and Stuart street, past the General Hospital, through Queen's University grounds, up Barrie street, through the Court House, along West, Clergy, Barrie and King to Princess, along Montreal as far as Rideau and returning in Rideau to the hotels where supper was waiting the visitors and where accommodation had been arranged for them.

From eight until twelve o'clock the third degree was exemplified in the City Hall, and then all the Masons, about 700 in number, adjourned to Ontario Hall, where a banquet was served. George H. Gillespie, Master of Minden Lodge, presided.

W. F. Nield, M.P., responded to the toast of "Canada," and Dr. W. J. Edwards, M.P., gave a very stirring patriotic address. W.M. Bro. Eaton and R.W. Bro. Livermore also spoke. During the evening Angus Orr, Arthur Craig and James Bankier gave vocal solos, and J. Rees, Gananoque, gave a cornet solo.

LITTLE TOT LOST.

Telephoned Mother to Come to Store And Get Her.

"I'm lost, come here and get me," was the message a five-year-old tot, Isabel Wilkinson, gave to her mother Monday afternoon over the telephone.

Isabel lives on William street and she was visiting at the home of Alfred Laidley on Frontenac street. While there she was given money to buy some sweets at the corner store. She got to the store all right, bought her candy, but on making the return trip got mixed up in the streets, and reached Princess. At Schofield's store the youngster said she had by her way and would like to use the telephone to tell her mother. She was given the use of the telephone with the result that her mother got the message and came to the rescue.

FINAN EPISODE

Of "The Master Key" At the Ideal Theatre.

The concluding chapters of this great serial drama are brimful of sensation. See how Wilkinson traps Dorr, ties him hand and foot, leaving him to die in a burning cabin filled with dynamite. His rescue by Ruth; the recovery of the Master Key, together with the plans are very interesting. These, along with other remarkable scenes, prove a very fitting climax. Don't miss seeing the finish at Ideal Theatre Wednesday and Thursday.

A Presentation Made.

At a meeting of the Girl's Branch of the Woman's Auxiliary held in St. George's Hall on Tuesday evening, a life membership was presented to Miss Irene Rogers in recognition of land and faithful service. Short addresses were made by Miss Macaulay, Miss A. Muckleston and Dean Starr, after which a supper was served.

At a meeting of St. George's A.Y. P.A. held on Tuesday night W. Johnston gave an admirable paper on "The Relation of Music to Religion."

SAPPER W. C. ROGERS TELLS OF TRIP TO ENGLAND.

With Queen's Engineers — British War Vessels Former An Escort—All Ready For German Submarines.

Bandman Christmas of the Salvation Army has received a letter from Sapper W. C. Rogers who went to the front with Queen's Engineers and who was formerly chief electrician at the civic light plant. The letter was dated April 28th on board the SS. Northland. The Northland arrived in England some days ago.

"At the time of writing we are in the most dangerous part of the trip," Sapper Rogers wrote. "We have two troop ships, one cruiser and two destroyers, as an escort. It is great to watch them shoot around the ship."

Sapper Rogers kept a diary of his trip after leaving Halifax and it is a very interesting one.

On Tuesday, April 27th he says that the cruiser H.M.S. Cumberland fired three shots at a boat that would not stop when ordered to do so. The boat stopped in a hurry then.

All the life boats were over the side ready for use and all on board were provided with life belts in case they were needed. The men slept with their clothes on.
