What is regarded as the very best type of engine has just been installed in the big motor bus of Finkle & Company, by the Davis Dry Dock Company, by the Davis Dry Dock Company. It has four cylinders and carries thirty-five horse-power, and is of the very latest pattern for a motor bus. The steel genting and all the equipment is up-to-date in every respect and will be a valuable addition to the service of this company. The motor is one which can be easily controlled under all conditions, whether travelling at low or high speed.
