DR. MACGILLIVRAY LIKELY TO BE CHOSEN MODERATOR

Of Presbyterian General Assembly Next Week.

OPINION IN WINNIPEG

IS THAT KINGSTON CLERIC WILL BE ELECTED.

The Others Nominated Include Rev. Principal Baird, Manitoba College, Rev. Dr. Neil, Toronto, and Rev. Dr. McLeod, Barrie.

Winnipeg, May 24.—It is thought here in Presbyterian circles that Rev. Dr. M. Macgillivray, minister of Chalmers Church, Kingston, Ont., will be chosen moderator of the General Assembly of that church when it meets at Kingston in annual session Wednesday, June 2nd, next. Other ministers nominated by Presbyteries include Rev. Principal A. B. Baird, D.D., of Manitoba College, Winnipeg; Rev. Dr. John A. Neil, of Westminster Church, Toronto, one of the most wealthy and influential of the denomination in Canada, and Rev. Dr. McLeod, Barrie, Ont. Dr. McLeod will be the nominee of those still opposed to church union. Both Dr. Baird and Dr. Neil are regarded with extraordinary esteem in the Presbyterian communion, but neither is ambitious for the honor, and probably both will insist on retiring in favor of Dr. Macgillivray, an older man, who has held his present charge twenty-eight years, being ordained forty years ago. Dr. McLeod, as a leading member of the church, would naturally in course of time, receive this honor, but as representing opposition to church union he cannot be elected.

In the matter of church union, it has been agreed that all the Presbyteries and congregations of the church should vote on this question during the fall of the present year, and the proposal will be brought to final issue at the meeting of the General Assembly next year. The friends of union are now pushing this proposal, favored by every Assembly for the past ten years.

At the meeting in Kingston the question of church finance will necessarily come in for most careful consideration. In several branches of the work of the church, as a result of recent financial depression, there is a considerable deficit. In home mission work this is said to exceed \$100,000 and to reach half that amount in work of social service. The Presbyterian church has in the past generally followed the policy of doing the religious and philanthropic work which, in its judgment, ought to be done and trusting to its friends and members to provide the money. The question of retrenchment must now be faced.

In connection with the approaching General Assembly of the Presbyterian Church in Canada at Kingston, Ont., a matter of interest relating to the theological colleges, of which there are eight in the Dominion controlled by the church, will be the probable closing of the college in Vancouver, and the transfer of Rev. Dr. John McKay from that college to Manitoba College, in Winnipeg, of which he will become the principal.

Dr. McKay was formerly minister of Crescent Street Presbyterian Church, Montreal. He is noted for his ability as a public speaker, his power in debate being equal to that of any minister of the denomination. It is believed Dr. McKay will accept the invitation of Manitoba College, to which he will bring great strength. Rev. Dr. Baird has been acting principal, but declines to continue, and recently was in Vancouver conferring with Dr. McKay. It is understood that the Vancouver College will open again in a few years, when the present financial stringency has passed.

Let selfishness have full sway and it will develop low cunning.

Report Upon It—Kingston Supplied Model Constitution.

The Canadian Patriotic Fund report for the period ending with March 31st, 1915, has been published. It is a comprehensive document and embraces all the proceedings of the Fund from its organization to date.

Among the contents are a "Suggested Constitution" for the use of branches and it is in large part the constitution of the Kingston Patriotic Fund which was adopted at the meeting at which the election of officers took place in the Frontenac hotel. It was drafted by the first secretary of the local committee and was referred to in a complimentary manner by Mr. Ames, M.P., at a meeting which he addressed in the Council chamber here.

In the list of acknowledged contributions are the following:

Frontenac County—The County Council voted \$2,000, of which two instalments of \$400 have been paid. Kingston subscriptions amounting to \$25,000 (should be \$50,000) has been pledged and \$25,000 has already been forwarded to Ottawa.

Leeds County—The County Council voted \$500 a month for two years. The village of Wellington voted \$1,000. Private subscriptions \$7,000. A compliment is paid the county by the remark that "counties desiring to perfect model organizations are advised to write to the secretary for specimen literature."

Henrew County (and Pembroke and Henrew towns)—\$14,153.30.

The German campaign in Galicia seems to have failed; Mackensen is having difficulty in covering his flanks.

Italians and Austrians are fighting vigorously on land and sea; several coast towns of both countries are bombarded.

It is reported in London that the Germans are massacring Russian prisoners.

The British have made further progress near Ypres, recapturing all of the ground lost recently.

The Allies continue to make progress against the Dardanelles forts.

The Italian Ambassador left Berlin for Rome secretly on Monday.

Unofficial reports reaching Rome Monday night said the Italian fleet commanded by the Duke of Abruzzi engaged the Austrian fleet that bombarded Ancona early Monday and reports say three small Austrian ships were sunk and two captured in a running fight. Two British warships co-operated with the Italians.

STRUCK BY LIGHTNING.

Farmer Residing South of Picton Was Seriously Hurt.

Picton, Ont., May 25.—During a severe thunderstorm which passed over this locality Friday afternoon Owen Clapp, a farmer residing about ten miles south of Picton, near Milford, was struck by lightning. Mr. Clapp and his son were in the field with a team of horses and wagon at the time. Mr. Clapp's hat was lifted from his head, his clothing torn, and a boot was ripped off, and he was severely burned on the shoulder and foot, but is recovering. One of the horses was killed, but the boy and the other horse were uninjured.

Mr. Mackland, another farmer residing about four miles south-west of the town, was also struck, but escaped with a very serious shock, and is now quite recovered.

This Leaves the Skin Free From Hairy Growths

(Toilet Talks)

A simple method for completely removing every trace of hair or fuzz is here given. This is painless and usually a single treatment will banish even stubborn growths. To remove hairs, make a thick paste with some powdered detelone and water, spread on hairy surface and after about 2 minutes rub off, wash the skin and the hairs are gone. This method will not mar the skin, but to avoid disappointment, be certain you get detelone.
