

AT BARRIEFIELD CAMP

A TORONTO COMPANY HAS THE GROCERY CONTRACT

The Lindsay Volunteers Yet to Arrive—Khaki Bicycles Issued to Each Unit For Despatch-Bearing.

The 45th Regiment overseas volunteers are expected to come down from Lindsay where they have been drilling about a week.

In the 28th Battalion are a company of men and three officers who will go overseas shortly as reinforcements for the Princess Patricia. Lieut. F. Smythe, Kingston, is one of the officers chosen for this company.

At present the 26th Battery have twenty-three horses and this is the only lot in the 7th Brigade. Five guns are in use for instruction purposes but these are of very little use except for section gun drill.

The Harris Abattoir Company, Toronto, has received the contract for all the groceries for Barriefield Camp. Some local dealers think that they should have been given the preference.

The 28th and 59th Battalions engaged in foot-drill only so far, although more advance work will be commenced immediately.

NO REGARD FOR LIFE

GERMANS SENT ON AFTER RANKS WERE SHATTERED

Mowed Down Like Grass—British Show Great Pluck in Holding Trenches Against Artillery.

North of France, May 28.—Such incredible tenacity and disregard of waste of life are being displayed by the Germans in their furious attack northwards of Ypres that the execution done by the British artillery fire upon La Bassée and the Germans' second line near that place, and the progress made by the French north of Arras toward the front are merely subordinate interests.

Terminal Yards and Big Timber Stretch Burned

The Pas, Man., May 28.—Ten thousand dollars' worth of railway ties and a dozen dwellings were destroyed by a bush fire on Wednesday.

The Hudson Bay Railway terminal yards were completely destroyed. The fire raged through a space of timber five miles wide on the edge of the town, and threatened destruction to the place.

Gananoque

May 28.—The remains of the late Margaret O'Connor, wife of Michael O'Connor, Charles street, who passed away in Kingston at the home of her daughter, Mrs. J. Jaquith, on Tuesday after an illness of some duration, arrived here on Wednesday morning to St. John's Church where requiem mass was sung by Rev. J. P. Kehoe, and the remains laid to rest in the Roman Catholic burying ground.

Quarterly meeting services opened in the Free Methodist Church last evening, with District Elder Reynolds in charge. A number of the ministers of the district are in attendance. The services will be continued on Friday and Saturday evenings and throughout Sunday.

Mr. and Mrs. J. Jaquith, Kingston, spending the past two days in town, returned home yesterday.

Miss Ruth Williams, Napanee, spent a short time this week with her mother, Mrs. Clara Williams, John street.

Mr. and Mrs. Alfred Baker received word from their son, Alfred Baker at the front with the First Overseas Contingent, that he had been wounded in action.

Mrs. Freeman Cowan is in Belleville attending the annual session of the Anglican Women's Auxiliary.

Mrs. Dr. R. A. Kinlock and daughter, Springfield, Mass., are spending the week with the former's father, James Calbeck, Arthur street.

THE COMPENSATION LAW

Inhabitants of Invaded French Districts Far From Satisfaction

Paris, May 28.—The proposed law for compensation to inhabitants of the invaded districts has aroused widespread criticism. It is complained that, instead of offering real compensation to the injured parties, the state imposes vexatious restrictions, establishes an unfair system of discrimination and introduces political factors in the settlement of afterwards.

The provisions which are considered most unfair are: First, that the money granted be used to re-establish the injured business or industry regardless of changed circumstances or the fact that those who previously directed it are now dead; second, that mines, quarries, and similar undertakings be placed in the same category regarding compensation with public or municipal property; third, that valuation boards from which no appeal is allowed be appointed to settle the amount of compensation.

It is asserted that such boards, having each a representative of the Minister of the Interior, would be likely to have a strong political bias. It is this last provision that La Liberté, one of the most outspoken critics of the proposal, considers the most dangerous.

"We desire to call special attention to the monstrous nature of the clause instituting, without provision or appeal, valuation commissions on which agents of political parties are in a majority, so that special politics is the supreme distributor of countless millions."

The Journal des Debats is chiefly opposed to the clause compelling those who have suffered damage to re-establish their business. "This condition," it says, "is not only unjust, but it appears unrealizable in practice. Will the state force widows and orphans, under pain of a refusal of compensation, to resume the onerous duties of the business which has taken them? Furthermore, conditions may have been so changed that the previous business is impossible or another definitely preferable. Must the injured choose between declining compensation and resume the former business without hope of success?"

NO EXCUSE IF TORPEDOED.

Name and Nationality Painted Large

London, May 28.—A message to the Star from Liverpool says that the name and nationality of the Nebraska were painted in large letters on her sides. She was in water ballast.

The torpedoing of the Nebraska was a surprise to American officials here. All foreign vessels leaving Liverpool, recently have had their names and nationalities painted in large letters on their sides and have been large flags.

You would be very annoyed to know that the quality of your Salada had been reduced. Best will be assured that this will never happen. It is the determined policy of the Salada Tea Company that the high standard of Salada quality shall never be influenced by market conditions. When the cost increases the price must necessarily advance but the quality remains the same always.

London, May 28.—Haydn Horsey, manager of the Dominion Bank at London, has been notified that his son, Lieut. Clifton Horsey, of the 5th Royal Highlanders of Canada, who was wounded in the shoulder near Ypres, is now on his way to a base hospital in England.

Mr. Horsey has also received a letter from Gen. Alderson, who stated that the Canadians have indeed done splendidly. "I have never been so proud of anything in my life as I am of the honor I wear on my right arm," he writes, referring to the badge of the Canadian forces.

Lieut. Horsey, writing two days before he was wounded, said: "We have been under heavy shell fire for two days. The trenches are awful."
