PRZEMYSL CUT OFF BY THE TEUTONS

Fortress Won By Russians Is Reported Encircled.

MUSCOVITE LINE CUT

DEFENDERS BATTLE DESPERATELY ON GALICIAN SOIL.

Petrograd Still Hopeful—Expects Reinforcements Will be Able to Stem Onslaught—Turks Lose Heavily in Killed and Wounded.

London, May 28.—Amidst the activities on land and sea, in the air, from the Dardanelles to the waters around the British Isles, Middle Galicia remains the scene of the greatest and most important fighting.

There the Austrians and Germans continue to batter at the Russian lines to the north-east and south-east of Przemyśl, and, according to reports which have not been confirmed by official statements, they have severed communications between the former Austrian fortress and Lemberg.

If these reports are true, Przemyśl, which less than three months ago was taken by the Russians after a long siege, is again surrounded. It would appear, however, that while the Teutonic allies are pressing very hard on the fortress, they have not yet forged the circle, the completion of which is being stubbornly opposed by the Russians.

The Germans have forced another crossing on the San river eleven miles north of Przemyśl, and have extended by several miles the zone held by them east of the San. To the south-east they claim also to have broken the Russian lines and to have taken some important positions.

Despite all these claims, Petrograd announces with the greatest optimism and belief that the Russian reinforcements will be able to stem the Austro-German onslaught.

In the west the French and British report further advances, which are generally denied by the Germans. The latter, who themselves have made another air raid on Southampton, make no reference to the French statement that eighteen French armoured cars, set fire to a chemical works, which had been engaged in manufacturing operations for the German war office since the outbreak of the war.

The Allies report continued progress of their operations against the Turks on the Gallipoli peninsula. During the armistice which the Turks asked for they buried more than 5,000 dead, while the British gathered not fewer than 12,000 Turkish rifles—proof that the Turkish losses have been extremely heavy.

These losses were sustained in terrific counter attacks delivered against positions which the Allies had strongly fortified. The Turks came under the fire of the ships at the same time.

The repulse of these counter attacks and the carrying out of attacks by the Allies themselves have resulted in considerable losses on the Allied side, to which must now be added the losses sustained by the sinking of the battleships Triumph and Majestic.

The Italians continue their offensive on the Frontiers of Tyrol, the Trentino and Istria, and have taken a chain of important positions, but they have not yet come into contact with the main Austrian forces, which are waiting for them behind entrenchments.

War Tidings

The Germans are all ready to evacuate Brussels when retreat is ordered.

The Russian military observers consider Przemyśl at the present time quite safe, and think there is no reason to apprehend the envelopment and blockade of the fortress.

The French Canadians are making good soldiers. Reports from the front indicate that they have shown on active service the good qualities of the regular French and British troops with whom they are associated.

Early Thursday morning seven Taubes, flying high over the Canadian position, out of range of the guns, dropped dozen of bombs, which, before reaching the earth, exploded, sending out streams of burning liquid, which set fire to the brush, but missed the troops.

Drastic measures to prevent German spies operating in Italy are being taken by the police in all cities and towns. At Milan on Thursday a crowd mobbed a German-owned hotel, the Metropole, where suspicious lights had been seen. The police arrested one youth suspected of having placed the lights.

The Turks appear to be terrorized by the incessant renewal of the attacks. These indicate to them the absolute determination of the Allies to force the Straits. From time to time the British and French artillery throws a veritable hail of shells on the Turks.

Both the Austrian and Italian aviation services are active along the frontier. Many machines are at Venice to protect that city. The battle between the Italians and the Austrians now is raging around Ploken and also west of the Prædill pass in Austria.

BASEBALL ON SATURDAY.

Two Good Games Scheduled at the Cricket Field.

The Athletics are putting up a strong team for their game on Saturday against the Victorias. As mentioned in yesterday's Whig, D'Arcy Smith and "Jack" Tait, of the 26th Overseas Battery, will be on the line-up, and should materially strengthen this already strong team. The Victorias are using their team of veterans, who know baseball thoroughly, and a close contest is looked for.

The junior game is between the Park Nine and Regiopolis. The Juniors this year are putting up splendid exhibitions, and keeping their scores even closer than the seniors. A few years ago the public were not interested in the juniors, but this year there seems to be almost as large a number of spectators as at the senior games.

COLONEL GOES AS PRIVATE

Lieut.-Col. Bliss, Ottawa, Bound to Serve.

Smith's Falls News. The heavy casualty list among the Canadians at Langemarck is responsible for the decision of Lieut.-Col. Bliss, of Ottawa, to wait no longer for a command, but to offer his services to fill one gap at least, and at once he went to a recruiting officer and enlisted as a private.

This gives him the unique distinction of being at one and the same time a lieutenant-colonel in the Canadian retired list of officers and a full-fledged trooper in His Majesty's overseas forces, now leaving for the front, and Col. Bliss's sacrifice of his position in order to serve his country is one which will tend to inspire in others a deeper realization of the needs of the Empire and possibly influence others to follow the noble example he has set.

Col. Bliss was through the Boer war and served with distinction. He is a brother of Rev. C. Foster Bliss, rector of St. John's Church here.

GIVEN TWO MONTHS.

Soldier Found Guilty of Assaulting a Citizen.

Magistrate Farrell found Frank Dow, a member of the R. C. H. A., guilty of assaulting Edgerton F. Sears, in the Police Court on Friday morning and sentenced him to serve two months in jail.

Dow pleaded "not guilty" to the charge, stating that "he had never seen Sears until he came to the barracks and identified him. A black eye was evidence of the attack Dow made on Sears, and after hearing his story and taking the rest of the evidence the court found the accused guilty and sentenced him to serve two months. T. J. Rigney appeared for Sears.

The assault took place on Queen street near Bagot on Tuesday morning.

WAS GIVEN A SURPRISE.

Placed Under Arrest in Police Station.

George Weyman, aged thirty-five, called at the police station early on Friday afternoon, and after being there a very few minutes was very much surprised when Constable James Bateson served a warrant on him charging him with assaulting his half-sister. Weyman had an idea that a complaint was being made against him, but he did not know that his half-sister was going to have him arrested. However, while he was in the police station telling his story of the affair, the complainant was in the city clerk's office getting out the necessary document to place him in the cells.

The case will be aired in Police Court Saturday morning.

SAD STORY UNEARTHED.

Children's Aid Society After Three Children.

As a result of an investigation made by W. H. Wylie, acting for the Children's Aid Society, a case will come before Justice of the Peace George Hunter on Saturday in which an application will be made for the custody of three children, aged 11, 7 and 2 years, from a family in the county. It is stated that the father is serving time in the penitentiary and that the mother has deserted her children.
