**THE GENERAL ASSEMBLY PASSED WAR RESOLUTION**

On Motion of Principal Gordon and Dr. Herridge.

**ANGLICAN GREETINGS**

BROUGHT BY BISHOP BIDWELL AND DELEGATION.

The Question of Church Union To Be Taken Up On Saturday Morning — Foreign Mission Addresses To Be Given Friday Evening.

The Friday morning session of the General Assembly passed a resolution regarding the war, and received greetings from the Anglican body. Several other questions were dealt with, and the Book of Praise report was again considered, but the adjournment had arrived before it could be acted upon.

The resolution with regard to the war and the part Canada is taking in it was moved by Principal Gordon and seconded by Rev. Dr. Herridge. A part of it was as follows: "We appreciate the noble response already made by our Canadian people to contend against this aggression upon the sacred rights of nations. We urgently appeal to the members of the church and to all our fellow-citizens to count no service too difficult nor any sacrifice too great that may be necessary to secure final victory to our arms."

"Because we are fighting for righteousness and freedom," said Principal Gordon, "it is most fitting that an appeal should go out from this General Assembly to the people of this land telling them that no sacrifice or service is too great to bring this war to a close."

Dr. Herridge, in seconding the resolution, congratulated Principal Gordon in being honored by the King. Principal Gordon's two sons were in the war, and the speaker said his own two sons were there too.

"If I had known that this resolution was to have been presented this morning," said Dr. Herridge, "I would have put on my khaki suit, which I am entitled to wear. We have a right to be angry with our foe. Christ was angry with the desecrators of the Temple, and we have the right to be angry with the desecrators of the temple of humanity, and we have the right to fight our foe so that the light of liberty may not go out all around the world," said Dr. Herridge in conclusion.

Rev. James Taylor, Braside, in speaking to the resolution, said that he could not open his lips to ask men to rise up and destroy their fellow men.

The resolution was adopted with enthusiasm, the members of Assembly rising and singing "God Save the King."

**Anglican Greetings.**  
At noon the Assembly received a delegation from the Anglican Church, consisting of Bishop Bidwell, Dean Starr and Canon FitzGerald, who brought fraternal greetings. The Moderator gave the delegation a hearty welcome.

Canon FitzGerald, chaplain to the Bishop of Kingston, read to the Assembly an address of greeting and welcome to Kingston.

Bishop Bidwell tendered to the Moderator, who is his personal friend, his warmest congratulations upon his election to the highest position in the gift of the Presbyterian Church of Canada. His Lordship said he owed a great debt to the Presbyterian

**When You Wash Your Hair Don't Use Soap**

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle. The best thing to use is just plain unperfumed coconut oil, for this is pure and entirely greaseless. It's very cheap, and beats soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months. Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

**PRISONERS OF WAR ASKING FOR WORK**

The prisoners of war at Fort Henry have made application for work to be given them, as the enforced idleness has become a serious matter. Most of the prisoners were, before their arrest, engaged in strenuous work, and they are, therefore, not used to having so much spare time. The authorities have provided a workshop, but this does not answer the purpose, and from this there is not any income. It is understood that the request for work suggests that they be given such tasks as road-making or building, for which they would be paid the usual twenty-five cents a day.
