

THE SOLDIERS IN CAMP HAD A HALF HOLIDAY

Barriefield Heights Quite Deserted on Thursday.

CAPABLE ARMY COOKS ARE A NEED OF ALL THE MILITARY CAMPS.

And Special Schools May Be Started To Train Them—Fic. Thompson, 38th Battalion Is An Ordained Baptist Minister.

The camp at Barriefield was rather deserted on Thursday, particularly during the afternoon as it was made a half-holiday and the overseas volunteers had the liberty to come to the city. As has been the case almost daily since the camp opened a week ago the water claimed the largest numbers.

The attraction at the Exhibition Grounds brought some but not as great a number as expected.

The cheap railway rates brought large numbers to the city and some of these visitors went to Barriefield Camp. The relatives of the soldiers of course were with them the greater part of the day, but many strangers made an inspection of the camp.

There has been a great demand since the camp opened for qualified army cooks but suitable men can not be secured. There are numerous men in the ranks who have at some time or other worked at cooking on boats, in hotels and other places, but very few know how to prepare soldiers' meals in large quantities. The cooking to date has been excellent but qualified army cooks would be much more economical. There is a movement on foot not only in Kingston, but in other military camps, to have schools for army cooks started, and it is expected that such will have to happen in a very short time.

Pte. Thompson, 38th Battalion, in camp, is a graduate of McMaster University, and an ordained Baptist minister, who felt that it was his duty to enlist and go to the front for his country.

The 38th Battalion Band furnished some excellent band concerts on Thursday. In the afternoon for an hour it gave a patriotic concert in front of the Administration Building. In the evening it played at the Mess Dinner and later played at the Camp-fire.

All day Thursday men were gathering wood and brush from the camp and made a pile of their collections near the Y.M.C.O. tent. At dusk this was lighted and a huge bon-fire resulted which lighted up the sky for miles around. There were hundreds of visitors over from the city and with the band playing, fire works display and the huge camp-fire it was a night long to be remembered.

A number of officers of the camp were on leave over the holiday. Capt. Kennedy, 38th Battalion is in Ottawa on duty.

Capt. Blue, adjutant of the 8th C.M.R., is in Ottawa on business with the equitation examinations.

Major Brown, G.S.O., is in Ottawa on business in connection with the School of Musketry which opened there on Wednesday.

A provisional School of Infantry opens at the camp on June 14th.

A.P.S.I. for the officers and N.C.O.'s of the 38th Battalion opens to-day at the camp.

The guards of Barriefield Camp have strict orders against allowing visitors to go through the lines without passes. Visitors may see the camp splendidly from the streets but they must not go between the tents.

Major G. L. Starr, chaplain, is busy looking after the soldiers at the camp. He is very popular and

the boys think him generally a worthy chaplain.

There was no accidents in camp on Thursday.

Fifteen recruits arrived in the city on Thursday afternoon from Smith's Falls and were drafted into the Provisional Battalion.

Sixteen horses arrived in camp on Thursday for the officers of the 38th Battalion.

News At Teje De Pont Barracks. The reinforcements chosen to be sent overseas have not left yet but are waiting for orders. It is likely that these men with those from the Barriefield Camp leave for the front at the same time.

In an order published on Wednesday all married men of the permanent force were placed on the married establishment until after the close of the war. This will entitle every married artilleryman to \$39 a month, which is the same as the separation allowance made to soldiers' wives whose husbands are overseas.

Thursday was a holiday for the men of the R. C. H. A.

The Fourth Royal School of Artillery course closes on Saturday. This has been the largest course yet held but the officers and N. C. O.'s have proved of a very high standard and good results are expected.

Sergt. Hewt, "C" Battery, has the misfortune to be thrown from his horse at the corner of Place D'Arms and Wellington street on Wednesday and had his face very badly scratched.

On Wednesday evening the Sergeants of the R. C. H. A. Sergeants Mess gave a complimentary farewell smoker to the officers and N. C. O.'s who have been taking the course. The affair was one of the most successful yet held and was well-attended. During the evening Sergt-Major Inst. Temple was presented with a valuable pair of hair-brushes, and Q. M. S. Brown was presented with a valuable pipe as a token of appreciation on the part of the officers and N. C. O.'s of the good instruction that has been given during the course.

Sergt-Major S. Jordan, W. O., who is president of the mess and also instructor of the R. S. A. was presented with a pipe and an address of appreciation of the splendid treatment given the donors during their stay in the city.

Q. M. S. Brown, R. C. H. A., is in Toronto recruiting men to replace the fifty who are going overseas as draft.

Sergt. Schagel, 25th Battery, Ottawa, who is attending the R. S. A. fell down stairs at Teje de Pont Barracks and sustained a broken arm. He is progressing favorably and was able to be on parade on Friday morning.

His Son is Alive.

Canon R. S. Forneri informed the Whig on Friday morning that his son, Pte. David A. Forneri, had not been killed, as stated in one of the local papers. On Friday morning he received a telegram from the American Women's Hospital at Paignton, Devonshire, saying that his son had been discharged from the hospital there on furlough.

The Vatican.

The Vatican is the papal palace and derives its name from the hill on which it stands, the Mons Vaticanus, one of the seven hills of Rome. It is a collection of magnificent buildings, which occupy a space of 1,151 by 767 feet. The most ancient of the present structures dates from the time of Nicholas V., about 1447. The various popes from time to time added new buildings, in which are many works of art of a historical character.

The Sistine chapel, one of the Vatican edifices, contains Michelangelo's first marble piece in painting, "The Last Judgment." The Pauline chapel possesses Michelangelo's frescoes of "The Conversion of St. Paul" and "The Crucifixion of St. Peter."

The Effects of Ammonia.

The effects of ammonia upon the complexion are directly the opposite to that of arsenic. The first symptom of ammonia poisoning which appears among those who work in ammonia factories is a discoloration of the skin of the nose and the forehead. This gradually extends over the face until the complexion has a stained, blotched and unsightly appearance.

With people who take ammonia into their systems, the nose, as with their water or food, these striking symptoms do not appear so soon. The only effect of the poison that is visible for a time is a general unwholesomeness and sallowness of the complexion.—London Telegraph.

Scientific Borrowing.

Some time since a little girl who lived in a rural community appeared at the back door of a neighbor's house with a small basket in her hand.

"Mrs. Smith," said she, as the neighbor answered her timid knock, "mother wants to know if you won't please lend her a dozen eggs. She wants to put them under a hen."

"Put them under a hen?" was the wondering rejoinder of the neighbor. "I didn't know that you had a hen."

"We haven't," was the frank rejoinder of the little girl. "We are going to borrow the hen from Mrs. Brown."

All He Wanted to Know.

"Maria, I'm going to have Dr. Squillips treat me for my heart trouble."

"What do you know about Dr. Squillips, John?"

"All I know about him is that Mr. Gotsam recommended him to me."

"Who is Mr. Gotsam?"

"Mr. Gotsam is one of the stockholders of the life insurance company that is carrying a \$20,000 risk on my life."

Marjorie's Family.

Little Marjorie went to a children's party the other afternoon and was given a warm greeting by the hostess.

"Have you any brothers or sisters?" asked the lady of the house.

IS TO ORDAIN EIGHT

AT THE MONTREAL METHODIST CONFERENCE AT GANANOQUE.

Year Has Been Successful Despite Effects of the War — Many Delegates Are on Hand.

Gananogue, June 4.—There was a good attendance of delegates at the opening meeting of the ministerial conference of the Montreal Methodist Conference, Rev. Dr. Sparling, the president, occupied the chair. The business so far has been largely routine, the time being taken up in committee work, and the preparation of reports to be placed before the Conference.

Eight young men are to be received into full ministry in the church at this Conference, namely: Messrs. J. B. Moody, J. K. Matthews, G. W. Ogden, A. Hinto, W. P. Warnell, A. J. Shebrook, Walter E. Wright, and Garland H. Burton. A number of other names are being received on probation.

The annual lecture before the Theological Union was delivered by Rev. George A. McIntosh, B.A., H.D., of Sherbrooke, who took for his subject "The Life and Influence of Arminius." The auditorium was filled during the address.

This year's Conference has been favored with ideal weather. The large number of delegates already present has been constantly augmented by fresh arrivals. The pleasure and comfort of the visitors is being well looked after by Rev. Melvin Taylor, pastor of Grace Church, and his staff of laymen.

Wednesday's session was full of patriotic sentiment. Rev. Melvin Taylor, pastor of Grace Church, was chairman. A special committee composed of Rev. E. I. Hart, of Montreal, and Rev. Dr. Ross, was appointed to prepare and forward a loyal and congratulatory resolution to the King, through His Royal Highness the Governor-General.

A message was read by the chairman from Rev. Dr. Ryckman, expressing his regret at not being able to be present at this session of the Conference on account of the serious illness of his daughter. This is the first time the doctor has been absent from a Conference for the fifty-eight years he has been in the ministry.

The District of Mattawa wants the sale of cigarettes stopped in rural districts except by license, the same as is done in cities, towns and villages, and is asking the Conference, through the Laymen's Association, to memorialize the Ontario Government to pass legislation to this effect.

The President Chosen.

Gananogue, June 4.—The following officers were elected at to-day's session:

President, Rev. W. S. Jamieson, of George Street Church, Brockville; secretary, Rev. C. W. S. Coates, St. Johns, Que.; assistant secretary, Rev. George Stafford, Cardinal; statistical secretary, Joseph Pinel, Quebec; reporter for Christian Guardian, Rev. James Lawson.

A HEAVY LIST.

Canadians Are Named In Latest Casualty List.

Ottawa, Ont., June 4.—A list of casualties in the first Canadian division, just issued, contains 251 names of those killed or who died of wounds, wounded, missing and suffering from gas asphyxiation. Most of these casualties were apparently incurred between May 20th and 24th but some of them date back as far as a month.

Names of Canadian soldiers who have fallen at the front are being published by the Geographical Board of Canada. The forks and tributaries of various rivers are being renamed after dead soldiers.

Loss At Belleville, \$5,000.

Belleville, June 4.—About five thousand dollars' damage was done by fire which broke out in the rear of premises on Front street. The barn and storehouse of Thompson Bros. were destroyed, besides their contents, while the storage warehouse of the Dominion Bedding Company suffered loss of about \$500, on which there was but little insurance. Some damage was also caused to the machinery and building of Messrs. Huffman and Bunnell. The Fyffe estate owns the building occupied by the Dominion Bedding Company. The losses on the buildings were covered by insurance.

Girls Ran Away.

W. H. Wylie, inspector for the Children's Society, was called to Toronto on Friday to bring back to Kingston two fifteen-year-old girls who ran away and were rounded up as they got off the train in Toronto. It is alleged the girls took \$100 from their homes, and that this was also found in their possession.

Over fifty players were on Queen's Bowling lawn on Thursday, and many games were played. Forty of the players were divided into two sides and the President, W. H. Wormwith, skipped one side while the opposing skip was the Vice-President, J. M. Elliott. The tournament resulted in a win for the vice-president's side by ten points.

A friendly game between W. R. Sills' team and one chosen from the visiting ministers, skipped by Rev. Milne, Ottawa, resulted in a victory for Mr. Sills' team.

The first schedule games will be played on Monday next. The opposing skips for the first game will be H. D. Bibby vs. J. F. McMillan; J. W. Corbett vs. H. W. Newman.

Cures Biliousness Prevents Bright's Disease

The Certified Statement of One Who Has Proven the Efficiency of Dr. Chase's Kidney-Liver Pills.

Mr. Colin M. Kiel, Craighurst, Simcoe county, Ontario, writes: "My mother and I have both used Dr. Chase's Kidney-Liver Pills with great satisfaction. We find that there is nothing to equal them as a prompt cure for torpid liver, biliousness and indigestion. Some years ago my mother came near to death from kidney trouble and has to be careful in preventing Bright's disease. By using Dr. Chase's Kidney-Liver Pills occasionally she keeps the kidneys healthy and active. Another point favorable to Dr. Chase's Kidney-Liver Pills is that they do not grip and yet accomplish good results. You are at liberty to my letter."

This statement is endorsed by Mr. Marmaduke Caston, Justice of the Peace, who writes: "This is to certify that I am personally acquainted with Mr. Colin M. Kiel and believe his statement regarding Dr. Chase's Kidney-Liver Pills to be true and correct."

If you are interested in this case,

write to Mr. Kiel, enclosing stamp for reply, and he will reply by statement. We like to have people to do this for we are very careful to only use statements from responsible persons.

Should this case not be similar to yours, write to us for the statement of some one whose trouble was along the same lines. We have thousands of letters to choose from. Or better still, put the Kidney-Liver Pills to the test right away. They will only cost you a quarter and a box lasts for some time.

As a means of awakening the action of liver, kidneys and bowels and thereby curing biliousness, indigestion, backache and kidney troubles, Dr. Chase's Kidney-Liver Pills hold a unique position. By their combined action on these eliminating organs they prove effective in complicated ailments which defy ordinary treatment. One pill a dose, 25 cents a box, all dealers, or Edmondson, Bates & Company, Limited, Toronto.

What Dyspeptics Should Eat

A PHYSICIAN'S ADVICE

"Indigestion and practically all forms of stomach trouble are, nine times out of ten, due to acidity; therefore stomach sufferers should, whenever possible, avoid eating food that is acid in its nature, or which by chemical action in the stomach develops acidity. Unfortunately, such a rule eliminates most foods which are pleasant to the taste as well as those which are rich in blood, flesh and nerve building properties. This is the reason why dyspeptics and stomach sufferers are impatient with emaciated and lacking in that vital energy which can only come from a well-fed body. For the benefit of those sufferers who have been obliged to exclude from their diet all starchy, sweet or fatty food, and are trying to keep up a miserable existence on gluten products, I would suggest that you should try a meal of any food or foods which you may like, in moderate amount, taking immediately afterwards a teaspoonful of bisulphated magnesia in a little hot or cold water. This will neutralize any acid which may be present, or which may be formed, and instead of the usual feeling of uneasiness and fullness you will find that your food agrees with you stomach. This bisulphated magnesia is doubtless the best food corrective and antacid known. It has no direct action on the stomach, but by neutralizing the acidity of the food contents, it immediately removes the source of the acid irritation which induces the dyspeptic stomach lining. It does more than could be accomplished by any other medicine. As a physician, I believe in the use of medicine whenever necessary, but I must admit that I cannot see the sense of dosing an inflamed and irritated stomach with drugs instead of getting rid of the acid—the cause of all the trouble. Get a little bisulphated magnesia from your druggist, and what you want at your next meal, take some of the bisulphated magnesia as directed above, and see if I'm not right!"

French In the Invaded Strip May Stay at Home.

Paris, June 4.—The German Government has discontinued the practice of sending inhabitants of the invaded regions in Northern France into Southern France by way of Germany and Switzerland. The French Government protected to Germany that it was the duty of the occupant of invaded regions to assure the provisioning of the residents. The system of aid in vogue in Belgium, under control of neutrals, is now being extended to the French through the occupied departments of France.
