

CAME BY THOUSANDS

WAITING FOR THE PROPER TIME TO GET BUSY

Then Come An Order To Retire. Bo-lings Were Left Behind—A Nice Speech By The Brigadier-Gen-eral.

A letter from a member of the 5th Battalion, dated May 14th, reads in part as follows:

"When the Germans broke through on our left flank, we could see them coming towards us by the thousands. We had been waiting for them for nearly a week. We went into the trenches on Monday night, and it was Sunday night that our part of the fun began. For three days we were just 'standing to,' waiting, and with them shelling us and sending the 'gas' in our direction, it was hard on us. We could see our 8th Battalion (mostly from Winnipeg) on our left flank, all day Sunday fighting for their lives. About 7.30 that evening we had orders to retire and most of us had to leave our belongings behind. I managed to get all my letters out before that, but the Germans got my writing paper and many other useful things. But we gave them their share of it, when we retired to our second line of trenches. When we did drop

back we had to cross an open field, and to tell the truth, I don't know how any of us did it. The Germans had been firing at us all day with their machine guns and had that field under range. We were lucky, that's all. Though for a while we were surrounded in the fight we did not know it: On that old left flank they were calling to us in good English. 'Come over here.' 'Keep to the right.'—But it did not work. In fact, one Mr. German, who called it out did not last long, as one of our sergeants got over to him and gave him 7-303. That night we came back to reserve and had a good hot meal, which we surely did need, as all day Sunday we had nothing to eat at all and only a bite the day before. On Monday we were to it once again, and stayed with the game back and forward for nearly two weeks and a half. But, we are now back in billets 'at home in the hay' and are resting up, and drilling, heavy on the drill. We had a very nice speech by the Brigadier-General Curry, and also one by our great Gen. Alderson himself. He reads us cables from all over the world, praising the Canucks for their work; many from Canada. One of the nicest things was the way the General spoke of the ones who had gone. All hats were off, and I think a prayer went up from many to help their relatives at home. What do you think of them sink-

Hot Time In Action.

A letter from Driver Ross Harker, son of his mother, Mrs. W. B. O'Neill, 68 Bay street, written on May 13th, says:

"We have been over in Belgium for a month. This is a nice little country, and it is a shame to think that the Germans are knocking down all the nice towns and villages that they can, and setting fire to them. They are using big 'Jack Johnsons' fire them at a distance back about ten miles. They also use high explosives to set fire to the towns. Anything they hit in the way of wood goes on fire. We just came out of action, three days ago, for a rest. Will be going in action again in a few days; the last time we were in action for three weeks. It was a little hot at times. You could hear the little 'Whistling Willies' as we call them (Jack Johnsons) a mile. When they get up to you they make a buzzing sound, and the others make a humming kind of a noise. We have had a few casualties, two killed and seven wounded. One of the killed is from Kingston. The rest of the battery is fine and so are the officers. Robert Mann is in Kingston, is looking fine and hearty though. I am writing this letter in my 'biryack' which is two stakes driven in the ground, and two blankets for a roof and rubber sheets and blankets to lie on. It is warm in the way all right. Well I will sign that way all right. Well I will sign that it is getting dark and there is no electric lights out here. Good-bye mother for now."

BIG SHOW NEXT WEEK

FINE EXHIBITION TO BE HELD AT CRICKET FIELD

Trained Dog, Pony and Monkey Circus a Special Feature—Good Clean, Wholesome Amusement is Motto of the Management.

The local committee was fortunate in securing the E. T. Pierson's Canadian Shows for the Carnival all next week under the auspices of 14th Regiment Band, and you can rest assured that you will witness one of the cleanest and biggest shows on the road. The organization is strictly Canadian throughout. They feature the big "Made in Canada" exhibit, and the attractions are numerous and pleasing to both young and old, the features new and well worth a visit. The trained dog, pony and monkey circus is only one of the many features of the show, an entertainment for the little folks and it pleases the older ones well, too. Nothing so delights the juvenile mind as a performance rendered by dogs, ponies and monkeys. This is the finest exhibition of this character that has ever toured the American continent. It may not be the largest, but the management and they live up to the motto as you can readily see by paying the show a visit when they come here all next week.

Eczema Was Cured Twelve Years Ago. Dr. Chase's Ointment Proved to be a Permanent Cure. The old idea of eczema being a disease of the blood has been pretty well exploded by the record of cures made by Dr. Chase's Ointment. Some doctors still advise internal treatment, but the results are at w and uncertain, and too often a lamentable failure. WITH Dr. Chase's Ointment it is different. You apply this ointment to the sore part. It cleanses the sores and soon sets up the healing process. In a few days you can see with your own eyes the wonderful change that is taking place and are encouraged to keep up the treatment until the cure is complete and the sores replaced by smooth, natural skin. It is wise to look after your general health, keep the bowels regular and the blood rich, but you can depend on Dr. Chase's Ointment to cure the eczema if you will do your part and apply it regularly. Mr. W. H. Roberts, Charlotte-town, P. E. I., writes: "I can recom-mend Dr. Chase's Ointment to any-one suffering from itching skin dis-

ease. I had eczema on my leg and suffered terribly from the itching. I had a doctor treat me for four months without relief, and I was getting worse all the time. A second doctor gave some relief for a time, but made no cure. I tried several advertising treatments, but without relief until I used Dr. Chase's Ointment. This ointment cured me in a month. That was twelve years ago, and I have never had a sign of the old trouble since. Since then we have always kept Dr. Chase's Ointment in the house, and find it invaluable for chafing, chilblains, insect stings and burns. I would not be without it if it cost \$5 a box."
