Cured Both Stomach Trouble and Headaches

PALMERSTON, ONT., JUNE 20th. 1913. "I really believe that I owe my life to "Pruit-a-tives". Ever since childhood, I have been under the care of physicians and have been paying doctor's bills. I was so sick and worn out that people on the street often asked me if I thought I could get along without help. The same old Stomach Trouble and distressing Headaches nearly drove me wild. Sometime ago, I got a box of "Fruita tives" and the first box did me good. My husband was delighted and advised a continuation of their use.

Today, I am feeling fine, and a physician meeting me on the street, noticed my improved appearance and asked the reason. I replied, "I am taking Fruit-a-tives". He said, "Well, if Fruit-a-tives are making you look so well go ahead and take them. They are doing more for you than I can". MRS. H. S. WILLIAMS.

"Pruit-a-tives" are sold by all dealers at 50c, a box. 6 for \$2.50, trial size 25c. or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

A Million Corns

Went Last Month

Last month, a million corns were ended in this easy, simple way. And every month a million more go like them.

To each corn was applied a little Blue-jay plaster. In every case the corn pain ended there.

Then the wax in the plaster—
the B&B wax—gently freed the corn. In 48 hours nearly every corn came out, without any pain or soreness. A few stubborn corns required another plaster.

That's the story of some seventy million corns ended by this invention. It will be the story of your corns in 48 hours if you treat them in this scientific way. Your friends will testify to that.

If you don't do this, in all ity, those corns will stay
