WORK OF THE SOLDIERS IS HIGHLY SATISFACTORY

A "Camp Alarm Post" To Be Established. NO LIQUOR WAS FOUND IN THE CANTENS AFTER AN INSPECTION.

Twins Born to A Sergeant Of the 38th Battalion, and His Wife Sent Word For Him To Come Home And See Them.

The work of the soldiers is highly satisfactory to the officers and instructors, and the good effects of the camp life are already being seen. The camp population is like a big family. Every man takes a pride in his platoon or section in the battalion and the opinion held of the camp by the outside world. It is this pride in the work that has been the means of such a great improvement in the work of the men. The soldier realizes that the sooner he is well drilled and thoroughly capable of doing the work, the sooner he will get to the front.

In the mind of every man in Barrieffield Camp is the firm conviction that until enough Canadians go to the front the war cannot possibly end in favor of Britain and her Allies. This may be a conceited opinion but it is the proper spirit. For this reason, the man who throws up a good position and puts on a uniform ready and willing to go to the front to fight for his King and country, knows that he cannot be a soldier unless he is properly trained. The result of his feeling has made the soldiers camped at Barrieffield what they are to-day.

A "Camp Alarm Post" will be placed in a central position. With this it will be possible to call out every soldier in the camp on short notice. In the elaborate schemes which are to be worked out this alarm post will be the means of signalling to the different units that they are required of the parade grounds immediately.

Lieuts. W. E. Dexter and E. G. Fosbery, G.G.P.G., are attached to the 33rd Battalion for instruction and duty.

An officer of the camp made an inspection of the civilian canteens along the road. Each place was thrown open for inspection at the officer's request and in no case was the object of the surprise visit (liquor) found on any of the premises. This is not a surprise, as the owners know very well that their canteens would immediately be put out-of-bounds should the officers have reason to suppose that liquor was being sold.

At 3 o'clock on Wednesday afternoon, 330 members of the 45th Regiment, Lindsay, arrived at camp and immediately went to their quarters. The men will have to be outfitted. They have been absorbed into the Base Battalion, and Lieut.-Col. Fee, who is colonel of 45th, is quite proud of this company.

The 7th Artillery Brigade, considering the training received, is one of the best artillery units in the Dominion. This brigade has only been organized since February, and retrained recruits last week. Nevertheless, both men and horses are progressing rapidly. Thursday both the 25th and 26th Batteries were engaged in driving drill.

Capt. McGrath, adjutant to Col. Stewart, brigadier, arrived in camp on Wednesday from Lethbridge. He immediately took over his duties.

Major F. H. Honeywell, 8th C. M. R., is in Ottawa.

Pte. Gannon, Base Battalion, was removed to the Kingston General Hospital on Wednesday with a severely sprained elbow.

A sergeant in the 38th Battalion received the following brief telegram on Wednesday afternoon: "Come home; twins, Grace."

Lance-Corporal Underwood, 8th C. M. R., is in Kingston General Hospital, suffering with mumps.

Pte. Beaupre, 38th Battalion, while jumping over a blanket on Wednesday, had the misfortune to fall and fracture his arm.

Pte. Johnston, C. A. S. C., who was in hospital with a sprained ankle, is back on duty.

Lt.-Col. Ross, O.C. Canadian Postal Corps, is expected in camp on Thursday from Ottawa, on business in connection with the mail service, which

is proving highly satisfactory, but some details that need attention.

The transport horses of the C. A. S. C. were given exercise on Wednesday by Lieut. Dewey.

The C. A. S. C. will give an entertainment in the Militia Y. M. C. A. tent on Thursday evening.

It is known that the company which has been chosen from the 38th Battalion as reinforcements will leave in a very short time.

Eight cases were handled at the Detention Hospital on Wednesday, beside a number of dressings.

Probs: Moderate winds fair and cool. Friday showery.

EMPEROR IN HIS DOTAGE. Spends Time Playing Childishly With Decorations. Paris, June 10.—The Austrian Emperor has fallen into his dotage, and is playing childishly with decorations, according to the "neutral correspondent" of the Petit Parisien, who has just returned from Vienna. The correspondent says the Emperor was standing the war strain well until a recent visit to a hospital. Then he talked with a major who was formerly his attaché, and offered to grant him any request, expecting to be asked for a decoration. The officer replied: "I request you to order me to be shot immediately." The shock of this request affected the Emperor's brain, it is asserted.

DO YOU SUFFER FROM BACKACHE? When your kidneys are weak and torpid they do not properly perform their functions; your back aches and you do not feel like doing much of anything. You are likely to be dependent and to borrow trouble, just as if you hadn't enough already. Don't be a victim any longer. The old reliable medicine, Hood's Sarsaparil, gives strength and tone to the kidneys and builds up the whole system. Get it today.
